The French Table:

- * welcomes anyone interested in improving or maintaining their oral communication skills in French.
- * offers useful, guided conversational practice in a non-threatening environment to all persons – from those beginning their studies of the language to those whose linguistic proficiency is more advanced.
- * is completely voluntary and informal in nature. That is, there is no pressure to “perform.” Speak when you are comfortable doing so, remembering that listening is not only an important skill, but 50% of any meaningful conversation!

Spring 2016 Schedule & Location of Meetings:

Every Wednesday afternoon at 4:00-4:50 p.m. in Ross Hall 24
