

What do you eat & drink?

We want to know!

Volunteers Wanted for a Research Study

*“Urine Color as a Marker of
Change in Daily Water Intake”*

The University of Wyoming
Human Integrated Physiology
Laboratory is now enrolling
for a new study with the goal
of establishing normal food
and fluid intake and the
results of small changes in
fluid intake.

For participation you will receive;

1. Personal nutritional analysis
2. Body composition determination by “*DXA scan*”
3. Knowledge of your personal hydration status
4. \$85 - \$105 compensation

For more information, contact;

Hillary Yoder
University of Wyoming
(307) 766-4981 or (785) 760-0862
HYoder@uwoyo.edu

This study is conducted under the direction of Evan Johnson, Ph.D..
The protocol has been approved by the University of Wyoming Institutional Review Board (IRB)
for human subjects in research
