

# THURSDAY FEBRUARY 25, 2016

# DEVELOPING AN NSF

# CAREER PROPOSAL

## What is the NSF CAREER Program?

The Faculty Career Development (CAREER) Program is a Foundation-wide activity that offers the NSF's most prestigious awards in support of junior faculty who exemplify the role of teacher-scholars through outstanding research, excellent education and the integration of education and research within the context of the mission of their organizations. Such activities should build a firm foundation for a lifetime of leadership integrating education and research.

## Are you Eligible?

By the Foundation's deadline for submission of CAREER proposals, proposers must meet all the following eligibility requirements:

- Hold a doctoral degree in a field supported by NSF;
- Be untenured until October 1 following the deadline;
- Have not previously received a CAREER award; and
- By October 1<sup>st</sup> following the deadline be employed in a tenure-track (or tenure-track-equivalent) position as an assistant professor (or equivalent title) at an accredited institution located in the U.S., its territories, or possessions, or the Commonwealth of Puerto Rico, that awards degrees in a field supported by NSF.
