

## **CORNHOLE RULES**

(Updated: 5/21/2018)

### **1) TEAM COMPOSITION & POSITION**

- a.) A team shall have 2 players.

### **2) GAMEPLAY**

- a.) Boards will be placed 24 apart.
- b.) Participants will have four bags during each turn. They will alternate throwing turns with their opponent on their same side.
- c.) When throwing, participants cannot step over the front of the board on their side.
- d.) Thrown bags may move bags already on the board. This means that a thrown bag may knock a bag off, resulting in no points, or may knock a bag into the hole.
- e.) If a bag hits the ground before hitting the board, the bag is considered "dead" and no points will be awarded for that bag. This bag will be cleared from the board before the next throw.

### **3) SCORING**

- a.) After a player from each team has thrown their four bags, the score will be tallied. If a bag originally lands on the board, but is knocked off, those points do not count.
- b.) A bag in the hole is 3 points.
- c.) A bag on the board is 1 point.
- d.) Scores are "cancellation," meaning that you only take the net score (ex. If Team A ends a round with one point and Team B ends a round with two points, Team B will receive one point towards their total.)
- e.) The team that won the previous round begins the throwing in the next round.
- f.) Bags partially on the board, as long as they are not touching the ground, are awarded points.
- g.) Games are played to 21.
