**PhD Opportunity in Petroleum Engineering, University of Wyoming**

Several PhD positions with full scholarships are immediately available for highly motivated and qualified candidates in the Department of Petroleum Engineering at the University of Wyoming. Successful candidates will have access to a newly built world-class research facility; will work in a vibrant and dynamic research group with the focus on cutting-edge research on multiphase flow through porous media relevant to improved hydrocarbon recovery.

Applicants with backgrounds in Petroleum, Chemical, and Mechanical Engineering, as well as physics, applied physics, and applied mathematics are encouraged to apply.

Interested applicants are required to send the following list of documents to Dr. Soheil Saraji (ssaraji@uwyo.edu):

1. Cover letter stating their research interest
2. Recent curriculum vitae
3. Contact information for at least 3 references
4. Copies of graduate and undergraduate transcripts
