---	---	---

#### Notes:

- These courses require additional time outside of class for seeing clients, clinical supervision, and clinical documentation. Students may not begin seeking an internship site until Practicum instructors give them permission, which will occur in the spring Practicum class.
- 6 Credit Hours of Supervised Internship are required, where 100 hours of on-site internship time = 1 Credit Hour.
- EDRE 5530 – Introduction to Research is offered most semesters, online and in person, and may be taken any time during the second year.
