Dear Trustees Education Initiative Counselor Education Research Work Group,

On Tuesday, October 3, 2017, the [Trustees Education Initiative Coordinating Council](#) met to discuss Proposal 2017-10: School Counseling and Athletics Partnership. This meeting and the discussion therein followed a detailed review of the proposal by each member of the Council.

Coordinating Council feedback regarding Proposal 2017-10 was:

- The proposal does not have a strong connection to P-12 students.
- The proposal would directly benefit graduate counseling students and UW student athletes.
- The benefit to P-12 students would be limited, as the estimated probability of high school athletes going on to participate in NCAA sports is 5.75% for males and 5.92% for females.<sup>1</sup>

**The Coordinating Council took the following action on the proposal: Denied**

We thank you for the expertise, energy, and time you committed to developing this proposal for consideration by the University of Wyoming Trustees Education Initiative.
