

## POTENTIAL MATCHING SOURCES

*This is not intended to be an exhaustive list. Inclusion on this document does not amount to an endorsement of an individual entity, nor does it guarantee an official funding commitment from any of the included entities. Matching requirements and potential funding amounts are unique to each entity. Listed organizations were compiled by students from the Fall 2021 University of Wyoming College of Law Energy, Environment and Natural Resources Practicum ("EENRP"). To request to be removed from or added to this list, please contact the current Faculty Director of the EENRP.*

### NGO/Energy Companies

This list includes contact information for many of the public and private entities included on the National Fish and Wildlife Foundation's Partnerships website. For more information, please see <https://www.nfwf.org/partnerships>.

Additionally, the conservation engagements described for each organization below are non-exhaustive, and are included solely to assist readers who may be seeking a funding match for a wildlife migration corridor project in locating potential funding sources.

**Apache Corporation (Now a Subsidiary of APA Corp)-** <https://apacorp.com/sustainability/>  
Past/Ongoing Conservation Engagements Include: corporate partnership with the Pecos Watershed Conservation Initiative; collaboration in conservation efforts to protect the Lesser Prairie Chicken.
