

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING
APPROVED LISTING OF MATH/SCIENCE/TECHNICAL ELECTIVES
Spring 2017

NOTE: Electives are governed by the approved list in effect at the time a course is taken. Students should check the current list before enrolling in a course to confirm that the course is an approved elective.

ABET requires a minimum of 32 hours of a combination of college level mathematics and basic sciences (some with experimental experience) appropriate to the discipline. Basic sciences are defined as biological, chemical, and physical sciences.

ECE technical electives are defined as any course in Engineering (including ES courses), Computer Science, or any Math, Physics, or Stat courses on this list.
