Embargo Agreement

An embargo on a thesis/dissertation is an intentional delay in the publication of its results. Because the university places high value on the open dissemination of knowledge and the professional advancement of its graduates, such embargos are strongly discouraged. Any embargo request must include compelling written justification and a proposed embargo period not to exceed one year. All embargo requests are subject to approval by the Office of Academic Affairs. In cases where justification involves intellectual property or prior contractual agreement, embargo requests also require approval by the Research Products Center and the Office of Research and Economic Development.
