Early Bird Tutoring

STEP is now offering early bird tutoring for certain classes during the day.

- Early Bird Tutoring is structured as group tutoring – which means you may be working with other students at the table.
- Students may stay as long as they'd like, but may be asked to work solo for periods of time to foster independent learning
- One-on-one tutoring begins at 5:00pm during STEP's regular hours.
- Early Bird tutoring is not available on exam days for that class – be sure to plan ahead!

Paper Help – all classes

Whether it's ENGL 1010, technical writing, resume/cover letter, a research paper, or a class paper, our tutors (from the Writing Center!) can help. **Open to all students!**

*Like the Writing Center, we want you to better understand your purpose, audience, and focus and to **become a more self-sufficient writer**. Our tutors will not take your paper and write on it or correct it. Instead, through questions and discussion, you will be encouraged to make your own informed decisions about your writing. Writers may **come in at any time in the writing process** (brainstorming, development, rough draft, revisions, etc.).*

See front of page for hours available.
