Choice Rewards

Diabetes Management Program

Eat a healthy diet, maintain a healthy weight, and protect yourself against cardiovascular disease.

If you have diabetes, let WYhealth and the Wyoming Department of Health help and reward you along the way!

For Wyoming Medicaid Clients

Who can join?

Any Wyoming Medicaid client with diabetes who is 18 years of age or older.

How do I join?

If you want to learn more about diabetes and join, call 888-545-1710 extension 325-6219.

How does the program work?

Every three months for one year that you fully participate in the program, you will receive a $25 incentive card, provided by the Wyoming Department of Health.

Every three months, you will do things like:

- Answer basic questions about your diabetes over the phone with a nurse
- Keep a log
- Check your blood pressure, A1C, and cholesterol
- Schedule doctor visits as needed
- Continue current program with a diabetes educator (if you have one)

Does this program replace existing programs and treatments?

No. You will continue your current diabetes programs and treatments. Your WYhealth Nurse works together with your current providers.
