Date of Next Meeting – January 16-17, 2014; Laramie, Wyoming

Adjournment
As will be reflected in the public session and executive session meeting minutes, the Board of Trustees of the University of Wyoming met in Laramie, Wyoming, Thursday, November 14, and Friday, November 15, 2013. The meeting began with breakfast on Thursday, November 14, where the Board entered into executive session. The Board met in executive session from 8:15 a.m. until 5:15 p.m. with various breaks and meals throughout the day. The Board of Trustees then called a media conference for 5:30 p.m. on November 14, 2013, held in the first floor atrium of Coe Library on the UW campus. The evening of Thursday, November 14, the Board met for a joint meeting working dinner with the Energy Resources Council (ERC) and various administrators at the UW Conference Center- Hilton Garden Inn.

Friday, November 15, the Board met in executive session during a working breakfast followed by committee meetings and regular work sessions. The Board held a working lunch and followed with regular business in the afternoon.

The Business Meeting was held on the afternoon of Friday, November 15, 2013.
MINUTES OF THE MEETING:

Jim Hearne, Partner, in the firm McGee, Hearne & Paiz, discussed the various financial statements, how they are prepared, the findings and reporting of issues. Mr. Hearne stated the University of Wyoming prepares five separate financial reports that are audited by McGee, Hearne and Paiz, LLP of Cheyenne, Wyoming and discussed the annual reports, their purpose, and deadlines for submission to regulatory agencies.

- **Financial Report** - In accordance with required reporting standards, this report has three components: 1) management’s discussion and analysis 2) institution-wide financial statements; and 3) notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements. The auditors express an opinion that these financial statements present fairly, in all material respects, the financial position of the University of Wyoming as of the fiscal year end, and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The University of Wyoming is a component unit of the State of Wyoming. As such, the University’s **Financial Report** is part of the Comprehensive Annual Financial Report prepared by the State Auditor’s Office in accordance with W.S. 9-1-403 (a)(v). It must be submitted to the State by December 31st.

- **Compliance Report** – As part of obtaining reasonable assurance about whether the University’s financial statements are free of material misstatement, the auditors perform tests of our compliance with certain provisions of laws, regulations, contracts and grants, noncompliance of which could have a direct and material effect on the determination of financial statement amounts. The auditors do not express an opinion on compliance with those provisions, instead they report that the results of their tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Non-federal entities that expend $500,000 or more a year in federal awards are required by the United States Office of Management and Budget (OMB) to have a “single audit.” The **Financial Report** and the **Compliance Report** together comprise a “single audit.” This reporting package is submitted to the Federal Audit Clearinghouse within the earlier of 30 days after receipt of the auditor’s report, or nine months after the end of the audit period. OMB Circular A-133 sets forth the standards for obtaining consistency and uniformity among federal agencies for the audit of
States, local governments, and non-profit organizations expending federal awards. The Compliance Report is often referred to as the A-133 audit.

- **The Bond Funds Financial Report** – This financial report is a subset of the institution-wide financial statements and is prepared for the purpose of complying with the requirements of the University’s bond ordinances. These statements include operations from the University Bookstore, the Student Union, Dining Services, Housing facilities, interest income on excess funds, government royalties, permanent land income, utility and telecommunications income. They also include the following plant funds: Project Acquisition Fund (unexpended funds), Capital Fund (renewals and replacement fund) and Retirement of Indebtedness Funds (reserve fund created by bond resolutions). The auditors express an opinion that these financial statements present fairly, in all material respects, the financial position of the Bond Funds as of the fiscal year end, and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. They also provide “negative assurance” with respect to Debt Compliance; they state that nothing came to their attention that caused them to believe that the University failed to comply with the terms, covenants, provisions, or conditions, as listed in Article VIII, of each of the bond resolutions and the Financial Guaranty Agreement related to each of the Surety Bonds insofar as they relate to accounting matters.

The **Bond Funds Financial Report** is submitted to the Electronic Municipal Market Access (EMMA) system to comply with annual disclosure requirements. The audited report must be submitted within 170 days of the fiscal year end. The report is also submitted to Assured Guaranty Municipal Corp. (insurer of the 2004 bond issue) and Ambac Assurance Corporation (insurer of the 2005 bond issue).

- **Wyoming Public Media Financial Report** – these financial statements present only the operations of Wyoming Public Media (WPM). The auditors express an opinion on the fair presentation of WPM’s financial position and results of operations.

WPM’s financial information is submitted in November to the Corporation for Public Broadcasting.

- **Intercollegiate Athletics Report** – This report constitutes an “agreed-upon procedures” engagement; its scope is less than that of an audit. The procedures include, but are not limited to, identifying all individual contributions that constitute more than 10% of total contributions, examination of cash receipts and disbursements, identification of unique internal control aspects and various inquiries related to compliance issues. The National Collegiate Athletic Association (NCAA) in their 2006 Financial Audit Guidelines suggests that these procedures and the auditors make no representation regarding the sufficiency of the procedures. This engagement is solely to assist the University in complying with NCAA Constitution 6.2.3.1.
During the discussion he noted that the University has a target of 2.5 to 1 for debt ratio and this institution is at 2.68, commenting that bond holders should feel secure on this finding. He then discussed briefly the schedule of findings and questions cost, and the University’s corrective plan.

Associate Vice President for Fiscal Administration Janet Lowe commented that when these statements are presented every year, they do not necessary look at, “how much we are worth” as the top blue line is total assets and the bottom line is total net assets (this year called net worth) and for the first time in history the net position has exceeded a billion dollars. Associate Vice President Lowe also stated that Standards and Poors affirmed the AA rating stating, “

Standard & Poor’s Rating Services recently affirmed the University of Wyoming’s ‘AA-’longterm rating and underlying rating on various tax-exempt facilities improvement revenue and revenue refunding bonds, continuing the Positive outlook assigned last year. The ‘AA-’rating and positive outlook reflects S&P’s “view of UW’s fundamental institutional credit strengths, including its position as the state’s only four-year public institution, strong historical state support, revenue diversity, strong management team with good fiscal planning and policies in place, consistently positive financial operations on a full-accrual basis, and manageable debt burden.” (Standard & Poor’s Rating Services Ratings Direct – University of Wyoming Trustees; Miscellaneous Tax; Public Coll/Univ – Unlimited Student Fees, dated October 21, 2013).

Trustee True inquired if those were book value or market value, and Associate Vice President Lowe stated it depends on the type of asset. Interim Vice President for Academic Affairs Dick McGinity provided comments about Mr. Hearne’s firm, noting the awards his business has received and their reputation for being a superb professional accounting firm.
AGENDA ITEM TITLE: Fiscal Year 2014 Budget Authority Increase, Mai/Lowe

CHECK THE APPROPRIATE BOX(ES):

☐ Work Session
☐ Education Session
☐ Information Item
☑ Other Specify: Committee of the Whole (Consent Agenda)

MINUTES OF THE MEETING:

Associate Vice President for Fiscal Administration Janet Lowe discussed the University of Wyoming (Agency 067) Budget Authority Increases for fiscal year 2014 budget, Part 1: Summer School Revenue and Part 2: ASUW

Associate Vice President Lowe briefly discussed the Summer School Revenue item noting the President is requesting a $1,305,076 increase in the university’s Fiscal Year 2014 operating budget authority to accommodate the carryover of earmarked UW Income Fund revenue that is generated by summer school activities. This is a non-recurring allocation of UW Income Fund revenue to Academic Affairs, which is subsequently distributed to support part-time salaries and support services costs.

Associate Vice President Lowe stated that ASUW is requesting a $10,000 increase in the university’s Fiscal Year 2014 operating budget authority to acquire design services for Level I planning of the ASUW Student Memorial Plaza. ASUW will engage a firm for this planning and return with design, returning with construction price for the project in the coming months.

ASUW President Brett Kahler provided some of the history of this project noting that in March 2013, the ASUW Senate passed Senate Bill #2392 (see Senate Bill following this section of the minutes), which earmarked $125,000 from the ASUW Special Services Endowment to be used for a Student Memorial. Mr. Kahler stated that the plaza is a place to recognize all students who have died while at the University of Wyoming. The location of this plaza is still to be determined. Ten-thousand dollars ($10,000) of the $125,000 is designated for planning, scoping, and rendering of the project through an outside consultant. Should the design contemplate that the Memorial could be completed before June 30, 2014, ASUW will request additional budget authority later in the fiscal year, based on the design specifications.

It was noted that this item is listed on the Consent Agenda for approval by the Board.
SENATE BILL #2392

TITLE: ASUW Special Services Endowment Allocation for the Planning, Scoping, Rendering, and Creation of the Student Memorial Plaza

DATE: March 7, 2013

AUTHORS: President DeFebaugh, Vice President Kahler, and Chief of Staff Hayes

SPONSORS: Senators Messer, Perala, and Unangst

1. WHEREAS, the Associated Students of the University of Wyoming (ASUW) has been in development of a “Student Memorial” for the last four years; and,

2. WHEREAS, the University of Wyoming is currently without a means in which to recognize,

3. honor, and memorialize loss of student life; and,

4. WHEREAS, the University of Wyoming and ASUW have a firm belief the these lost

5. students are always a UW Cowboy; and,

6. WHEREAS, the University of Wyoming and ASUW should highlight the Cowboy spirit that these student embrace and live while attending, and then carry with them; and,

7. WHEREAS, the construction and renovation of Half Acre Gymnasium is beginning spring of 2013, and this timing is appropriate to construct a student memorial adjacent to the Student Union, Half Acre Gym, and Prexy’s Pasture; and,

8. WHEREAS, the ASUW Student Services Endowment (Facilities Endowment) in FY ’13 currently has a budget of $119,245.72 with an additional $125,000.00 earmarked from Senate Bill #2345 for a total of $244,245.72 with an additional interest rate of $66,607.09 gained in FY ’13 for a total of $310,852.81 expendable in FY ’14.

9. THEREFORE, be it enacted by the Student Government of the Associated Students of the University of Wyoming (ASUW), that the earmark of $125,000.00 from Senate Bill #2345
18. be reallocated to fund a Student Memorial project; and,

19. THEREFORE, be it further enacted by ASUW that $10,000.00 of the $125,000.00 earmarked be allocated to hire an outside consultant to help with the planning, scoping, and rendering of the ASUW Student Memorial Plaza; and,

22. THEREFORE, be it further enacted by ASUW that the allocation not be transferred from the ASUW account until a contract is signed to hire the consultant; and,

24. THEREFORE, be it further enacted that ASUW is financially committed to the completion and dedication of the Student Memorial Plaza project through earmarked funds, outside fundraising, and other appropriate sources.

Referred to: Budget and Planning Committee

Date of Passage: 03/26/13

Signed: [Signature]

"Being enacted on 4/2/2013, I do hereby sign my name hereto and approve this Senate action."

ASUW President
AGENDA ITEM TITLE: Tuition and Fees, Mai/Lowe

CHECK THE APPROPRIATE BOX(ES):

☐ Work Session
☐ Education Session
☐ Information Item
☐ Other Specify:

MINUTES OF THE MEETING:

Due to time constraints, this topic was held for discussion following the business meeting.

Associate Vice President for Fiscal Administration Janet Lowe noted that this topic does not require action until the March Board of Trustees meeting. She then discussed the powerpoint (inserted following this section of the minutes) which highlighted the areas of fees and the types of fees, what tuition revenue is used for, resident versus nonresident tuition, trends in tuition, and how the University of Wyoming compares across the country.

There was brief discussion regarding the proposed retirement contribution and legislative bills coming forward in the upcoming session.

State Superintendent Cindy Hill then read language from the Wyoming Constitution regarding making tuition as free as possible. She then discussed the average UW student and the debt they carry when they leave the University, and commented that the University is getting further and further away from that statement of being nearly free. Superintendent Hill then thanked Associate Vice President Lowe for her work.

Trustee Mead commented that he did not support the vote when tuition was last approved, as he felt the increase should have been greater than the recommendation. He commented the he will again be sending the message that tuition should be raised more and that faculty and staff are being paid below market rate and this issue needs to be addressed. Trustee Mead added that in conversations with students about this topic, not one objected to students contributing to this effort. A recent example of student contribution was for the AA renovation.

ASUW President Brett Kahler inquired about the number of credit hours the information was based on in the presentation, with the answer being 30 credit hours per year (15/semester). ASUW President Kahler then noted that the ASUW Tuition Task Force is reviewing information about increases and it is hard to determine what they will recommend. However, the student body knows they have a job in making this institution great and this is challenging when great faculty are leaving for employment at other institutions. Mr. Kahler stated that students would support a tuition increase, with 4-5% being reasonable.
There was then discussion by the Board regarding average cost for resident students and the average out of pocket cost per student, enrollment numbers and Hathaway monies.

State Superintendent Hill suggested that the student not carry the burden. Trustee Lauer noted that he has supported tuition increases over the years and would ask that there be predictability to the increases, keeping in mind the segment of students who are not able to afford a college education.

Associate Vice President Lowe thanked Arley Williams and her staff in the Budget Office and Office of Institutional Analysis for their work on this presentation and updating the data.

The Board requested that this information be mailed to them, and in addition information regarding total cost of attendance.
Today’s Overview

• BOT timeline for tuition and fees changes

• Background

• Part 1: Fees
  • mandatory and non-mandatory

• Part 2: Tuition

• Part 3: How does UW compare?
  • Data for academic year 2012-2013
  • Updated data for academic year 2013-2014 now being collected
BOT Timeline for Tuition and Fees Changes

- November 2013 initial briefing
  - no formal recommendation

- January 2014 continued briefing
  - more specific details/information

- March 2014 – FY 2015 proposed UW Fee Book
  - will be presented with President’s recommendation for approval

- Effective date - July 1, 2014 (Fiscal Year 2015)
Background

- BOT is being asked to consider potential increases in tuition and fees for FY 2015 and associated uses of revenue generated
- UW recently used a process of setting tuition and fees for FY 2011-2012 and FY 2013-2014 to coincide with the biennial budget, then made mid-biennial adjustments to fees, as needed
- Now proposing a one-year program and focus on FY 2015 (tuition and fees)
- No action needed until March 2014 BOT meeting

¹ Fees are shown on an annual basis
² Mid-biennium changes were made to these two fees in 2011
³ Half Acre Gym renovation and expansion--$27M total project; $12M from student fees and $15M from General Fund; required increase of $64 per student per year to cover debt service payments for $12M, $50 per student per year in FY 2013 and $34 per student per year in FY 2014.
Non-Mandatory Fees

- Residence Life and Dining Services
  - Room
  - Board
  - Rent
- Program/course specific fees
- User Fees also include charges for facility usage, technology fees for scanning and cataloging printed material, golf course and day-care fees, and parking and transit fees. The majority of these fees are charged to non-students.
- All mandatory and non-mandatory fees are listed in the University of Wyoming Fee Book publication
Fee Setting Process

- To maintain a balance between tuition and fees, fee increases for FY 2015 will be limited to cost increases for:
  - Compensation – Salaries and associated employer-paid benefits for Section II units (pending outcome of legislative session and associated request for Section I salary increases)
  - Group health insurance – 6.5% (preliminary estimate)
  - Retirement contribution – 0.5%
  - Utilities – 7.5%
- Requests for fee increases are due to the Vice President for Administration on November 15, 2013 for review and analysis by the Fee Book Committee
- Fee Book Committee will make recommendations to Executive Council
- ASUW will review and act on proposed mandatory fee recommendations
- Final draft proposals to be considered by the BOT at March 2014 meeting
Part 2: Tuition

- General Tuition

- Differential Tuition - Four Professional Programs
  - Law (J.D.)
  - Pharmacy (Pharm. D.)
  - Business (MBA)
  - Nursing (DNP)

* Tuition increase was 2% for residents and 4.5% for non-residents in each fiscal year
** Based on 30 hours/year for undergraduates and 24 hours/year for graduates
Part 3: How Does UW Compare?
State Support and Education Pricing

- UW enjoys one of the highest levels of state appropriation support among public universities nationwide
- Cost of education for UW students is subsidized by taxpayer support, reducing price students pay
- Result: UW tuition and fees are among the lowest in the entire country (resident undergraduate, resident graduate)

QUESTIONS?
AGENDA ITEM TITLE: CAEDA Lease Update, Gern/Miller

CHECK THE APPROPRIATE BOX(ES):
- [x] Work Session
- [ ] Education Session
- [ ] Information Item
- [ ] Other Specify:

MINUTES OF THE MEETING:

Vice President and General Counsel Rick Miller provided a briefing on the Casper Area Economic Development Alliance (CAEDA). He discussed background regarding meetings and conversations with CAEDA within the past years, noting that in the summer 2013, the University of Wyoming entered into an agreement with CAEDA to take over and manage the Casper Area Innovation Center as part of the Wyoming Technology Business Center group.

Vice President and General Counsel Miller commented that it is expected that operation of the WTBC-CA will not require any additional funding from the general appropriation made by the Wyoming Legislature to the University of Wyoming. Rent, service contract payment by clients and annual payments from CAEDA will cover the operational costs of the Wyoming Technology Business Center – Casper Area (WTBC-CA).

Vice President and General Counsel Miller stated that the Board would be requested to authorize the administration to finalize negotiations and executive documents for the CAEDA Lease, subject to terms and conditions discussed during the Executive Session by Vice President and General Counsel Rick Miller. Vice President Miller added that there are a number of technical details with the insurance, etc. that were structured in the draft leases. He added that final documents could be shared before they are executed; however, there is a hope to finalize the document next week.
MINUTES OF THE MEETING:

Vice President and General Counsel Rick Miller noted that they are on the front end of negotiating the ground lease for the UW conference Center and additional information to be provided to the Board in the future.

It was noted that this item and language would be added to the Consent Agenda.
AGENDA ITEM TITLE: **UW Plaza Update**, Miller

CHECK THE APPROPRIATE BOX(ES):

MINUTES OF THE MEETING:

Vice President and General Counsel Rick Miller provided some background regarding the UW Plaza and commented that the Board would be asked to authorize the administration to finalize negotiations and executive documents for the UW Plaza, subject to terms and conditions discussed during the Executive Session by Vice President and General Counsel Rick Miller. Vice President Miller added that there is some sense of being timely with moving forward with negotiations.

Trustees Davis and MacPherson expressed their concerns for rushing approval of this item, with Trustee MacPherson stating the documents must give the University the option that all or part be sold and the option to purchase. Vice President Miller explained that these options would be included.

It was noted that this item and language would be added to the Consent Agenda.
AGENDA ITEM TITLE: Joint Meeting with Energy Resources Council (ERC)
[This will be a working dinner at the UW Conference Center, Salon C]

Thursday, November 14, 2013
6:00–8:00p.m. Joint Meeting with UW BOT (working dinner)
[UW Conference Center at the Hilton Garden Inn - Salon C]

Joint Discussion & Presentation

- Paul Lang (10 minutes) – State of SER
- Dave Palmerlee (5 minutes) – Observations
- Tim Considine – (15 minutes) Update of the Center of Energy Economics & Public Policy Projects
- Mark Northam (10 minutes)
  o Challenges & Opportunity of Leadership Changes
  o Tier 1 – implementation
  o Fund Raising – Private Sector Partnership

MINUTES OF THE MEETING:

These notes were provided by staff of the Energy Resources Council.

BOT/ERC Meeting Minutes November 14, 2013 – UW Conference Center

BOT members in attendance: Dave Bostrom, John MacPherson, Jeff Marsh, Dave True, Larry Gubbels, Wava Tully, Betty Fear, Brad Mead, Warren Lauer, Dick Davis, Dave Palmerlee

ERC members in attendance: Tom Botts, Indy Burke, Rob Wallace, Paul Lang, Carl Bauer, Jim Anderson, Chris Boswell, Jeane Hull, Dave Palmerlee

Others in attendance: Khalid Gasem, Tim Considine, Nadia Kaliszewski, Abby Scott, Diana Hulme, Mary Byrnes, Mark Northam, Cath Harris, Bill Gern, Ben Blalock, Pam Anderson, Dick McGinity, Chris Boswell, Rob Hurless, Rick Miller

7:25pm Call to Order by Trustee President Bostrom and turned over to ERC Chairman Paul Lang.

Lang remarked about the ERC changes the past year, introducing Senator Jim Anderson, Tom Botts and David Emery joining the council. Introductions made around the room.
Chris Boswell remarked that the following energy funds - $7.9M engineering facilities, $8.5M new state appropriations to meet UW's commitment for tier one attainment for college of engineering, $15.5 requested in matching funds for high bay research facility.

Dave Palmerlee announced Sternberg resignation, Dick McGinity to be acting president, senior level changes will remain with transition, said BOT is committed to support ENR and SER into the future, BOT supports initiative to support energy, natural resources and agriculture.

Dave Bostrom noted that he impressed with the representation on the ERC and the cooperative efforts between SER, ENR, and the BOT. "Our product are students, we're not doing our job if we're not listening and creating the right environment to produce the desired result."

ERC Chairman, Paul Lang, discussed a few of the changes in the ERC, including the retiring of Ron Harper, gained Tom Botts, Jim Anderson, and David Emery. Discussed the overlap and work going on with respect to the Tier I Initiative through the leadership of Tom Botts, Tom Lockhart, Mark Northam, and Paul Lang. Lang mentioned the success of the opening of the EIC, the job placement rate of the first graduating class of the ERMD degree program. Lang said he believes SER is still relevant to all the energy industries operating in the state and called out the challenges – particularly the decline in Powder River basin coal. Paul thanked the BOT for their support.

Tim Considine presented the attached PowerPoint on the status of the Energy Economics and Public Policy Center.

Mark Northam presented the state of the School of Energy resources highlighting the areas of concentration - unconventional reservoir extraction and value added investment of extracted resources, the opening the Energy Innovation Center, student progress and SER's commitment to tier one status of the engineering college. PowerPoint attached.

Paul Lang remarked that the SER is committed to education and job placement, maintaining a meaningful resource to the state, collaborating with industry and conduct research and education without silos.

Dick McGinity expressed support for the template that SER has provided the University in demonstrating leadership though collaboration throughout campus and suggests that more is to come.

Dinner meeting adjourned at 8:35 PM.
UNIVERSITY OF WYOMING
School of Energy Resources
Update for the UW BOT

November 14, 2013
November 14, 2013 Update

Outline

• The Wyoming Energy Resources Council
• The Energy Innovation Center
• SER and Tier 1 College of Engineering
• High-Bay Research Facility
• Center for Innovation for Flow In Porous Media
Wyoming Energy Resources Council

Paul Lang (Chairman) – COO and Executive Vice President, Arch Coal Inc.

Representative Tom Lockhart (Vice Chairman) – Chairman, House Minerals, Business, and Economic Development Committee

Senator Jim Anderson – Wyoming State Senator, Senate District 02

Carl Bauer – Retired Director, National Energy Technology Laboratory, U.S. Department of Energy

Thomas M. Botts – Retired Executive VP of Global Manufacturing, Shell Corporation

Indy Burke (ex-officio) – Director, Haub School of Environment & Natural Resources

David Emery – Chairman, President and CEO, Black Hills Corporation

Jeane Hull – Executive Vice President, Technical Services, Peabody Energy

David Palmerlee (ex-officio) – University of Wyoming Board of Trustees

Dr. Robert Sternberg (ex-officio) – President, University of Wyoming

Rob Wallace – Managing Partner, Rob Wallace Group

Martha B. Wyrsch – Former President, Vestas-American Wind Technology, Inc.
The Energy Innovation Center
Northeast View

Moved in December 2012
Ribbon Cutting September 12, 2013
The Energy Innovation Center

Key Features

• Technology Enterprise
  ✓ Shell 3D Visualization Research Lab
  ✓ BP Collaboration Center
  ✓ Encana Teaching Auditorium
  ✓ WPX Drilling Simulator Teaching Lab
• Rapidly reconfigurable research laboratories
  ✓ Hess Digital Rock Physics Lab; Grand Opening September 19-20
  ✓ Enhanced Oil Recovery Research Lab
  ✓ ExxonMobil Improved Oil Recovery Research Lab (Dr. Alvarado, et. al.)
  ✓ Peabody Energy Advanced Coal Technologies Research Lab (Drs. Fan and Bell)
• Student facilities for meeting, studying, advising, classes, etc.
• Office space
  ✓ SER and EORI
  ✓ Ample Visiting Professionals Offices (Arch Coal and Marathon)
Strategic Areas of Concentration

Investing in energy programs at UW:

• **Create Balance**
  ✓ Balance investments equitably among the energy sectors, and
  ✓ Balance between market protecting and value-adding energy technologies

• **Create Distinction**
  ✓ Distinguish UW programs (academic, research, and outreach) in areas of strategic importance to Wyoming’s economy

• **Concentrations (Tier I Engineering Niches)**
  ✓ Unconventional Reservoirs
  ✓ Conversion Technology
Strategic Areas of Concentration
Recent Accomplishments (and challenges)

• Faculty
  ✓ Dr. Felipe Pereira now 50/50 Math/Petroleum Engineering
  ✓ Hired Dr. Dario Grana from Stanford; joint appointment Geology/PE
  ✓ Extended searches in Geomechanics, Petroleum Systems, and High-Temperature Catalysis

• Research
  ✓ Hess Digital Rock Physics Lab established in EIC
  ✓ Improved Oil Recovery collaboration with ExxonMobil
  ✓ Conversion technology research breakthroughs

• Partnerships Growing
  ✓ New research agreements with Saudi Aramco, Halliburton, EOG
  ✓ Big increase in O&G student recruiting and hiring at UW
  ✓ Partners now coming to us.
The High-Bay Research Facility
Southwest View

Coming in Late 2015?
Integration of Programs and Facilities

Coordination of Facilities

- Energy Innovation Center
  - SER, Energy teaching, collaboration, research
- Enzi STEM Facility
  - Undergraduate laboratory instruction across sciences, technology, math
- High-Bay Research Facility ($24 MM; $16.4 MM raised, $8.2 MM prospects)
  - Level II design about to commence; hope to occupy in 4th Q 2015
  - Large-scale energy research, temporary space during construction of COE Facility
  - Center of Innovation for Flow in Porous Media
- College of Engineering Facility
  - Level II design funded, further definition of Tier 1 plan underway
  - Engineering teaching, faculty/staff/student offices, upper division teaching labs, faculty research, etc.
Center of Innovation for Flow in Porous Media

We seek to establish world’s most advanced multiphase flow and transport in porous media research center.

- Key components of the Center:
  - Facilities and equipment to enable world-leading *experimental* and *computational* research.
  - Broad partnerships to conduct and sustain cutting-edge research, and deliver new technology in real-world applications.
  - Private sector and grant funding sufficient to build, equip, and operate the Center for a decade ($150 million).

- Initial focus – conventional and unconventional O&G recovery.
- Transition to other porous media interests (membranes, catalysts, drug delivery, etc.)
Center of Innovation for Flow in Porous Media

Critical Components:
- UW – Private Sector partnership.
- Network of multi-disciplinary collaborating institutions
- Enablers:
  - Equipment Makers
  - Service Companies
School of Energy Resources

Building a sustainable energy future for Wyoming, the region, and the nation.

Creating distinction for Wyoming’s University.

University of Wyoming
AGENDA ITEM TITLE: Wyoming Governor’s Energy, Engineering, STEM Integration Task Force (WGEESIT) Update, Gasem

CHECK THE APPROPRIATE BOX(ES):
- Work Session

MINUTES OF THE MEETING:

Interim Dean of the College of Engineering and Applied Science and Associate Provost Khaled Gasem provided the Board with an update on activities that have transpired in recent months regarding Wyoming Governor’s Energy, Engineering, STEM Integration Task Force (WGEESIT). He commented on the call for action from the Governor and Legislature envisioned a tier I facility and college of engineering, operating at a high level of productivity. He then discussed economic development and delivering value economically to the State of Wyoming.

Associate Provost Gasem stated that they will show that sufficient work has been done and executed well enough that the University is closer to Tier I status.

State Superintendent Hill inquired about the specifics regarding deliverables, i.e. number of graduates and dollars, etc. Associate Provost Gasem stated that the University graduates about 15 Phd students and hope to push that number closer to 50. We will push forward for national recognition, with journals and publications supporting the institution. We will also be working to recruit more undergraduate students. All the numbers have not yet formed up in the planning, as the group is currently trying to gather baseline data. Targets are being set and the group is definitely looking at each of the mission elements. Associate Provost Gasem noted that the University is currently working on undergraduate programs.

State Superintendent Hill inquired about the goal is tier I and understanding that other schools are moving in the same direction, when we hope to have this in place. Associate Provost Gasem noted the University hopes to have closer to tier I in 2020. It will take time, but the hope is to have a good dent in the objective.

State Superintendent Hill asked that the Board receive the specific numbers as it will be helpful to track progress and meeting goals. Associate Provost Gasem commented that the number should be prepared to articulate at to the Board in January.

Trustee Gubbels asked if they have any of the big energy companies on their boards, to which Associate Provost Gasem responded that there are a number of large energy companies represented. Trustee Bostrom stated that next WGEESIT meeting is late January in advance of the legislative session and that the Governor has made sure there is Board support on this team and collaborative
efforts. He added that Associate Provost Gasem and Professor Andy Hansen’s work is much appreciated. The energy companies are demanding results—we are doing it right.

Trustee Marsh inquired about the specific goal for number of undergraduates, commenting that it was initially stated that they wanted to see growth from 1400 to 2100 in 6-7 years in the undergraduate enrollment, asking if this was a realistic number.

Associate Provost Gasem commented again that they are working to firm up the number, noting there are space requirements. There are resources that need to be in place and the group will look at human resources, capacity and resources expecting to be allocated for this initiative as they create goals. He commented that they will not give the Board a promissory note that is not executable, and plans to bring the Board number that are credible.

Trustee True commented on the supplemental budget request for $17.8M and asked if most of that funding is going to be reoccurring annual monies between the start of next fall and until we get to 2020. Associate Provost Gasem stated that this is a projection on how this is stage funding this initiative until we get to a steady state of operations.

State Superintendent Hill asked if there will be annual benchmarks and a means of reporting back to the Board of Trustees, to which Associate Provost Gasem commented, yes, that is the plan.

Trustee Palmerlee inquired about the funding and how the University will pay for this project, including money from the School of Energy Resources and the University’s funds. Associate Provost Gasem discussed the startup monies and commented that funding will come from the engineering office and some funding will come from the Provost’s office. Trustee Palmerlee expressed his concerns that there will be a tier 1 tax on the university that will affect the colleges and units.

Interim Vice President for Academic Affairs Dick McGinity commented that this institution cannot think in one year increments, but rather it needs to consider long term focus. There are a number of colleges and disciplines that will benefit from this initiative in the college of engineering. Education will have a very important part in this exciting project and it will take leadership, explanation and communication.

Trustee Palmerlee followed up on State Superintendent Hill’s inquiry regarding benchmarks and noted that one of the Energy Resource Council members inquired at the dinner the evening before if the Board would have benchmarks for themselves and added that the believes this is something the Board should follow-up on.

Trustee Davis commented that the Board does not quite understand the flow of money, and Interim Vice President McGinity stated it can be and will be transparent and that questions should be kept on the table.
Faculty Senate Chair Colin Keeney asked if when considering the staffing needs, if the group sees a significant increases on hiring faculty or drawing from existing programs, and hiring specifically in those areas. Associate Provost Gasem stated that there will be eight strategic hires, as there needs to be sufficient expertise in the niche areas. The strategy is that those hires will add depth and expertise in the targeted areas and will be selected carefully. Faculty Senate Chair Keeney asked if the new hires would be housed specially in the STEM program or assigned to various departments, and Associate Provost Gasem stated that they will not be in the specific areas but guided by the areas.

Associate Provost Gasem thanked his colleagues for their kind remarks and assured the Board that there are a number of people supporting these efforts, and thanked those in the college and in the working group, task force members who are committed to this initiative.

Trustee Bostrom inquired if the college is going to create depth, do they need to reapply resources to those niche areas and will emphasis be taken off other areas to place emphasis on the niche areas. He then commented that we need to be committed for the long term and will be confronted with programmatic changes and may need see them over time.

Interim Vice President McGinity stated that this initiative draws on a huge array of disciplines—interdisciplinary. The issues need to be addressed in a comprehensive way and addressing requires a symphony of skills that will cut across many colleges and departments. Associate Provost Gasem added that one of the main initiatives is integration.

Trustee Bostrom thanked Associate Provost Gasem for his leadership.
MINUTES OF THE MEETING:

The Board of Trustees met for a working lunch to discuss Board Operations. They first discussed extending meetings from two meeting days to three meeting days to allow more time for the Board to cover topics that required attention. Trustee Bostrom asked that each Board member provide a list of topics he/she would like to bring back for discussion, conclude discussion or new topics to be introduced at future Board meetings. Trustee Bostrom listed CPM (Central Position Management) as an example of a topic to be discussed at an upcoming meeting.

Trustees Marsh and Fear commented that Board meetings had been cut short in the last year, so topics had not been covered. Trustee True requested that if meeting dates are going to change, to send out notification of the date changes as soon as possible so Trustees could adjust their calendars. Trustee Marsh commented on adding a half day to the meeting dates with addition of a possible working event during the meetings.

The Board discussed the January meeting dates and extending the meeting to include Saturday, January 18. There was consensus by the Board to make this change.

Trustee Marsh expressed his support for conference calls with the Board to handle routine business as needed, as these are easy for Board members to coordinate.

Trustee Bostrom then discussed the topic, “Trustee Award of Merit Criteria.” He noted that there is currently a nomination for this award to be reviewed and discussed by the Board. Trustee Bostrom commented that there has been conflicted support from the Board in the past regarding criteria for receipt of this award. He then asked that Trustees True, Tully and Gubbels form a committee to review criteria for receiving these awards and provide recommendations for future nominations. Trustee Bostrom added that in years past many of the awards were given to trustees who finished their terms in office. The thought is that receipt of this award should carry real prestige. Trustee Davis commented that there may be another way to recognize trustees as they finish their terms.
Trustee True accepted the appointment and asked for some institutional knowledge. Trustee Bostrom commented that Kim Reichert would have that amount of knowledge and would provide to the ad hoc committee a list of former award winners and the reason for receipt of the awards.

Trustees Bostrom commented that there is not a set date or time period when these are reviewed and considered; they are handled on an individual basis.

Trustee Bostrom then discussed the retreat location, noting that the location has not been selected. He commented that the Board was scheduled to visit the southwest corner of the state at one time, but moved the location of the meeting. Trustee Fear commented that Rock Springs would be a good location, and recommended the Board do something with Western Wyoming Community College if in the area. Trustee Palmerlee provided positive comments about the UCross Foundation, Shady Lane Foundation close to the Sheridan/Buffalo area, noting that he and Trustee Davis could co-host the group in that area.

After brief discussion, it was decided that the Board Retreat location would be in Rock Springs, Wyoming, July 16-18, 2014.
Committee of the Whole- CONSENT AGENDA

Approval of the Guaranteed Maximum Price (GMP) for the Arena Auditorium Renovation, Phase 1, Mai/Collins

CHECK THE APPROPRIATE BOX(ES):

☐ Work Session
☐ Education Session
☐ Information Item
☒ Other Specify: Committee of the Whole (Regular Business)

MINUTES OF THE MEETING:

The Board was informed of updates related to completion of the Arena-Auditorium Renovation, Phase 1, noting the discovery of some bedrock issues which will increase total cost for Phase 1 of the project. This phase will be $12M. The Board is being asked to approve the revised number as distributed in the handout. [See revised narrative following this section of the minutes.]

Trustee Gubbels inquired about the bedrock expense to which Facilities employee Larry Blake explained and also responded to Trustee Marsh’s comment that the court floor will be higher but expanded.

It was noted that this item is on the Consent Agenda for Board approval.
AGENDA ITEM TITLE: Approval of the Guaranteed Maximum Price (GMP) for the Arena-Auditorium Renovation, Phase 1, Collins/Mai

CHECK THE APPROPRIATE BOX(ES):
- Work Session
- Education Session
- Information Item
- Other Specify: Committee of the Whole (Consent Agenda)

BACKGROUND AND POLICY CONTEXT OF ISSUE:
The Athletic Facilities Master Plan recommends two phases of renovations to the Arena-Auditorium. Phase 1 includes renovations to the basketball court, seating bowl, and locker room level; and a future Phase 2 may include building additions and renovations to the concourse and spectator services located on the concourse level.

The proposed Arena-Auditorium Renovation, Phase 1 will include expansion and replacement of the basketball court floor to provide re-orientation of the competition court; partial practice courts at the sides of the competition court; reconfiguration and replacement of the seating in the lower bowl to include up to approximately 4,600 upgraded seats; renovation of most of the current locker room level to create enhanced men’s and women’s locker rooms, sports medicine suite, strength and conditioning center, visiting team and officials’ locker rooms, post-game interview room, etc.; installation of upgraded lighting, new videoboards, and sound system in the arena; and life-safety and ADA-compliance improvements.

The total project budget for the Arena-Auditorium Renovation, Phase 1 is $12,850,000. The project will be funded through $5M in state funding and a combination of private and state match dollars for a total of $12,850,000. The preliminary project budget for the Arena-Auditorium Renovation Phase 2 is $17,150,000. The estimated total cost for the entire Arena-Auditorium Renovation project is $30M.

Haselden Wyoming Constructors has been working with By Architectural Means and the Arena-Auditorium Renovation planning team as well as members of the Facilities Planning Office and Physical Plant to develop the Guaranteed Maximum Price (GMP) to be considered by the Board of Trustees at the November Meeting. The GMP proposed by Haselden Wyoming Constructors is $7,099,599. The University will bid packages for seating and electronic videoboards; the value of these packages is approximately $2,550,000. The project is ready to proceed to the final design and construction phase.
PRIOR RELATED BOARD DISCUSSIONS/ACTIONS:

- November 2012 – Board of Trustees approved the architect/engineering firm of By Architectural Means of Cheyenne, Wyoming in association with Sink Combs Dethlefs of Denver, CO.
- May 2013 – Board of Trustees approved the Construction Manager at Risk firm, Haselden Wyoming Constructors of Casper, Wyoming.

WHY THIS ITEM IS BEFORE THE BOARD:
Authorization is required from the Board of Trustees to begin the construction process by bidding all subcontracts and materials supplies while the construction documents are being completed for the construction start in March 2014.

ARGUMENTS IN SUPPORT:
There is sufficient funding through state matching funds and private donations to undertake this project.

ARGUMENTS AGAINST:
None.

ACTION REQUIRED AT THIS BOARD MEETING:
Authorization to approve the construction contract with the Construction Manager-at-Risk, Haselden Wyoming Constructors of Casper, Wyoming, for the Arena-Auditorium Renovation, Phase 1 project at $7,099,599.

PRESIDENT’S RECOMMENDATION:
It is recommended that the Board of Trustees of the University of Wyoming approve the GMP of $7,099,599 and authorize the construction contract with the Construction Manager-at-Risk, Haselden Wyoming Constructors, for the Arena-Auditorium Renovation, Phase 1 project.
Friday, November 15, 2013
Coe Library, meeting room 506
3:00-4:00 p.m. – Business Meeting

Trustee President Dave Bostrom called the meeting to order at 1:11 p.m. on Friday, November 15, 2013.

It was noted that following Executive Session of the Board on Thursday, November 14, 2013, the following action was taken:
Trustee Palmerlee moved that the Board approve and direct President Bostrom to sign the contract reviewed in Executive Session regarding Dr. Sternberg’s employment. Trustee Davis seconded the motion which passed unanimously.

Roll Call
Board of Trustees Secretary John MacPherson took roll.
Trustees participating: Dave Bostrom, Dick Davis, Betty Fear, Larry Gubbels, Warren Lauer, John MacPherson, Jeff Marsh, Brad Mead, Dave Palmerlee, Dave True, Wava Tully, and Howard Willson (phone). Ex-officio Trustees UW Interim Vice President for Academic Affairs serving the duties as president Dick McGinity, ASUW President Brett Kahler, and Wyoming State Superintendent for Public Instruction Cindy Hill were in attendance. Ex-officio Trustee Governor Matt Mead was not in attendance; Mary Kay Hill, Education Policy Advisor to the Governor, participated on his behalf. Ex-Officio Trustee Director for Wyoming Department of Education Richard Crandall was not in attendance.

Approval of Board of Trustees Meeting Minutes
- September 12-13, 2013 Public Session Minutes
- September 12-13, 2013 Executive Session Meeting Minutes
- October 23, 2013 “Special” Meeting Minutes

Trustee Davis moved to approve the minutes as presented. Trustee Gubbels seconded the motion which passed unanimously.

Reports
The reports were provided out of order due to unavailability of ASUW president at the start of the meeting.

Staff Senate
Staff Senate President Jim Logue distributed a written update regarding current activities in the Staff Senate.

Faculty Senate
Faculty Senate Chair Colin Keeney thanked the Board for their consistent support for the teaching mission to the university. As the semester has progressed, the Faculty Senate has been able to broaden and strengthen relationships at the University, and because of these strengthened lines of communication, they are in good shape for moving the University forward.
Faculty Senate Chair Keeney then updated the Board on recent meetings, updates to UW Regs, recent approval of a resolution from Faculty Senate approving changes to USP and changes in gen ed program, a failed resolution which would award 20% raises to faculty upon promotion, and the name change of University of Wyoming/Casper College. Faculty Senate Chair Keeney noted that the University of Wyoming has their own facilities and their own people in Casper, so it would make sense to change the name to reflect that.

Trustee Marsh thanked Dr. Keeney for his group hosting the Board at the reception on Wednesday evening. He then requested additional explanation regarding the proposed name change for UW/CC.

There was discussion by the Board regarding the UW/CC name change. Dr. Keeney provided background and history regarding the Casper College campus, noting that years ago when the University of Wyoming offered UW courses and programs they used Casper College facilities to deliver the programs. When UW built its own building, they were about to use their own facility. The University of Wyoming faculty who are assigned to Casper College are answerable to UW and the faculty and process here in Laramie and they want to be looked at as part of the University of Wyoming faculty body as a whole. They feel the name change will allow that.

Trustee Marsh commented that this is a joint venture which requires a collaborative approach, noting that that perception should be that we are doing this collectively, keeping in mind the best interest of the state.

Faculty Senate Chair Keeney noted that the Board of Trustees at Casper College have approved this name change. There are arguments to be made on both sides, but those on the ground in Casper seem to be in support of this proposal.

Trustee True inquired whether this topic will come before the full board for discussion. It was noted that this item was to be discussed at the September Board of Trustees meeting, but was pulled from the agenda. Trustee True commented that he is concerned about adverse reaction about this notification, with potential pushback from the Casper community. He recommended that conversation take place in Casper, reaching out to folks to discuss and make the community feel more comfortable. Trustee True noted that there has been discussion of a four year institution in Casper for many years, and the University should be careful not to sever their relationship.

Staff Senate President Jim Logue stated that as an employee for the University of Wyoming, located on Casper College campus, he believes this is an opportunity, and Casper is one of the branches of the University located around the state. His experience at Casper College is that there has been confusion about the situation and has made fundraising difficult. Some efforts with this name change are to show the University is located in Casper as well as Laramie.

Trustee Bostrom commented that the Board should discuss this topic.
ASUW
Brett Kahler gave his report after public testimony, as he was not available for presentation at the time of the business meeting.
He provided updates on current project ASUW is focusing on, including the student memorial project and its status, child care scholarship, tuition discussions, and a partnership exchange with Shanghai Normal University.

Public Testimony
Public testimony was rescheduled from Thursday, November 14, at 11:30 a.m. to Friday, November 15, at 1:30 p.m. The board took recess from the business meeting at 1:30 p.m. on for the public testimony.

Dean of the Libraries, Maggi Farrell, stood in front of the Trustees with numerous deans (Mittelsteadt, Steiner, Gasem, Lutz, Frye) and read a statement in support of the directions taken by the University. [See statement following the official minutes.]

Trustee Bostrom thanked the deans for their support and thanked them for all they do for this institution, noting that their support is absolutely and totally meaningful.

John Weeby, freshman and the University of Wyoming, spoke on behalf of the freshman at UW to comment on the one in five students who are taking courses that do not qualify for credit (reference being made to previously discussed pre-college math courses). This is an issue that is important and he has plenty of friends who are attending UW who are not in credit courses and are working hard for them.

Mary Freeman, third year law student at the University of Wyoming, spoke on behalf of herself regarding college of law. She expressed positive comments regarding College of Law Dean Steve Easton and her endorsement for actions from the Board taken the previous day. Ms. Freeman then requested additional information about what went wrong in the communications with Dean Easton and administration.

Interim Vice President for Academic Affairs Dick McGinity thanked Ms. Freeman for joining the meeting and in response to her question, noted that the responsibility for communication to Dean Easton was not on the part of the trustees but rather from Old Main. He added that he personally regrets the resignation of Dean Easton, but that he will continue to value him as a member of the faculty and will the dean and associate dean. Interim Vice President McGinity added that there will be no further miscommunication regarding the law task force or its assembly from here forward. The naming of the task force members and everything to do with the committee will be put off until January. He expects no communication on this topic until the first of the year (2014). He invited her to contact him if she believes there to be continued problems with communication.

Public testimony closed at 1:38 p.m.
Committee of the Whole

Regular Business

Board Committee Reports
[To be held immediately following the committee meetings scheduled for 10:00-11:00 a.m. on Thursday, November 14, 2013; however, was rescheduled for immediately following the subcommittees meetings rescheduled for Friday, November 15, 2013.]

A. Academics and Research Committee (McGinity)

Trustee Lauer, Committee Chair

Trustee True stated that the subcommittee received a report from Anne Sylvester regarding EPSCoR and the work that is being done with computer around the state to look at subsurface water and geophysics around the state. He commented that it was very impressive information and encouraged the Board to consider making this a permanent long term program. Trustee True added that this is applicable to our state.

Trustee Bostrom recommended that this topic be discussed with the full Board at a later date.

B. Fiscal and Legal Affairs Committee (Mai/Lowe)

Trustee Davis, Committee Chair

Trustee Davis noted that this was a busy time of year for the FLAC due to audit. The noted that the FLAC discussed the internal audit for the College of Arts and Sciences. Over a period of many years the college discovered that there was a deficit in the college of approximately $3 million. This occurred possibly because of lack of reporting, accounting and adjusting that exist in such a large college. The college has been able to resolve $2 million and are working to resolve the other million. Trustee Davis noted that College of A&S Dean Paula Lutz was in attendance at the FLAC meeting and is aware of the issues. He added that it is important that efforts be made toward meaningful accounting systems in that college so there is clarity regarding what is really going on with its funds.

Internal Auditor Kathleen Miller and the FLAC will likely discuss this topic again in about six months.

C. Student Affairs/Athletics/Administration/Information Technology Committee (Axelson)

Trustee Willson, Committee Chair

Trustee MacPherson commented that the group had conversations regarding retention and student recruiting. Retention had been at 76% and it is now at 74%. The goal is to take the University to 80%. He then discussed the information regarding the fact that one in five Wyoming freshman do not quality for credit level courses, specifically remedial math. This is something that needs to be looked at.

D. Alumni Board

Trustee Lauer, Board Liaison

Being that Keener Fry and Trustee Lauer were not in attendance, Vice President for Student Affairs Sara Axelson provided a brief update on activities with the Alumni Association commenting that the
strategic planning efforts are phenomenal and the alumni board is working well together—good work coming out of that group!

E. Foundation Board
Trustees Marsh and Willson, Board Liaisons
Trustee Marsh commented on a recent large gift in support of the AA which would be announced formally at a later date. He also noted that the Foundation Board investment committee would meet in December.
Trustee Bostrom commented that all trustees are invited to attend the Foundation Board meetings.

F. Haub School of Environment and Natural Resources Board
Trustee Davis, Board Liaison
Trustee Davis distributed handouts/brochures and referred the Board to page 8 where it discussed work regarding raising money. He noted that the group is interviewing to fill the Knobloch Chair next week. Approximately 70 people were taking a tour of the green buildings on campus. Exciting things are happening at UW even with all the other activities playing out.

G. Energy Resources Council (ERC)
Trustee Palmerlee, Board Liaison
Trustee Palmerlee stated there was no formal report being that the group met for a working dinner the previous evening. He added that the School of Energy Resources is high performing at this institution. Interim Vice President McGinity added that he attended the ERC meeting the previous week and the meeting was exciting and encouraging. He noted that the Haub School and SER are templates for interdisciplinary study.

Consent Agenda
1. Approval of Contracts and Grants – Gern
2. Personnel – McGinity
3. Approval of Revisions to UW Regulations – Miller:
   - UW Regulation 5-1, “Academic Personnel”
   - UW Regulation 5-808, “Post-Tenure Review Policy”
   - UW Regulation 1-44, “Violence in the Workplace”
   - UW Regulation 5-35, “Faculty Dispute Resolution”
   - Appendix A and Appendix B to UW Regulation 5-35, “Faculty Dispute Resolution”
   - UW Regulation 5-408, “Guidelines for Establishing Academic Professionals”
4. Construction Contracts (Easements) – Mai/Collins
   - Approval of Access Easements at the Rogers Research Site, Albany Co., Wyoming
   - Approval of Easement to Rocky Mountain Power for the Indoor Golf Practice Facility
   - Approval of Increase in Easement Width to Rocky Mountain Power at 9th and Lewis
   - Approval of Utility Easement from the City of Laramie for Lewis Steam Project
5. Approval of the Guaranteed Maximum Price (GMP) for the Arena-Auditorium Renovation, Phase 1 –Mai/Collins
6. Annual Audited Financial Statements – Mai/Lowe
7. Fiscal Year 2014 Budget Authority Increase – Mai/Lowe
8. Approval of Recommendation for Vice President of Administration William Mai as Deputy Treasurer of the UW Board of Trustees – Sternberg
9. Authorization to for the administration to finalize negotiations and executive documents for the UW Plaza, subject to terms and conditions discussed during the Executive Session by Vice President and General Counsel Rick Miller *(added following discussion during Executive Session)*
10. Authorization to for the administration to finalize negotiations and executive documents for the CAEDA Lease, subject to terms and conditions discussed during the Executive Session by Vice President and General Counsel Rick Miller *(added following discussion during Executive Session)*

There was brief discussion regarding Consent Agenda items.

Vice President for Research and Economic Development Bill Gern commented on his section regarding contracts and grants, noting that the numbers are a little low due to the government shutdown. Trustee True inquired about the fluctuation in the amounts on the awards and typically when the higher months fall. Vice President Gern noted that some agencies are approaching end of fiscal year so there is a spike in the awards.

Vice President and General Counsel Rick Miller commented that those UW Regs listed on the Consent Agenda are routine cleaning up of language. Associate Vice President for Administrative Operations Mark Collins referred the Board to the materials in the report, noting that the narratives for those items are fairly self-explanatory.

Trustee Davis moved to approve the consent agenda, with second from Trustee Fear. There was no further discussion and the motion passed unanimously.

**New Business**

**Retreat Location**
The Board of Trustees determined the July 16-18, 2014, retreat location will be Rock Springs, Wyoming.

**Old Business**
There was not old business to discuss at this time.

**Date of Next Meeting**
January 16-18, 2014, in Laramie, Wyoming *(date changed following discussion during work session)*

The Board of Trustees decided to extend the dates for the January meeting to include Saturday, January 18, 2014.
Adjournment
The Board adjourned the Business Meeting at 1:49 p.m. with motion from Trustees MacPherson and second by Trustee Mead.

Before the end of the meeting, it was noted that Trustee Lauer be added as a “yes” vote to all items approved. Trustee Bostrom accepted his request.

The Board meeting adjourned at 2:47 p.m.

Respectfully submitted,

Shannon Sanchez
Deputy Secretary, Board of Trustees
The deans of the University of Wyoming thank Dr. Robert Sternberg for his service to UW, and wish him, Karin and their family well. We appreciate Dr. Richard McGinity for taking on the mantle of leadership during this time of transition. We are committed to work alongside him, and together we will continue improving and moving the University forward. As deans, it is a privilege to serve the students, faculty, and staff of UW, and the citizens of Wyoming, and we ask all to join us in working together for the good of the state and UW community. We recognize that the University belongs to the people of Wyoming and, with their support, its future is bright. The state has placed its care and future of the university in the UW Board of Trustees and we stand ready to support them in their important responsibilities.

Frank Galey  
Dean, College of Agriculture and Natural Resources
