

## **Renaë Hageman**

Hometown:

Goodland, Kansas

Major (concurrent):

Environment and Natural Resources and Environment System Science

Why are you excited to be a Peer Mentor for First Gen Scholars?

I am excited to be a peer mentor because I really enjoy helping other people and passing on knowledge and experiences.

What is one piece of advice you would give to a first year, first generation student?

A piece of advice I would give to a first year and first generation student is to take advantage of the resources on campus because there are so many people on campus that want to help you succeed. I would also highly recommend getting involved on campus and off because it helps you meet new people and make a lot of lasting memories.
