Statewide Articulation of 17 Highest Demand Transfer Programs to the University of Wyoming
March 23, 2016

Scorecard Key:

AS Degree >64 Hours

A 2+2 plan is not appropriate since the path to graduation is likely to take more than four years because the associate's degree includes more than 64 credit hours. The two programs can be articulated, allowing students to move smoothly from the community college to UW, but students need to be aware of the extended time to graduation and the financial aid (Hathaway scholarship, federal grants, etc.) implications of that extension. Students can still earn the degree, just not through a defined 2+2 plan. Most UW degree require 120 – 128 hours for accreditation. Mechanical, computer, and electrical engineering degrees require 132 hours for accreditation and can't be completed in four years.

Final Stage

Curriculum agreement has been articulated and is in place; signatures being sought.

In Progress

A 2 plus 2 plan is in the process of being developed: is being drafted, reviewed, or finalized.

Long Term Planning

Community college has long-term plans to develop curriculum in this area.

No Shared Program

Community college does not offer first two years of degree program

Plan Completed

A 2 plus 2 plan has been completed and a formal agreement has been signed.

RN to BSN

Program already established to assist Nursing students in completing a bachelor's degree. No need to develop a 2 plus 2 plan.
