

School of Pharmacy

Scholarship Profile

Heidi Aschenbrenner
Class of 2019
Cheyenne, WY

Student Bio

Heidi attended Cheyenne Central High School and participated in soccer, indoor track, drama, choir, newspaper and art. Her favorite courses from high school were focused in chemistry and Spanish. After obtaining a bachelor's degree in Spanish Literature at UW, Heidi applied to the School of Pharmacy. She decided to pursue pharmacy based on her passion for chemistry and her desire for a career with challenge. Additionally, she has a huge passion for bridging the gap in health care in regards to the communication barrier that many Spanish-speaking residents face.

Heidi shares that she has had great opportunities to explore the world of pharmacy through her experiences of working in retail pharmacies and participating in P2 rotations. She notes that this scholarship will decrease the stress of funding school and help her to continue being successful and reach her future career goals. The support of family and friends as well as faculty and staff of the School has contributed to her success thus far in school and helped her develop leadership skills. This has led her to pursue leadership positions in APhA, a mentor/volunteer assistant position for a high school soccer team, and a teaching assistant position for the pathophysiology course. She plans to pursue a PGY1 residency after graduation.

Albertsons/Sav-On Scholarship

This scholarship is awarded to students in their second, third, or fourth year of pharmacy school, and currently employed in a community pharmacy setting. The preference for this scholarship is for an employee or child of an employee. The Albertsons/Sav-On scholarship has been awarded since 1994.
