

Natural Resource Ethics

PHIL 2345 / ENR 2345

Tuesday, Thursday: 11:00 am - 12:15 pm

Professor Jeffrey Lockwood

EXPLORING THE *BIGGEST* QUESTIONS FACING HUMANITY:

Who has a right to clean water?

What is our fair share of the world's energy?

When is it moral to consume meat?

Where should we put toxic wastes?

Why do future generations deserve anything?

How should we fairly address climate change?

Do all people have a right to reproduce?
