

University Studies Program (USP) 2015 Requirements

All UW students must fulfill the following requirements in order to graduate. Most colleges and universities feature their own general studies requirements ensuring that students receive a well-rounded education. The University of Wyoming's University Studies Program courses help students experience quality education pertinent to "a lifetime of personal and professional growth: habits of the mind, practices of active citizenship, and development of intellectual skills."¹

✓ Fulfilled by Fall Bridge
