1. PURPOSE.

To establish the procedures for change of registration.

2. GENERAL INFORMATION.

After completing an initial registration, the student's academic record will be continued to reflect the assignment of a grade by the instructor of classes in which enrolled in accordance with applicable grading standards. If the student decides not to pursue the classes (including specific class sections) for which initially registered, in whole or in part, the student should effect a change in registration in accordance with this regulation. Failure to do so will result in the recording of a failing grade at the end of the academic term for those classes in which the student remains officially enrolled but did not attend or complete course requirements. Such a failing grade will remain as a part of the student's academic record. Students may effect a change of registration in the manner and within the time periods hereafter provided. After expiration of the withdrawal period, students are deemed to have assumed an obligation to complete course requirements and they are subject to a letter grade other than "W" for their course work.

3. INITIAL REGISTRATION.

All students are expected to register each regular academic term during those days established by the academic calendar for the completion of registration procedures prior to the beginning of classes. Special courses taught during other duly approved periods of time shall have announced registration periods as determined by the Registrar. Initial registrations after the beginning of classes will be accepted in accordance with published and established periods of time, but such registrations may be subject to such special conditions or assessment of late fees as may be directed.

4. CHANGE OF REGISTRATION.

A change of registration may not be initiated until after expiration of the initial registration period. Thereafter changes may be made by a student by either adding classes to those for which the student initially registered and by dropping classes from the initial registration, or a combination of both. A change of section, or "S-U" grading option, in the same course requires that a change of registration be processed. Classes that are "dropped" in accordance with this regulation will be removed from the student's initial registration and no record of any kind will be retained.

A. Adding a Class.

A student may add classes during the first ten (10) six (6) days of scheduled University classes of the fall and spring semesters. However, block courses
currently in session may be added only during the first five (5) days of classes for the University in the semester.

After the Add a Class period, a student may add a class only if the student has obtained written approval from her/his advisor and written approval from the instructor of the course.

B. Dropping a Class.

A student may drop classes only during the first eight (8) fifteen (15) -days of scheduled University classes of the fall and spring semesters. However, block courses currently in session may be dropped only during the first four (4) days of classes for the University in the semester.

C. Changes in Summer or Other Special Terms.

The period of time for adding or dropping classes during the summer term, block classes beginning in mid-semester, or classes whose duration does not coincide with a regular or summer term shall be established by the Registrar, subject to approval by the Provost.

5. WITHDRAWAL FROM A CLASS.

A student enrolled in a full semester course may withdraw with a grade of "W" between the end of the drop period and ten (10) fifteen (15) days of classes for the University after mid-semester. A student enrolled in a block course may withdraw with a grade of "W" between the end of the drop period and five (5) days of classes for the University after the middle of the block course.

After the withdrawal period, a student may withdraw from individual classes only if the student has suffered a severe medical, emotional, or personal problem which does directly impact the student's ability to fulfill course requirements. If the student initially obtains written approval from her/his advisor and if the student then obtains written approval from the instructor of the course, the student may withdraw with a grade of "W". The Dean of Students or designated staff personnel in that office may petition for a special class withdrawal in the name of the student who has been incapacitated or when such is appropriate to the overall academic retention of a student. No withdrawal shall be permitted during the last twenty-one (21) calendar days of the semester.

6. WITHDRAWAL FROM THE UNIVERSITY OF WYOMING.

A student who has initially registered may terminate enrollment in the University if formal procedures are completed prior to the last fifteen (15) calendar days of a regular semester. The Registrar will indicate on the student's transcript record the fact that the student has withdrawn from all of his/her classes and will include the date for withdrawal from the University.
7. LIMITS ON COURSE ENROLLMENT.

A student is limited to a maximum of three (3) attempts in any course at the University of Wyoming. An "attempt" includes any instance in which the student earns a grade for the course or withdraws from the course. The three-attempt limit does not apply to courses identified in the General or Graduate Bulletin as being appropriate for students to take multiple times. A student can petition for exceptions to this limitation through established university procedures.

8. ADMINISTRATIVE PROCEDURES.

A. To initiate a change to an initial registration, the student must obtain the appropriate forms from the Registrar and complete the change of registration in accordance with directions provided by the Registrar. The student is responsible for assuring completion of forms and procedures, including the return of the change of registration to the Registrar prior to expiration of the period for changes. The Registrar will automatically assign the letter "W" for each class from which the student has completed a timely withdrawal.

B. No forms will be issued by the Registrar after expiration of the established period for the type of registration change sought by the student.

C. Students who wish to seek a withdrawal from a class after the withdrawal period because of reasons heretofore described must obtain the appropriate form from the Registrar's office for presentation to the student's advisor and instructor. Students who wish to terminate enrollment in the University, must report their intentions to the Dean of Students who shall take further action upon their request in accordance with this regulation or other University directives applicable to withdrawals from the University.

D. No special fees for a change of registration will be assessed students who have completed initial registration.
