

The course shell for STEP 1102: Step into College is organized by learning outcome and by weekly assignment in Canvas WyoCourses modules. Instructors are not restricted to following the calendar as it is set up in WyoCourses, but it has been organized in that way so that certain materials will be covered in multiple sessions in order to allow for depth of understanding and utilization of the tools. Below are screenshots of the modules by learning outcome and by weekly schedule. To access the modules, please contact the FYE Coordinator, Mollie Hand at mhand4@uwyo.edu.
