Dear Graduates, Family, and Friends:

Welcome to the University of Wyoming Spring 2017 commencement ceremonies. I offer my sincere congratulations to our spring graduates!

Graduates, you have worked hard, dedicating your life these past few years to achieving a college degree. As a college graduate, doors will open. You will have opportunities to advance in your chosen career, and to assume leadership roles in your career and community. I hope you find unparalleled value in an education from the University of Wyoming, and that you cherish the friendships and memories developed over these years.

You also know how important the support of your family and friends has been in achieving your college goal. Please take a moment today to thank those who have supported you most. And to those who have supported a graduate, thank you for your love, encouragement, belief in your graduate's abilities, and (perhaps) financial or other contributions.

All of you deserve commendation for the achievements we commemorate today.

Graduates, today is the starting point for the next step in your life. I am confident that the knowledge and experiences you have gained at the University of Wyoming will carry you far, no matter what path you choose. I encourage you to continue learning, and to find ways to apply what you have learned for the benefit of others.

And remember, you will always be a Cowboy or Cowgirl. Please stay in touch with us and come back often.

Again, congratulations! We are proud of you.

Laurie S. Nichols
President

WYOMING TERRITORIAL SEAL

The University of Wyoming provides a transitional chapter in the history of the central Rocky Mountain frontier. In 1886, when the university was founded, the Wyoming Territory was nearly two decades old. The territorial seal is reproduced in beautiful stained glass above the west door of Old Main, the first campus building.

In the upper half of the seal, a railroad train is set against the mountains. In the lower left, a plow, a pick, a shovel, and a shepherd's crook are depicted. An arm upholds a sword in the lower right. Above the Norman shield appears the inscription *Cedant Arma Togae* (let arms yield to the gown).

In 1890, when Wyoming became a state, the official state seal was adopted. Historically, the university seal bridges the territory and the state. It symbolizes educational excellence and complements the growth of the state it serves.

ALMA MATER

Where the western lights' long shadows
Over boundless prairies fling
And the mountain winds are vocal
With thy dear name, Wyoming.
There it is the Brown and Yellow
Floats in loving loyalty,
And the College throws its portals
Open wide to all men free.

REFRAIN

And so our songs we bring,
Our Alma Mater sing,
To her our hearts shall cling,
Shall cling forever more.

Yonder we can see it standing,
Circled by the purple hills,
While the flaming fire of sunset
Every western window fills;
'Tis the College! Ah, we know it!
Shrine of many joys and tears,
And the rays that light upon it
Are prophetic of its years.

By June Etta Downey

UW Professor of English and Philosophy (1905)

*First woman in the United States
to head an academic department (1915)*

RAGTIME COWBOY JOE

He always sings raggy music to his cattle as he swings
Back and forward in his saddle on a horse
(pretty good horse!)
He's a syncopated gaiter
And you out to hear the meter to the roar of his repeater
How they run (yes run!)
When they hear him come,
because the western folks all know,
He's a high fallutin', rootin' tootin'
Son of a gun from old Wyoming
Ragtime Cowboy, (talk about your cowboy),
Ragtime Cowboy Joe.

FIGHT, WYOMING, FIGHT

Come on, Cowboys, gold and brown!
Show them how, boys, hold them down!
Start right now, boys, don't delay,
Break away, win today.
Take that ball, and one, two, three!
Carry on triumphantly—Come on and fight!
Fight! Fight, you Cowboys, fight!
Come on and fight to victory!

ACADEMIC REGALIA

Academic regalia originated in the oldest European universities. Many of these institutions continue to show great diversity in their academic dress. In contrast, American colleges and universities adopted a uniform dress code with the following descriptions:

Processional—Doctoral and master's degree candidates precede bachelor's candidates. Marching order of the faculty is according to academic rank and tenure.

Mace—Borne in UW processions by the marshal, the mace is symbolic of the president's leadership and authority. The short, club-like staff of gleaming metal originated in medieval England. High-ranking officials were accompanied by bodyguards who held the formidable weapon ready to protect the dignitary. The UW mace is crowned with a cap of flames, signifying knowledge and enlightenment.

Gowns—The gown for the bachelor's degree is worn closed; it has pointed sleeves. The gown for the master's degree may be worn open or closed; it has oblong sleeves with an arc cut away in front. Neither is trimmed. The gown for the doctoral degree is faced down the front with velvet, with three bars of the same fabric circling the sleeves. This gown may be trimmed in black or a color to indicate the academic subject, such as dark blue for philosophy and light blue for education.

Hoods—It is customary in most institutions to dispense with the hood for bachelor's degrees. UW hoods the master's and doctoral candidates as part of the ceremony. Candidates for the professional diploma wear their master's hood. The hood is always black. The master's hood

is three and one-half feet long. The doctoral hood is four feet long with side panels. Hoods are lined with the official color(s) of the college or university conferring the degree. The edge of the hood is velvet, and the color of the fabric indicates the degree subject.

Caps—Commonly known as mortarboards, caps are black and the tassels may be black or a color that corresponds with the subject area. The doctoral tassel is gold. Generally the tassel is worn on the right front side of the mortarboard before the degree is conferred and transferred to the left afterward.

Colors—For all academic purposes, including tassels of caps, trimmings of doctoral gowns, and edging of hoods, colors are associated with subject areas. The following colors designate UW's colleges and schools:

- Agriculture and Natural Resources—
yellow or maize
- Arts and Sciences—white
- Business—sapphire blue
- Education—light blue
- Engineering and Applied Science—orange
- Honors Program—gold stoles
- Health Sciences—green
- Law—purple
- Ph.D.—dark blue
- Ed.D.—light blue
- Energy Resources—golden yellow
- Environment and Natural Resources—
bright green

Professional diploma and master's degree, according to subject field.

Peter H. Hassrick

Director emeritus and senior scholar at the Buffalo Bill Center of the West in Cody, and director emeritus of the Petrie Institute of Western American Art at the Denver Art Museum, Peter H. Hassrick is a writer and independent American art scholar who focuses on the West. Additionally, he was founding director emeritus of the Charles M. standing as a leading authority in the world of art of the American West. He has authored countless books and articles and written extensively on western American Art and artists. Long considered an authority on western artist Frederic Remington, his pioneering study of the artist led to the first major Remington exhibition, “Frederic Remington: the Masterworks,” which was featured at New York’s Metropolitan Museum of Art and later in St. Louis and Houston museums.

Raised in Denver, Hassrick earned a bachelor’s degree in history from the University of Colorado and master’s in art history from the University of Denver. He has “elevated the study of art of the American West during his distinguished career,” according to one nominator who has worked with Hassrick for years. A second nominator shared, “There is no one who has done more to make the art of the American West more widely respected and who has in particular made Wyoming’s art resources more universally known. ... No person has done more to bring the study of the West into the mainstream of American studies.”

Hassrick’s accomplishments in the field of American Art as a scholar, author, and lecturer have led to his

Over the years, Hassrick has brought his expertise to many associations, councils and boards. He was a board member and chairman for the Yellowstone Park Association and the Wyoming Art Council, acted as chairman of the board for Museums West, was the founding chairman of the Park County Arts Council, and served as a board member for the Wyoming Humanities Council and the Yellowstone Art Trust. He received the Wyoming Governor’s Arts Award in 1989 and the National Cowboy & Western Heritage Museum’s Western Heritage Wrangler Award for excellence in art history in 1985, 1996, 2006, and 2016.

For all of your contributions, Peter Hassrick, the University of Wyoming is honored to bestow upon you the degree of Doctor of Letters, *honoris causa*.
