QA → QB

& COMMON SEQUENCES

As stated previously, many of the degrees offered at the University of Wyoming have specific mathematics requirements. The UW course catalog is a complete listing of all courses offered by the University along with their individual description, attributes, and prerequisite requirements. You can find an electronic copy of the catalog on the Registrar’s web page or follow the link below:

Here are some of the common sequences used by Technical, Elementary Education and Non-Technical degree tracks. Please contact your advisor or the math department if you have questions regarding the appropriate sequence for you.

**QA COURSES**

- MATH 1000 - Problem Solving
- MATH 1050 - Finite Math
- MATH 1100 - Number & Operations for Teachers
- MATH 1400 - College Algebra
- MATH 1450 - Algebra/Trigonometry
- MATH 1405 - Trigonometry
- MPE Score of 4 or 5 will waive your QA

**QB COURSE**

- MATH 1105 - Data, Probability and Algebra for Teachers
- MATH 2200 - Calculus I
- MATH 2350 - Business Calculus
- STAT 2000 - Statistics and the World
- STAT 2050 - Fundamentals of Statistics
- STAT 2070 - Intro Statistics for the Social Sciences

**SEQUENCE POSSIBILITIES**

- MATH 1000 (QA) → MATH 1050 (QB)
- MATH 1400 (QA) → MATH 1050 (QB)
- MATH 1000 (QA) → STAT 2000 (QB)
- MATH 1400 (QA) → STAT 2000 (QB)
- MATH 1000 (QA) → STAT 2050 (QB)
- MATH 1400 (QA) → STAT 2050 (QB)
- MATH 1000 (QA) → STAT 2070 (QB)
- MATH 1400 (QA) → STAT 2070 (QB)
