Building Collaborations: Academic—Practice Relationship

Through a combination of presentation and work groups participants from hospitals, nursing homes, ambulatory care, public health, and educational programs will be able to:
- Improve preceptor orientation and communication to facilitate best outcomes
- Improve or begin partnerships using clinical staff as clinical affiliates for nursing education
- Examine ways to share expertise and education between agencies and education
- Increase availability of clinical sites/areas using creative models
- Minimize time spent in orienting to multiple clinical sites
- Utilize best practices for conceptual clinical experiences
- Maximize student learning through the creation of timely and valuable clinical experiences

Team Based Learning (TBL)

Conducted in a TBL format, participants will be able to:
1) Explain the key components (the four S’s) of a successful TBL module.
2) Describe how they might convert a course/lecture they already teach into a TBL module.
3) Illustrate how to transform a small group into a productive learning team.
4) Apply “backward design” to outline the construction of a TBL module from a set of objectives.
5) Construct an application question that will engage teams in high-level thinking.

No registration cost!

To register for the 2013 Nursing Education Summit please email Matt Sholty at msholty@uwyo.edu with your name, employer, what days you will be attending and your email address. If you have any questions please contact Matt. Registration closes May 10th. We look forward to seeing you in Rock Springs!

A block of rooms is available at the Homewood Suites (60 Winston Drive) under WCNHCp for $89 per night. For reservations call the hotel at 307-382-0764.

The hotel provides breakfast and dinner Monday and breakfast Tuesday.

CEUs Provided by the Wyoming Hospital Association

The 2013 Wyoming Nursing Education Summit is brought to you by the Wyoming Center for Nursing and Health Care Partnerships.
Sunday May 19th
2-4:30 pm: ReNEW Committee Meetings
Committee members will be contacted by their chairs for meeting locations and exact time.

5-7 pm: ReNEW Committee Reports and Dinner and Social
Homewood Suites Banquet Room

Monday May 20th Room 1302-WWCC
8 am - 4 pm: Building Collaboration: Academic-Practice Partners

Presenters:
Drs. Susan Fetsch & Nancy Debasio
(Lunch Provided)

Tuesday May 21st Room 1302-WWCC
8 am - Noon: Team Based Learning

Presenters:
Drs. Edward McKee & Richard Sabina

Agenda

Presenters:

Dr. Susan Fetsch
Dr. Susan Fetsch is serving her 19th academic year as Dean/Chair of the nursing program at Avila University in Kansas City, Missouri. She received BSN and PhD degrees from the University of Kansas and a MS degree from the University of Minnesota. She has held nursing faculty appointments at the University of Kansas and William Jewell College. Dr. Fetsch is active professionally including site evaluator and Accreditation Review Committee co-chair for the Commission on Collegiate Nursing Education. She is a member of the Standards Review Task Force.

Dr. Nancy DeBasio
Dr. Nancy DeBasio holds a BSN from Wagner College; an MA in Psychiatric-Mental Health Nursing from New York University and a PhD from the University of Pennsylvania in Educational Leadership. Dr. DeBasio has worked in higher education for more than 40 years. Currently she is President and Dean at Research College of Nursing in Kansas City, Missouri. Dr. DeBasio has been instrumental in planning and implementing a city-wide project to enhance the number of Master’s prepared clinical faculty through an innovative program, the Clinical Faculty Academy. The model has been replicated in the St. Louis area as well as in other states across the U.S. Dr. DeBasio has served on numerous committees and task forces for the American Association of Colleges (AACN), including serving as a member of the NursingCAS Advisory Committee and most recently, the task force on review of AACN’s bylaws.

Dr. Richard Sabina
Dr. Sabina is a full-time educator with biochemistry and genetics content expertise in the Department of Biomedical Sciences. He received advanced training in Team-Based Learning as a member of the inaugural Train-The-Trainer class (TCLC) of the Collaborative and is currently leading an initiative to design and implement TBL in the undergraduate medical curriculum at the Oakland University William Beaumont School of Medicine. An active member of the TBLC, Dr. Sabina is currently Chair of the Educational Development Committee.

Dr. Edward McKee
Edward McKee is Professor and Chair of Foundational Sciences at the newly formed College of Medicine at Central Michigan University. Prior to this appointment, he was Associate Professor of Biochemistry and Molecular Biology at Indiana University School of Medicine – South Bend where he directed and taught courses in medical biochemistry and molecular biology as well as medical genetics. He has used Team Based Learning extensively in these courses for the past 6 years and is working now to incorporate TBL into an innovative and integrated curriculum at CMU. Dr. McKee is active in the Team-Based Learning community and has given workshops on Team-Based learning at National and International meetings as well as at Universities and Medical Schools.
