Instructions for AG 4021

TO START THE SYSTEM: Power on the projector by pressing the power button on the upper left hand corner of the remote.

TO USE DESKTOP

- Set the projector to COMPUTER 2 by pressing the COMPUTER button on the right side of the remote.
- The computer image should be shown on the screen.
- For Audio - Set the RECEIVER, located inside the podium, to SA CD/CD by turning the INPUT SELECTOR knob (the smaller of the two knobs on the right side of the receiver).
- Adjust the volume level accordingly from the receiver

TO USE DVD/VCR

- Turn on the DVD AND the VCR player located behind the podium doors.
- Set the projector to VIDEO 3 by pressing the VIDEO button on the right hand side of the remote.
- Insert DVD/VHS and play.
- The DVD/VHS should be shown on the screen.
- For Audio - Set the RECEIVER, located inside the podium, to DVD for the DVD or VIDEO 2 for VHS by turning the INPUT SELECTOR knob (the smaller of the two knobs on the right side of the receiver).
- Adjust the volume level accordingly from the receiver

TO USE LAPTOP

- Set the projector to COMPUTER 2 by pressing the COMPUTER button on the right side of the remote.
- Connect the VGA cable on top of the podium to the Laptop.
- For Audio - Set the RECEIVER, located inside the podium, to MD/TAPE by turning the INPUT SELECTOR knob (the smaller of the two knobs on the right side of the receiver).

HOWTO: Setup your Laptop to output VGA.
- Locate your FN key, this is your Function Key.
- Locate your toggle output key, it is usually on one of your F1, F2, F3..etc keys. It likely will have the image of either a small screen overlapping another or of what looks like a monitor.
- While holding down the FN key, SLOWLY press the Toggle output Key.
- Adjust the volume level accordingly from the receiver

SOUND:

- Make sure that the volume on the receiver is set to a reasonable level.
- Make sure the receiver is set to the right setting as stated in the directions above.
- Double click on the SOUND icon on the lower right hand side of the screen (on the toolbar).
- Make sure all of the volume slides are at the top.

IMAGE:

- If there is no image appearing on the screen make sure the audio selection on the receiver is set to the proper setting.
