Happy Spring! Every year in April our Law Library participates in celebrations recognizing National Library Week. Our local festivities will run from April 11 through the 15. This year it is our pleasure to resume some of our favorite on-site activities. Watch for our day of golfing in the library, the introduction of some new subscriptions focusing on student needs, and quick and simple activities to enter lotteries for gift cards. And 3Ls, watch for your invitation to our good-bye party. We can't celebrate libraries without celebrating our users, so please join the community and have a little fun.
