

TIPS FOR HIRING A HOME MODS PROVIDER

HOW DO I HIRE A HOME MODS PROVIDER?

BE SURE TO CALL YOUR CITY'S BUILDING OR LICENSING DIVISION TO VERIFY YOUR PROVIDER IS LICENSED, BONDED, AND INSURED. IT IS THE HOMEOWNERS RESPONSIBILITY TO DO SO.

WHEN HIRING A HOME MODS PROVIDER, CONSIDER TAKING THE FOLLOWING STEPS:

- Get recommendations from friends who have had similar projects completed.
- Check with your local Better Business Bureau regarding the professional reliability and performance record, including whether they are licensed and bonded.
- Be specific about the changes you wish to make in advance, and ask for a written agreement with only a small down payment and make the final payment only after the work has been completed.
- Ask the provider if they have training and experience making home modifications similar to the type of changes you are seeking and ask for a reference list.
