Please submit as many pictures as you need to fully showcase your office decorations. Campus and business winners (one from each area) will be announced through the University Facebook page on October 27. Immediately Following the Parade Sophomore and Freshmen Revival Tug of War Competition and Historical Campus Tour Presented by the SPURS

Sophomore and Freshmen Revival Tug of War Competition: Did you know there use to be a pond right here on campus between Merica Hall and the Arts and Sciences Building-the Peanut Pond. It was at this location students would come ice-skating and where the Freshmen and Sophomore Tug of War competition was held. SPURS hopes to bring this long forgotten tradition back just in time for Homecoming. It will be held, in memoriam of the original competition, in the area between the Arts and Sciences Building and Merica Hall (near the Ben Franklin Statue). Come support at the age-old tradition near the original Peanut Pond. Tug of War to take place right after the parade.

Historical Campus Tour: How much do you know about your school? Homecoming is the perfect time to get to know more about the rich history of our great campus. With UW celebrating over 130 years of history, it is laden with stories and legends - some that have been passed down to us and others that have faded in to time. Led by our very own Dr. Phil Roberts you will be taken around our campus and bask in the glow that is Poke Pride. You will learn interesting facts like what are the five oldest buildings on campus, what the original name of the University, what building use to be the library before COE, and about the Octopus Tree. Come and grow your UW spirit by

learning more about it just in time for Homecoming. Tour will start in front of the A&S Building after the Tug of War concludes (west side of campus).
