Instructions for AG 2024

TO USE DESKTOP

- Turn on the Projector
- Set the PROJECTOR to INPUT 1 (press the Input button on the remote ‘till Input 1 is on display)
- The projector should now be showing the desktop.
- **For Audio**: Press the CD button in the upper right corner of the RECEIVER, located inside the podium
- Adjust the volume level accordingly from the receiver

TO USE DVD/VCR

- Set the PROJECTOR to Input 3 (press Input button on the projector remote ‘till Input 3 is on display)
- Turn on the DVD/VCR, if not already on, and insert DVD/VHS and play
- System should be showing video
- **For Audio**: Press the Video 1 button in the upper right corner of the RECEIVER, located inside the podium
- Adjust the volume level accordingly from the receiver

If **SOUND** is not working:

- Make sure that the volume on the receiver is set to a reasonable level.
- Double click on the SOUND icon on the lower right hand side of the screen (on the toolbar).
- On the Volume Control screen that appears **uncheck** all of the Mute boxes
- Make sure all of the volume slides are at the top.
- Make sure the receiver is set to the right setting as stated in the directions above.
