with Steve Farkas, 4:30 BU 121

Jan. 30 Create budget for
ACRS farm, community service

Feb. 1 Case Competition
Due

Feb. 18 Officer
nominations due to Jan
Benson

Feb. 22 Officer Elections

Feb. 25 IMA Student Night,
Denver Centennial Chapter

The IMA board had an exciting
trip to Anaheim California on
November 4-6 for the National
IMA Student Conference.
Attendees went to many sessions
during the conference. There
were sessions concerning the
persistence of fraud, the
accountants' role in the green
economy, tips for the CMA
exam, and financial management
in the film, television, and music
industries. They also went on a
plant tour of the Anaheim
Angel's stadium, and attended a
networking event at the ESPN
zone in downtown disney.

On February 25, the Denver Centennial IMA chapter will host their annual student night.
The event is a great networking opportunity, and the Denver chapter will award scholarships
and door prizes. Attendees are required to send a $10 check to confirm their reservation,
which will be refunded at the door. Attending student night is a great way to meet
professionals in the IMA, and show our parent chapter that we appreciate their support.

It is the time of year to elect a new IMA student board. All members are encouraged to run for the
offices of president, vice president, secretary, and treasurer. If you have any questions about the
duties of these offices, ask a current board member. You can nominate yourself or others for
an office by emailing a short biography, and an explanation of why you are running to Jan Benson
(jabenson@uwyo.edu) by February 18. The general elections will be held on February 22. The board of
directors will be appointed after the new officers are elected. At that time we will be looking for
members interested in becoming director of communications, community service, and other
positions as needed.

The IMA board went on an Industry tour of the Anaheim Angel’s Stadium. They were able to see the lockerrooms, go onto the field, and
learn about the Angel’s history.
