

Graduate Minor Assessment: Thesis

To be completed by the GWMST committee member for each student who receives a Minor in GWMST.

Student: _____ GWMST Advisor: _____

As part of the Curriculum Committee's assessment of the GWMST Graduate Minor, we would like to have feedback on each GWMST graduate thesis. This should be a reflective narrative assessment that considers the strengths of the thesis in relation to the four learning outcomes for graduate minors, listed below. Please identify in your comments which learning outcome you are addressing and consider as many as you feel are relevant.

GWMST Graduate Learning Outcomes:

Learning Outcome 1: Students should demonstrate the ability to conduct interdisciplinary feminist analysis.

Learning Outcome 2: Students should demonstrate the ability to critique ideological assumptions underlying social institutions and systems of representation, including but not limited to assumptions regarding gender, race, class, nationality, disability, age and sexual orientation.

Learning Outcome 3: Students should demonstrate an understanding of women's historical and contemporary agency and how these have shaped women's lives in various geographic settings.

Learning Outcome 4: Students should demonstrate the ability to design and conduct independent feminist analysis research, or creative work.
