Conference Presentation: International Conference on Cerebral Palsy and other
Childhood-onset Disabilities

Date: June 1-4, 2016

Location: Stockholm, Sweden

I presented at the 5th triennial meeting of the International Conference on Cerebral Palsy and other Childhood-onset Disabilities in Stockholm 1–4 June 2016, which is hosted by the key multidisciplinary professional organizations from Europe, Australia, Canada, and the U.S. I also met with several of my research collaborators about current and future research.

Oral Presentation - Research partially funded by a 2014 CHS Seed Grant

Inter-rater reliability of the Communication Function Classification System(CFCS) for Adults and Adolescents with Cerebral Palsy

Instructional Course

Classifications of Function in 21st Century: What are they good for?
