Audiology Internship

Credits: 1 per semester  
Prerequisite: SPPA 4340 and permission of the instructor  
Intended Audience: Senior level Communication Disorders majors  
Grading: S/U (S=grade of C or better)  
Meeting Time/Schedule: TBA between student and instructor – full afternoon availability is required (12:45 to 4:30)

Purpose: The purpose of this internship is to further the student’s experience in an Audiology Clinic prior to their acceptance into an Audiology graduate program.

Description: The student will do a variety of activities in the Audiology Clinic, under the supervision of the instructors, to include: observation, immittance testing, pure tone audiometry, speech audiometry, report writing, hearing aid repairs and hearing aid programming.

Objectives: To gain beginning clinical skills.

General Requirements  
Requirements/Assignments: The general requirement is four hours of work per week. The specific requirements/assignments will be dependent on the clinic schedule, and will be crafted according to the schedule.

Two students per semester will be selected.

Eligibility Requirements:

- Communication Disorders Major with a GPA of 3.0 or greater  
- Audiology (SPPA 4340) prerequisite. Applicants concurrently enrolled may be considered.

Application Instructions:

1. Write a one page letter (double spaced) and include the following information:

   1. your name, class rank  
   2. describe relevant leadership, internship and/or service activities  
   3. professional interests/career plans

2. Attach an unofficial, current transcript

Deadline: March 15 for fall internship / October 15 for spring internship.  
Applications can be submitted on paper or electronically to Teresa Garcia, HS269 or tgarcia@uwyo.edu.
