University of Wyoming  
ISRAEL STUDY ABROAD PROGRAM: HOW TO REGISTER.

The first step is often to meet with the Instructor. Part of the process includes completing a short registration form. To complete the form on line, click HERE. (You may have to register with Google and/or log into a Google account). It’s also available on paper, and in some cases it can be done orally.

If you haven’t met with the Instructor yet, email sward@uwyo.edu to arrange a time to meet.

If you have a passport valid until November, you can enter your passport information already, by clicking HERE. If not, it’s already time to apply for a passport!

Registration for Summer courses begins in February. A deposit is due prior to Registration. (Speak to the Instructor about your funding and payment schedule). When you receive an email indicating that you are approved for registration, and the CRN needed, register for the course.

It’s that simple!
