## Communication and Journalism 766-3122

Prompt, accurate and personalized academic advising is a top priority at the University of Wyoming. If you need advising assistance or have advising concerns, please contact: Advising Coordinator Justin Stewart (766-3122) or Department Head Ken Smith (766-5437).

An asterisk ( \* ) following the course reference number (CRN) indicates controlled enrollment. You must contact the appropriate academic department to obtain permission to register for the course and for professor/section choice.

- Syllabi for all COJO courses are available on the department's web page at [www.uwyo.edu/cojo/syllabus.htm](http://www.uwyo.edu/cojo/syllabus.htm). Students must print a syllabus and bring it to the first meeting of class.

- Enrolled students must attend the first full week of classes or they may be dropped from their COJO classes, allowing other students to enroll.

- Students on waitlists must attend class on the first day or they will be dropped from the waitlist.

## Mathematics 766-4221

Prompt, accurate and personalized academic advising is a top priority at the University of Wyoming. If you need advising assistance or have advising concerns, please contact: Advising Coordinator John Spittler (766-4205).

An asterisk ( \* ) following the course reference number (CRN) indicates controlled enrollment. You must contact the appropriate academic department to obtain permission to register for the course and for professor/section choice.

The Math Department checks prerequisites on all courses approximately one week prior to the beginning of each semester. Students without an appropriate prerequisite will be administratively dropped from their math course. Most courses will be placed under controlled enrollment one week before classes begin. Students will be unable to register for these courses through WyoWeb and should use the online registration request form found at <http://www.uwyo.edu/math/math-registration> to have prerequisites checked and get enrolled in a math course. Department staff will help students who were dropped from a math class enroll in an alternative math course. The Math Department makes every effort to accommodate all students wanting to get into a math course. Due to the volume of students the department serves, all phone inquiries cannot necessarily be answered. If students are calling from off-campus, messages can be left at (307)766-4221. PLEASE SEE THE FRONT SECTION OF THE SCHEDULE FOR INFORMATION ON MATH PLACEMENT.
