ASSESSMENT

- Required Video (1 pt)
- Required Activity (1 pt)

If selected as a focus area, must complete 23 additional points to achieve a bronze badge

ECTL CERTIFICATE & BADGE PROGRAM

THE CERTIFICATION

This self-directed certification and badge program allows participants to choose their preferred tracks towards certification and/or badges.

Participants interested in completing the entire Teaching and Learning (T&L) certification must complete the Program Core (25 pts) plus an additional 75 points in at least three areas of their choosing (i.e. badges). All participants must watch an information video about each area and complete a required initial activity before beginning additional activities in each area.

T&L Certification: Core (25 pts) + 3 bronze badges (25 pts+ per badge) or equivalent points = 100 pts

Participants have up to three years to complete the T&L Certification.

BADGES

Badges can also be earned within individual concentrations without completing the entire T&L Certification.

Bronze Badge = 25 pts Silver Badge = 50 pts Gold Badge = 75 pts

POINTS

Points are earned by writing short reflections in WyoLearn (approximately 1 paragraph per point). 1 point is approximately 1 hour of time.
