			Free/General Elective**	3		Suggested SOC 2350 (Race and Ethnic Relations)
			Free/General Elective**	3		
Credit hours subtotal:				15		

This sample degree plan is a guide for course work in the major. • Course sequencing may need to be altered if ACT or Math Placement scores require a student to take pre-college courses before taking required math or English courses. • Not all courses are offered every semester and some electives may have prerequisites. Students should review course descriptions in the *University Catalog* and consult with their academic advisor to plan accordingly.

University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U. • University Studies Program (USP) Human Culture (H) and Physical & Natural World (PN) courses must be taken outside of the major subject, but can be cross-listed with the major.

College of Health Sciences notes:

Performance expectations for majors in the College of Health Sciences exceed institutional requirements. Please discuss with an academic advisor to understand the difference. • Admission to the clinical portions of Health Sciences majors is competitive and is not guaranteed even with minimum qualifications. Be prepared to exceed expectations. • Background checks are required at some point within all Health Sciences majors. Students should understand the long-term ramifications of all decisions and actions early on so as not to jeopardize future academic and career goals.

School of Social Work requirements:

Students must be accepted into the Social Work program as an 'admitted major' in order to proceed in the program and enroll in professional degree courses beginning in the fall of their junior year. Students should apply to the Social Work program in the spring of their sophomore year or during the semester they are completing all prerequisite courses. In addition to prerequisite courses (noted with an * above), students must have a 2.5 GPA, must have completed a criminal background check as required by the College of Health Sciences, and must have submitted a completed application, along with the accompanying fee and reference form. Admission to the program occurs in the spring semester or during the semester they are completing all prerequisite courses depending on seat availability. Admission to the program is a competitive process. The program begins in the fall of each academic year.

Social Work students must have a minimum cumulative GPA of 2.5 to graduate. • Students must complete at least 53 hours in Social Work to graduate. • Students must complete a criminal background check as required by the College of Health Sciences • Application for Admitted Major Status will be due in the middle of the Spring semester or in the middle of the Fall semester. Students should apply during the semester they are completing all social work prerequisite courses.

* Prerequisite for admission to the Social Work program.

** Students should work with their academic advisor to determine the best courses to select as electives for a particular career path.

It is possible for students to earn a minor with careful course selection.

*** This course should be a prerequisite for one of the approved courses for the "Human Biology Course" in the Sophomore Spring Semester (listed directly below).

**** Approved courses include: KIN/ZOO 2040 (Human Anatomy), PSYC 2080 (Biological Principles). Additional courses are available through Wyoming Community Colleges. Please ask your advisor about other courses that might meet this requirement.
