HEALTHY & YUMMY QUARANTINE SNACKS

**Strawberry Cheesecake Bites:**
In a bowl, mix low-fat/light cream cheese, brown sugar, little bit of vanilla together to make a smooth batter. Cut off the tops of clean and fresh strawberries, hollow out the inside of the strawberries using a small knife. Be careful during this step! Use a piping bag/spoon to fill the cheesecake filling in the strawberries. Finally dip the filling side of the strawberry to some crushed graham crackers. Keep refrigerated until serving!

**Shrimp wraps**
In a bowl, add large deveined and peeled shrimp, squeeze of lime, garlic, salt and pepper to taste and some extra virgin olive oil. In a skillet, cook the shrimp 2 minutes on each side. On another large bowl, toss in the cooked shrimp, some finely chopped onions, slices of chili, avocado, cilantro, fresh lime juice and a drizzle of olive oil. Add spoonful of this mixture to clean and fresh lettuce leaves. Enjoy!

**Tuna Salad Cucumber Bites**
In a bowl, mix some Tuna, finely chopped red onions, cilantro, light mayonnaise, a little bit of mustard, salt and better to taste and mix them well. Cut some slices of cucumber and add a spoon of the tuna salad mixture on the cucumber. Enjoy this healthy and tasty snack!

LET'S GO ON A TEDDY BEAR HUNT!

If you've been spending any time on Facebook lately (and let's be honest – most of us are probably spending way too much time on social media these days) you've probably seen a new trend popping up – The Teddy Bear Hunt! It’s a fun way to bring a smile to each other’s faces as we spend more time at home.

To participate, select one of your stuffed animals. C’mon, you know you brought one with when you moved away from home! Maybe your mom stuffed it in your car when you weren’t looking, or your girlfriend gave it to you for a holiday. Anyway, put your furry friend in one of your windows, then check to make sure that it’s visible from outside. Bonus points if it’s visible from a road, so little kids driving by with their families can spot it! Then, when you’re out getting some fresh air, see how many teddy bears you can spot. It would be awesome if we could get stuffed animals in every window!

HAND PICKED BOOKS TO READ

“Death in Mud Lick: A coal Country Fight against the Drug Companies That Delivered the Opioid Epidemic” by Eric Eyre

Well researched and well documented narrative of America’s prescription and non-prescription drug crisis. The book helps readers understand why it takes so long for meaningful change to occur at the federal and state levels of government. It then dives into why the resulting implementation of policy are missing the mark. It is informative work from a reporter who followed the stories and shortcomings that resulted from the negligence of the government and corporations. Eric Eyre is the smallest newspaper reporter ever to win the Pulitzer Prize in the investigative reporting category.

“The Undocumented Americans” by Karla Cornejo Villavicencio

The author of this book was one of the first undocumented students to be accepted into Harvard University. She uses her own story and the stories of undocumented immigrants to build on the complexity of their decisions and why they have come to America. The author traveled around the United States to interview and tell the stories of the people who are not heard. The book is also her own story of self-discovery.
