This sample degree plan is a guide for course work in the major. • Course sequencing may need to be altered if ACT, SAT or Math Placement scores require a student to take pre-college courses before taking required math or English courses. • Not all courses are offered every semester and some electives may have prerequisites. Students should review course descriptions in the University Catalog and consult with their academic advisor to plan accordingly.

#### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U. • University Studies Program (USP) Human Culture (H) and Physical & Natural World (PN) courses must be taken outside of the major subject, but can be cross-listed with the major.

#### College of Arts and Sciences requirements:

Students must take two "core" courses in addition to UW's University Studies Program requirements: Diversity in the United States (ASD) and Global Awareness (ASG). • No more than 60 hours in the major subject may be used toward the 120 credit hours required for graduation. • At least 30 hours in the major subject must be completed with a grade of C or better (the major may require more).

### Anthropology Program notes:

Anthropology majors and minors are required to pass courses with an ANTH prefix at the level of C- or better. Courses required for the major and minor but taken from another department must be completed with a grade of D or higher • A study abroad experience is highly recommended for the junior year. Consult with an academic advisor about programs and courses to take in the sophomore year.

<sup>1</sup> A **single language** must be taken for three (3) semesters to fulfill the 12 hour foreign language requirement for the program.

<sup>2</sup> See the “Prerequisite and MPE Cut Score Reference Chart” on the Math Placement website for the most up-to-date math placement equivalencies: <http://www.uwyo.edu/mathstats/math-placement/>.

<sup>3</sup> A field school or guided independent research project is highly recommended in the summers of the freshman and sophomore years.

- ANTH 4140 Fieldwork in Wyoming Archaeology
- ANTH 4140 Callacpuma Archaeological Project
- ANTH 4140 Croatia Field School
- ANTH 5180 Advanced Archaeological Field School

Please consult with faculty about these opportunities, as well as alternative ethnographic and archaeological field school opportunities.

<sup>4</sup> Lists of approved courses in the subdisciplines are available in the *University Catalog* or from academic advisors.

<sup>5</sup> Elective courses are expected to complement the student's interests in anthropology and to support sub disciplinary interests. Additional

<sup>6</sup> An internship or guided independent study research project is recommended in the summer of the junior year. Course recommendations include: • ANTH 4970 Internship • ANTH 4975 Undergraduate Practicum in Anthropology

Please consult with faculty about these opportunities.
