MENTOR TEACHER ROLES AND RESPONSIBILITIES DURING STUDENT TEACHING

The College of Education deeply appreciates those classroom teachers who give of their time and expertise to nurture new teacher professionals. These mentor teachers provide a great service to their districts, the UW College of Education, the state of Wyoming, and the profession. Expectations for mentor teachers include:

- Serving as a role model and coach for the student teacher;
- Assisting the student teacher in planning and preparing lessons, teaching, and assessing student learning;
- Providing time and support for the student teachers in completing the edTPA (a teacher performance assessment – see below for additional information);
- Providing regular feedback that is focused on improving practice and student learning in your classroom.
- Attending the preparation meeting along with the student teacher (typically mid-late in the fall semester) as available;
- Accepting primary responsibility for classroom supervision and evaluation of the daily performance of the student teacher by:
  - Completing the midterm evaluation and discussing this with the student teacher, with a focus on growth and improvement for the second half of the semester. *It is expected that student teachers will have several areas noted for improvement/growth at the midterm evaluation, and it would not be considered unusual for a midterm to have no distinguished and a combination of proficient and basic marks.*
  - Completing final evaluation.
  - Completing the exit interview.
- Helping the student teacher gain an appreciation for the values and expectations of the schools and the communities they serve.
- Informing parents of the UW student teaching program.
- Providing continuous coaching (including praise and constructive criticism) that supports the professional growth of the student teachers though the entire student teaching experience.
- **Contacting the UW faculty/supervisor with any questions or concerns at any time during the semester.**

Documenting Outcomes:

- Make notations on the student teacher’s rubric to document completion of outcomes.
- Complete the midterm evaluation, exit interview and final evaluation to verify successful completion of the outcomes.
- Debrief and provide feedback on lesson plans, teaching, assessment, professionalism, and classroom management practices.

Evaluations

- Evaluations are required at midterm and semester end. *Please see the calendar on page 3 of this Handbook for due dates.*
- Mentor teachers will submit all evaluation forms using the LiveText assessment and data system. Information and directions will be e-mailed to all mentor teachers.
edTPA: The University of Wyoming is part of a multi-state consortium using the edTPA, a
teacher performance assessment. This assessment is designed to measure a set of core
teaching skills that support student learning. For the edTPA, teacher candidates plan and teach
a learning segment of 3-5 connected lessons, videotape some of this teaching, assess their
students’ work, provide feedback to support continued student progress, and finally, reflect on
the effectiveness of their teaching practices throughout. Trained evaluators then score these
assessments. Mentors will receive information about the edTPA from student Teachers, UW
faculty, and/or facilitators.

IF DIFFICULTIES ARISE
If difficulties arise during the student teaching semester:

- Discuss the problem(s) immediately with mentor teacher/student teacher if appropriate.
  Always contact UW Supervisor, as well. Mentor teachers/student teachers may contact
  the Facilitator as the liaison with UW supervisor.
- Contact the UW supervisor if the problem(s) are not resolved. The call to the UW
  supervisor may come from the student teacher, the mentor teacher, or a facilitator. The
  UW supervisor will travel to the school immediately when his/her presence is required.
- Mentor teachers and student teachers are strongly encouraged to share any and all
  concerns regarding the student teaching experience at the first sign of difficulty.
  Experience tells us that waiting to discuss concerns results in escalation of the problem.
- If a mentor teacher believes concerns are serious enough that the student teacher may
  not successfully complete the student teaching experience, then the UW supervisor
  must be notified no later than one week after the midterm evaluation in order for us to
  have time to resolve any problems.

CO-TEACHING MODEL
The School of Teacher Education expects that student teaching will be a “co-teaching”
experience with both mentor teacher and student teacher sharing responsibility for planning,
instruction, and students’ learning. Student teachers will collaborate closely with their mentor
teachers to plan the student teaching semester based on levels of preparedness and the unique
contexts of mentor teachers’ students and classroom. It is expected each student teacher, at
different times and in different parts of the semester, may be expected to take a secondary role,
the lead role, or team-teach with the mentor teacher, keeping in mind that, above all, the
students in these classrooms are the focus of every effort. The student teacher should become
more independent as the semester continues and will ultimately, at times, assume full teaching
responsibility to assure that all outcomes are met. The mentor teacher coaches, provides
opportunities for reflection, and provides consistent feedback throughout the entire semester,
including those times when the student teacher takes the lead instructional role. We strongly
encourage the mentor teacher to explore all opportunities for team teaching and
collaborative pedagogies during the student teaching semester.

STUDENT TEACHING TEAM
The student teacher, mentor teacher, facilitator, and UW supervisor comprise an educational
team for this culminating field experience. Student teachers gradually assume increasing
responsibilities in their assigned classroom(s), experiencing the excitement of teaching and
learning as well as meeting the challenges of complex professional expectations. During this
semester, student teachers will demonstrate for the other members of the educational team that
the outcomes listed in evaluation rubrics have been met.
Experiences will vary according to the subject matter, mentor teacher expertise, and contextual constraints. This list includes experiences for which most student teachers will be responsible. Note the completion of any of these experiences on the outcomes rubric. If reasonable and appropriate, the mentor teacher should ask the student teacher to:

1. Use technology to support or extend student learning in the classroom.
2. Participate with the mentor teacher in all assigned duties.
3. Provide remedial help to students.
5. Develop a case study around a student with special needs.
6. Participate in an IEP meeting.
7. Discuss individual student needs with the mentor teacher, guidance counselor, and other appropriate support personnel.
8. Become familiar with the School Improvement Plan.
9. Take roll and record attendance.
10. Plan and arrange a bulletin board.
11. Learn attendance policies and procedures for the school and the district.
12. Keep records of homework and grades using digital options whenever possible.
13. Use maps, charts, and other instructional media to support instruction.
15. Locate visual, reference, and other teaching materials in the library or other school sources.
16. Use digital technologies, smart boards and other projection devices during instruction.
17. Examine and critique curriculum guides and textbooks.
18. Set up demonstrations including use of computer lab facilities.
19. Construct study guides, content outlines, and review materials.
20. Construct, administer, proctor, grade, and provide feedback for a variety of student assessments.
21. Discuss test results with students as a group, as individuals, and with parents.

40. Learn school policies: fire drills, accidents, assemblies, dismissals, signing in/out of the building, etc.
41. Make a seating chart.
42. Assist with co-curricular activities.
43. Learn the referral process for students needing help in speech, special education, reading, math, etc.
44. Work with resource teachers in reinforcement of areas such as computer skills, library skills.
45. Participate in parent conferences.
**During the semester, student teachers may visit other classrooms, programs, and schools and may need to interview teachers and administrators to meet the required outcomes. Since time away from the classroom must be carefully planned to ensure effective teaching and learning for the students in the classroom(s), student teachers will need to schedule closely, and communicate well, with mentor teachers to make these arrangements. Ultimately, it is the responsibility of the student teacher to be aware of and meet all evaluation criteria and deadlines. Student teaching is a full-time job and student teachers will be expected to participate in before and after school activities that mentor teachers have as part of their regular duties (e.g., staff meetings, parent conferences, professional development workshops, school nights, etc.).**

EMPLOYMENT STATUS DURING STUDENT TEACHING

“The student teacher, during his field experience, is an employee of the district...for the purpose of workman’s compensation and liability insurance as provided for other district employees” (The Education Laws of Wyoming Annotated, 2005, Chapter 21-21-104, p. 607).

SUBSTITUTING, COACHING, OTHER EMPLOYMENT DURING STUDENT TEACHING

This policy statement is intended to maximize focus on the educational aspects of the student teaching semester. Additionally, it serves to clarify the criteria and process for the consideration of requests related to opportunities that result in monetary gain paid by a district to a student teacher during the student teaching semester. Candidates, school administrators, mentor teachers, clinical faculty, UW supervisors, UW faculty, and staff in the Teacher Preparation and Advising Office are expected to abide by these policies.

SUBSTITUTING

There may be occasions when a mentor teacher is absent, and the student teacher may be asked to assume responsibility for the mentor teacher’s classroom. Student teachers who meet these criteria will be allowed to substitute teach, depending on the district’s policy:

- Another faculty member (or building administrator) with close physical proximity to the candidate’s classroom assumes supervision of the student teacher;
- The student teacher has a valid Wyoming substitute permit
- The mentor teacher and building principal recommend the candidate for the substitute responsibility
- The substitute assignment is in the candidate’s assigned classroom.
- The maximum number of days allowed during one semester is five without seeking written permission for an extended term (see below).
- The student teacher has the prerogative to decline the substitute opportunity.

It is the responsibility of the student teacher to notify her/his UW supervisor immediately when accepting a substitute assignment, regardless of the length of that assignment.

Request for an extended term as a substitute under extraordinary circumstances:

If emergency circumstances arise and there is no qualified substitute available in the district, the district may apply for an extension beyond the allowable five days under this additional policy:

The building principal must submit a written request for approval to the College of Education Associate Director for Field Placements, (Amy Spiker; aspiker@uwyo.edu). The request must include: (a) the anticipated term of the requested extension, (b) statement of who will assume supervision of the student teacher and how often that supervision will occur, (c) the student teacher signature that he/she agrees that they are comfortable with the revised supervision plan, (d) acknowledgement that the “substitute supervisor” is responsible for completing all UW evaluation and observation responsibilities in lieu of the mentor teacher until he/she returns, and (e) signature of the building principal verifying district approval of the request.

Such requests should be submitted as much in advance as possible. All requests are subject to review for approval. The Associate Director will notify the principal, the candidate, relevant district placement personnel, and the UW supervisor of the approval or denial of the request. The maximum number of days that will be approved under any condition for any candidate in one semester is 10 total, consecutive or not consecutive.
In rare cases, a student teacher may substitute in other teachers’ classrooms in which they have observed or assisted with classroom instruction. This is not advisable during student teaching because student teachers have a time requirement in their assigned classroom that necessitates prioritizing instruction in that classroom. The UW supervisor must be notified immediately if a student teacher is asked to substitute in this situation.

COACHING, OTHER EMPLOYMENT
The student teacher is expected to devote total focus and responsibility to teaching during the student teaching semester. This means other college classes, jobs, as well as extracurricular activities that interfere with successful completion of student teaching, are discouraged. There may be occasions when candidates are asked to engage in school-related activities that might constitute employment for a district employee (e.g., coaching, club sponsorship, etc.). The keys to determining appropriate employment are the following: 1) The experience should DIRECTLY relate to the student teaching assignment and level, 2) The experience may not involve any time out of the school day and/or consistent obligations that would interfere with the next day’s classroom preparation, 3) The experience may not involve a designated title and/or contract that would put a student teacher in conflict between working for the district and the student teaching expectations, 4) The experience may not involve sole responsibility for the students with whom the student teacher is working. A designated faculty supervisor must be in the vicinity at all times. Overall, we expect student teachers to be prepared to participate in such school activities as a volunteer. No student teacher may be engaged in any paid opportunities without a specific request from the district and written approval from the UW Associate Dean, Undergraduate Programs.

FAILURE TO FOLLOW THESE POLICIES
The intent of these policies is to find a balance between the unusual circumstances that sometimes befall largely rural school districts and the need to assure a quality, mentored experience for candidates as they prepare to enter the teaching profession. Districts, teachers, and/or student teachers who fail to comply with these policies may be sanctioned with a probationary period for future mentor teacher assignments.

ATTENDANCE - POLICIES AND PROCEDURES
- Student teachers are expected to report when the public school session begins after winter break. It is the student teacher’s responsibility to arrive based on the district’s schedule. Student teachers should check with their mentor teachers well in advance to determine the start date for their assigned districts. If there are inservice or other professional activities planned before classes convene, student teachers are expected to participate in those activities with their mentor teachers. (See the calendar on page 3)
- Student teachers observe the school district calendar, not the UW calendar.
- Daily attendance - on time - is expected during student teaching except during illness or an emergency. The UW supervisor must be informed of all illnesses and emergencies in a timely fashion.
- University regulations govern student absences during the student teaching semester.
- When an absence occurs, lesson plans and accompanying materials must be sent to the school/mentor teacher prior to the start of the school day (as if candidates are the teacher of record for that classroom preparing for a substitute).
- Student teachers are allowed up to four sick/personal days during student teaching. Any days beyond that must be made up at the end of the semester.
- Extended absences will be made up according to the timeframe set by the mentor teacher and the UW supervisor.

FACILITATOR ROLES AND RESPONSIBILITIES

These persons are employed on behalf of the UW College of Education with primary responsibility to serve as a liaison between the CoEd faculty and administration, district administration and faculty, and the UW Teacher Preparation and Advising Office in matters related to the formal partnership agreements.

In general, these personnel support the student teaching experience in these ways:

- Make classroom visits to complement UW faculty visits.
- Act as the “point of contact” for mentor teachers and student teachers to provide first level mediation and communicate with appropriate CoEd faculty and district administration on all matters.
- Arrange for regular meetings/seminars with student teachers at that site.
- Collect assessment/evaluation data or other candidate data as requested.
- Prepare newsletters and/or periodic updates that will be shared across the district and the CoEd regarding activities and accomplishments.

**Recipient Code # to have results reported to the WY PTSB: 8500**

**How do I prepare?**
At *Tests at a Glance* (on the website: [www.ets.org/praxis](http://www.ets.org/praxis)), you can familiarize yourself with the structure and the content of the test. Test preparation books are available by mail or online (see [http://www.ets.org/praxis/prepare/materials](http://www.ets.org/praxis/prepare/materials) for details).

**When should I take the test?**
We recommend that you take the exam during Phase III of your program. Consider that there will be lag time of 4 to 6 weeks between taking the exam and the reporting of your score to the WY PTSB. PTSB has final approval for licensure. Tests are administered many times per year and dates are available at [http://www.ets.org/praxis/register/centers_dates](http://www.ets.org/praxis/register/centers_dates). You can register for the exam online (see [www.ets.org/praxis](http://www.ets.org/praxis) for details). You can take the exam as many times as you wish.

**Where do I take the test?**
In Wyoming, tests will be administered in Casper, Cheyenne, and Laramie.

**What happens if I don't pass?**
You have one year from the date of your application for initial licensure to present a passing score to obtain a Standard WY Teaching Certificate. You may receive (from the PTSB) a one year authorization to work as a teacher based on your teacher preparation program institutional recommendation and/or other current state certificate during that one year period.

**Where do I get additional information?** University Testing Center ([utc@uwyo.edu](mailto:utc@uwyo.edu)), PTSB (800-675-6893), or [www.ets.org/praxis](http://www.ets.org/praxis)
Obtaining Teacher Licensure in Wyoming and Other States

As you complete your student teaching semester, you should start thinking about obtaining teacher licensure.

For licensure in Wyoming (through the Professional Teaching Standards Board) for B.A., B.S., and Graduate Certificate licensure students:
1. Complete a brief UW College of Education application for an IR here:  
2. Download the Professional Teaching Standards Board (PTSB) application form.
3. Fill out Section I of the page labeled “Institutional Recommendation” and send it to the Teacher Preparation and Advising Office by fax, mail, or hand. The TPAO is located in Room 100, McWhinnie Hall. The address is Teacher Preparation and Advising Office, Dept 3374, 1000 E. University Avenue, Laramie, WY 82071 and the fax number is (307) 766-2018.
4. The completed IR will be mailed to you once your degree and date of graduation have been posted to your UW transcript.
5. Send your completed application, the Institutional Recommendation, and any other required documentation, fee(s), etc. as specified in the instructions to the Wyoming Professional Teaching Standards Board.

For licensure in other states:
1. Complete a brief UW College of Education application for an IR here:  
2. Download the application for teacher licensure from the target state’s Board of Education or licensing agency website.
3. Complete the form as requested and send a copy of the Institutional Recommendation form to the Teacher Preparation and Advising Office, Dept 3374, 1000 E. University Avenue, Laramie, WY 82071.
4. If required for licensure in other states, your official UW transcript can be requested from the Registrar’s Office in Knight Hall, Room 167. The phone number for the Registrar’s Office is (307) 766-5272. Transcripts can also be ordered online from the Registrar’s office: www.uwyo.edu/registrar.
5. If any questions arise regarding the document for out-of-state licensure, you should contact that state’s licensing agency to clarify details.
6. Official transcripts from other colleges or universities you may have attended should be ordered directly from those institutions.
Frequently Asked Questions About Licensure

Should I send the Institutional Recommendation to the TPAO now or should I wait until after graduation?

Applicants can send the form in at any time; we complete them on a first-come, first-served basis, as soon as degrees are posted by the Registrar’s Office.

Why can’t the Teacher Preparation and Advising Office forward the Institutional Recommendation on to the PTSB? If I include an envelope with postage affixed addressed to PTSB can the Teacher Preparation and Advising Office forward the IR on to the PTSB for me?

The PTSB requires applications to be submitted as a complete package, so this is not possible. Once the student has assembled every component required by the PTSB, the student is responsible for sending the document to the PTSB, along with the appropriate fee(s).

On the Institutional Recommendation form in the second box it states please do not write below the line. How do I list what area(s) I am requesting licensure in?

There are two options that can be used to provide this information to the Teacher Preparation and Advising Office:

- Option 1: Provide this information in the online application form (http://tinyurl.com/kpsd6p5), so that we can complete your IR appropriately.
- Option 2: Write down the area you are eligible to receive licensure in, including additional endorsements, on the document. Once the document is submitted to the Teacher Preparation and Advising Office it will be retyped before being mailed back to you for submission to the PTSB.

Is there a fee for completing the Institutional Recommendation?

The Teacher Preparation and Advising Office does not charge a fee for completing the Institutional Recommendation. There is a fee for licensure; that should be sent directly to the PTSB or the state agency for your target state.

Who should I contact with my question?

- If you have questions regarding the Institutional Recommendation please call the Teacher Preparation and Advising Office at (307) 766-2230.
- If you have questions about the document as a whole please call the Professional Teaching Standards Board at 1-800-675-6893.
- If you have question about obtaining transcripts or graduation posting, please call the Office of the Registrar at (307) 766-5272.
THE JOB SEARCH

The University of Wyoming’s Advising, Career, and Exploratory Studies office (ACES) is available to support you in developing your resume, and in obtaining job search assistance and advice. You can contact ACES through its website: http://www.uwyo.edu/aces/ or by telephone at (307) 766-2398 or by email at aces@uwyo.edu

ACES sponsors the UW Teacher Fair, which is an opportunity to interview with many Wyoming school districts, as well as schools from other states and countries. More information about the UW Teacher Fair can also be found on the ACES website.

You should also plan to work with your mentor teacher, UW supervisor and the facilitator in your school district to develop appropriate resumes and other job search materials. Opportunities might be provided to you to participate in job preparation seminars or mock interviews with school district personnel.

Other websites where you can find helpful information about job postings are listed below.

www.teacher-teacher.com: Website description: “Teachers-Teachers is a free service designed to help educators find new and exciting teaching jobs, administrative jobs and other related service positions. The service is easy-to-use and helps you efficiently find teaching jobs by position area and location.”

Individual school districts also provide information about job openings on their websites.
STUDENT TEACHING OUTCOMES RUBRIC:

Elementary Education

Space for notes has been removed from this version of the rubric for student teaching. Student teachers and mentors are encouraged to download the rubric from http://www.uwyo.edu/edresidency/rubrics.html and then save it to their computers as a document (not PDF) file. This will allow you to manipulate the “Notations” blocks to any size you need.

The rubric provides descriptions of the outcomes each student teacher must meet to successfully complete the student teaching semester. Each outcome has a description of behaviors indicating levels of performance. Some outcomes have multiple subparts.

- The mentor teacher and student teacher should use the blank spaces for notations throughout the semester.
- The rubric (with notations) will be used to complete the midterm and final evaluations.
- The rubric will be available for UW supervisor visits.
- The student teacher must complete all outcomes with a P (proficient) or D (distinguished) rating and no more than three B (basic) ratings for successful completion of the final student teaching evaluation.
- Both midterm and final evaluations will be submitted on LiveText.

If you have questions about the forms or the requirements for evaluation during Student teaching, please contact your facilitator or UW Supervisor directly.
