HOW TO REGISTER

The first steps are to meet with the Instructor, Dr. Seth Ward, and to complete a short registration form. To complete the form on line, click HERE. (You may have to register with Google and/or log into a Google account). It’s also available on paper, and in some cases it can be done orally. This form includes a short essay about participating in the course, as well as a request for W number and contact info.

If you haven’t met with the Instructor yet, email sward@uwyo.edu to arrange a time to meet.

If you have a passport valid until November (six months after scheduled departure from Israel), you can enter your passport information already, by clicking HERE. If not, it’s already time to apply for a passport!

Registration for Summer courses begins in February. A deposit is due prior to Registration. (Speak to the Instructor about your funding and payment schedule). When you receive an email indicating that you are approved for registration, and the CRN needed, register for the course via WyoWeb.
