PETE Newsletter May 2015

Greetings DKH PETE Alumni,

Goodness these semesters and years fly by. This marks the end of my 15th year at the University of Wyoming and my 44th year in education. As I write this I am reminded that it is the 35th anniversary of Mt. St. Helens blowing up. I remember that day clearly - May 18, 1980. My Sheridan elementary PE colleagues and I were setting up for our all-district elementary play day at what was then Sheridan High School (now the junior high). The sky was blue and the weather was beautiful. Suddenly stuff (ash) started falling out of the air. Even though we were hundreds of miles from the source of the problem, and our weather was perfect, all outside activities (e.g., playday, recess) were cancelled. Those razor sharp ash particles were nothing to take lightly. You just never know what will interfere with your activity plans.

It continues to be fun to run into you in the most interesting places - such as Mark Gibson (class of 2000) and Skyler Corcoran (class of 2011) at the UW football game at Oregon September 2014 as well as hear and read about your accomplishments. The Laramie Boomerang just ran an article on an academic contest the children at Slade Elementary School accomplished. One of their 'prizes' was to have Mr. Jake Chick be the recipient of a pie in the face. Well done, Jake. And the Casper Star Tribune continues to report on the good things John Kirlin is doing for the cycling environment in Casper and across the state.

Have a wonderful end to the school year and a terrific summer.

Sincerely, Jayne Jenkins, Ph.D.

WAHPERD Conference November 2015

Be sure to make plans to attend the conference in Rock Springs in November. It's time for you to step up and present AND run for the WAHPERD board. Throw your hat in the ring. It's pay back time.

Outreach Graduate Classes Summer & Fall 2015

Alumni News

It's always great fun to hear from you. Please keep me posted on what is happening in your personal and professional lives. That's the only way I can keep these newsletters informative for your peers. Some of you have agreed to let me copy and paste your updated news into the newsletter. Your classmates enjoy reading the blurbs as much as I enjoy reading them. Also, check the directory (when I send it) to assure that your contact information is up to date. And if you know of a classmate's contact information that I don't have or my info is outdated, please let me know about that as well.

Professional & Personal Update

The personal and professional news is merging together; consequently, all news will be presented here. Some folks just sent news. What fun! Often I simply copied the info from their messages. Congratulations all.
