Instructions for AG 41

TO USE DESKTOP

- Turn on the Projector
- Set the PROJECTOR to INPUT 1 (press the Input button on the remote 'till Input 1 is on display)
- The projector should now be showing the desktop.

TO USE DVD/VCR

- Set the PROJECTOR to Input 3 (press Input button on the projector remote 'till Input 3 is on display)
- Turn on the DVD/VCR, if not already on, and insert DVD/VHS and play
- System should be showing video

TO USE LAPTOP

- Set the PROJECTOR to INPUT 1 (press the Input button on the remote 'till Input 1 is on display)
- Connect the VGA cable on top of the podium to the Laptop
- Your laptop should now be shown on the projector.

HOWTO: Setup your Laptop to output VGA.
- Locate your FN key, this is your Function Key.
- Locate your toggle output key, it is usually on one of your F1, F2, F3..etc keys. It likely will have the image of either a small screen overlapping another or of what looks like a monitor.
- While holding down the FN key, SLOWLY press the Toggle output Key.

If SOUND is not working:

- Make sure that the volume on the projector is set to a reasonable level.
- Double click on the SOUND icon on the lower right hand side of the screen (on the toolbar).
- On the Volume Control screen that appears uncheck all of the Mute boxes
- Make sure all of the volume slides are at the top.
