

Additional Search Committee Information Sessions

The Office of Diversity, Equity, and Inclusion is pleased to release an updated resource to assist search committees in faculty/academic and administrative professional searches. [Conducting a Fair and Equitable Search: Best Practices](#) is now available. This resource provides information, resource links, and guidance for search committees including ways to prepare your area for diverse recruitment, effective and fair methods for evaluating candidates, information on implicit bias and evaluator error, and ways to welcome new diverse faculty and staff.

The handbook can be found on the [website for the Office of Diversity, Equity and Inclusion](#) along with other information regarding the search process.
