University of Wyoming Mission Statement (March 2009)

The University of Wyoming aspires to be one of the nation’s finest public land-grant research universities. We serve as a statewide resource for accessible and affordable higher education of the highest quality; rigorous scholarship; technology transfer; economic and community development; and responsible stewardship of our cultural, historical, and natural resources.

In the exercise of our primary mission to promote learning we seek to provide academic and co-curricular opportunities that will:

- Expose students to the frontiers of scholarship and creative activity and the complexities of an interdependent world;
- Ensure individual interactions among students, faculty, and staff;
- Nurture an environment that values and manifests diversity, free expression, academic freedom, personal integrity, and mutual respect; and
- Promote opportunities for personal growth, physical health, athletic competition, and leadership development for all members of the University community.

As Wyoming’s only university, we are committed to outreach and service that extend our human talent and technological capacity to serve the people in our communities, our state, the nation, and the world.

The primary vehicles for identifying the specific actions and resource allocations needed to accomplish this complex mission are the University’s strategic plans, revised periodically.

AGENDA ITEM TITLE: **Trustees Scholarship, Axelson**

CHECK THE APPROPRIATE BOX(ES):
- [x] Work Session
- [ ] Education Session
- [ ] Information Item
- [ ] Other Specify:

BACKGROUND AND POLICY CONTEXT OF ISSUE:
Prior to 2003-2004, resident students receiving the Trustees’ Scholars award could take unlimited credit hours as a full time student and all credits were funded. Tuition changed from flat rate (full time = 12 or more hours) to tuition by the credit hour in 2003-2004. Currently Trustee Scholars currently are paid for 18 credit hours regardless of how many hours they take.

For background, the Trustees’ Scholars award is the top scholarship awarded to about 75 Wyoming resident freshmen annually. The average GPA for recipients from the class of 2015 was 3.98 and the average ACT was a 33. It currently covers the cost of 18 hours of resident tuition, mandatory fees, a double room, and an unlimited meal plan for 8 fall/spring semesters, less any Hathaway Award received. For the 2015-16 school year, that’s $12,370 per student. For 300 students the total cost of administering the award is $3,711,000, approximately ¼ of the section 1 scholarship budget.

WHY THIS ITEM IS BEFORE THE BOARD:
To align the Trustees’ Scholars Award to tuition by the credit hour and instill fairness in student scholarship awarding, it is important to fund actual credit hours taken.

ACTION REQUIRED AT THIS BOARD MEETING:
Board support for funding the Trustees’ Scholars Award at actual credit hours taken.

PRESIDENT’S RECOMMENDATION:
The President recommends approval.

GLOSSARY OF PERSONNEL TERMS

Academic Professional
Person other than faculty, engaged primarily in activities that extend and support the teaching, research, extension, and service missions of the University. There are four categories of academic professional: Extension Educators, Lecturers, Research Scientists, Post-Doctoral Associates. Individuals belonging to any of the first three categories can hold extended-term-track appointments under certain conditions.

Academic-Year (AY) Appointments
Appointments in which the regular period of employment includes the fall and spring semesters (nine months) of each year, with no accrual of vacation leave. Most faculty members and academic professionals hold AY appointments. AY employees typically receive their nine-month salaries and benefits spread out over the 12 months of each calendar year.

Adjunct Faculty
An adjunct appointment is the appointment of an individual to an academic unit that recognizes special discipline-related expertise but carries no financial obligation per se. Adjunct appointments can include qualified non-academic personnel or faculty with other academic affiliations. Adjunct appointments carry no rights to remuneration, tenure, or employment-related privileges and are normally for three years, with renewal possible.

Archives Faculty
This special faculty designation is reserved for archivists of the American Heritage Center. Archivists are responsible for acquiring original resource material to support academic research and teaching, organizing the material physically and intellectually, and teaching faculty, students and others to use these materials. There are three archivist ranks: Assistant Archivist, Associate Archivist, Archivist.

Assistant Professor
Indicates tenure-track appointments of individuals who hold the terminal degree in their discipline. This is the usual entry-level faculty rank.

Associate Professor
In addition to the qualifications of an Assistant Professor, Associate Professors have established a strong reputation in scholarship and teaching. Generally, faculty hired as Assistant Professors are promoted to the rank of Associate Professor at the time tenure is granted.

Clinical Faculty
Clinical faculty appointments allow experts in health-related fields to contribute to the training of UW students in allied disciplines. Clinical appointments are for at most one year at a time and carry no rights to tenure or extended terms. Clinical faculty members may be salaried members of the UW faculty, in which case their reappointment is subject to annual performance reviews. There are also adjunct clinical faculty appointments, which typically involve health-care professionals whose normal employment is outside the university. Adjunct clinical appointments carry no financial commitment from the University.

Emeritus Faculty
Tenured faculty who retire after long and distinguished service are eligible for emeritus status upon their retirement. The designation is honorary and carries no necessary commitment of space or remunerative employment. By analogy, extended-term academic professionals may be eligible for emeritus status upon retirement. (Emeritus=masculine, emerita=feminine, emeriti=plural)

Extended-Term Appointment
Academic professionals who have successfully completed probationary terms (usually six years) may receive six-year appointments called extended-term appointments. The term also applies to certain librarians and archivists who hold faculty status. These employees are eligible for extended-term appointments after five-year probationary periods. Extended terms for these employees are five years in length. Academic professionals, librarians, and archivists who are in the probationary period are on the extended-term-track.
**Extension Educator**
These academic professionals provide non-credit education to off-campus clientele through UW's Cooperative Extension Service. There are three ranks of Extension Educators: Assistant Extension Educator, Associate Extension Educator, Senior Extension Educator. All Extension Educators are in the College of Agriculture.

**Faculty**
Members of the permanent faculty include tenured or tenure-track Assistant Professors, Associate Professors, and Professors. Also included are tenure-track individuals who hold the rank of Instructor while completing their terminal degrees. Librarians and archivists also hold faculty status. They are eligible for extended terms instead of tenure.

**Fiscal-Year (FY) Appointments**
Appointments in which the regular period of employment is the entire calendar year, with accrual of annual vacation leave. Faculty members who hold administrative positions with summer responsibilities often have FY appointments for the duration of their administrative terms.

**Full-Time Equivalent (FTE)**
A measure of the time commitment expected of an employee or a set of employees. For example, two full-time employees or four half-time employees constitute 2.0 FTE.

**Instructor**
Tenure-track faculty member who does not yet hold the terminal degree in the appropriate field. UW requires verification of degrees in the form of official transcripts. UW does not grant tenure to faculty members who hold Instructor status at the time of the decision.

**Leave of Absence Without Pay**
Academic and administrative personnel may request leaves without pay for periods normally not in excess of one year, for purposes consistent with the professional enhancement of the employee and the advancement of the University’s stature.

**Lecturer**
A category of academic professional involved largely in classroom instruction. Lecturers may be appointed to three ranks: Assistant Lecturer, Associate Lecturer, Senior Lecturer.

**Library Faculty**
This faculty designation applies to employees of the University Libraries. There are three ranks of library faculty: Assistant Librarian, Associate Librarian, Librarian.

**Part-Time Employee**
Any employee holding less than a full-time equivalent position (FTE less than 1.0).

**Post-Doctoral Associate**
Post-Docs are doctorally qualified academic professionals seeking greater professional development and research investigation, before obtaining permanent employment. Post-Doctoral appointments are temporary.

**Probationary Faculty**
This term refers to tenure-track faculty members who are working toward tenure and to academic professionals, library faculty, and archive faculty who are working toward extended-term contracts. The probationary term for academic professionals is generally six years, with yearly reviews and re-appointments. For librarians and archivists, it is five years. Faculty members who are on tenure-track appointments typically undergo the review for tenure in the sixth year of employment.
Professional Development Leave
Extended-term academic professionals who have completed six years of service at the University are eligible for professional development leave. The purpose of development leave is to enhance performance, to conduct special studies, or in some other way to enhance an individual’s ability to contribute to the University. Development leaves can be granted with or without pay, are the prerogative of the academic unit in which the academic professional is located, and are generally similar to sabbatical leaves for faculty.

Professor
In addition to the qualification of an Associate Professor, "full" Professors have attained wide recognition in their professional fields for scholarship or other creative activity and have gained recognition for superior teaching and service.

Research Professor
Person with demonstrated superior capacity for research contributions, who is employed solely on external funds, and who holds a terminal degree. These appointments are made only at the Professor level and for not more than one year at a time. They are renewable.

Research Scientist
An academic professional whose primary responsibility is to conduct research. There are three ranks for Research Scientists: Assistant Research Scientist, Associate Research Scientist, Research Scientist.

Review Year
Year in which a reappointment review occurs for probationary employees. Normally, tenure-track faculty members undergo mandatory reappointment reviews in their first, second, and fourth years, with optional reviews in the third and fifth years. A review for the tenure decision occurs no later than the sixth year. An explanatory flow chart appears at the end of this glossary. In some cases employees start with credit toward a tenure or extended-term decision, based on their previous experience. In these cases the review year is the number of years of service at UW plus the number of years of credit.

Sabbatical Leave
Sabbatical leave may be granted to any tenured member of the faculty for the purposes of increasing professional competence and usefulness to the University. A minimum of six years service at the University must precede each period of sabbatical leave, although no right accrues automatically through lapse of time. Sabbatical leaves are normally granted for either a half year (full pay) or a full year (60% of salary). A faculty member who fails to return to the University after a sabbatical leave must repay the amount of compensation received from the University during the sabbatical. Faculty members may not use sabbatical leaves to pursue degrees.

Temporary Appointment
A short-term appointment without rights to tenure or extended term. Most temporary appointments are for one semester or one academic year.

Tenure-Track Appointment
Indicates a probationary faculty appointment prior to the award of tenure. Tenure-track positions generally require six years to tenure, but fewer years may be required based upon level of previous experience and accomplishments.

Terminal Degree
Typically the highest earned degree in a field of study. Examples include the Ph.D. (a variety of fields), the M.D. (medicine), the Ed.D. (education), M.F.A. (fine arts), M.Arch. (architecture), and J.D. (law).

Visiting Appointment
Indicates a non-permanent, non-tenure-track faculty appointment. Most visiting appointments are for one year.

All such revisions will be distributed to all Vice Presidents, the Faculty Senate, the Staff Senate and ASUW for review and comment in advance of submission to the Board.

Any substantive changes to any UW Regulation will be presented separately and will not be included in any “Revisor’s Bill” submission. Note too that the legal office will also ensure that all regulations follow consistent numbering conventions for subsections, paragraphs and subparagraphs.

b. Appointment, Reappointment, Promotion, and Extended-Term Appointment—Criteria and Procedures

i. General Information

B. Functions of Law Librarian
Law Librarians contribute to the teaching, research and service missions of the College, and they share the goal of the College to achieve excellence. Accordingly, the criteria for evaluating law librarians are designed to contribute to the achievement of this goal by the maintenance of high standards of law librarianship.

The main criteria for appointment, promotion and extended term appointment decisions for the law library faculty at the College of Law are creative development, advancement and dissemination of legal and law-related information. These criteria may be demonstrated in the main functions of teaching and contributing to and support of the educational process, administration, extension, scholarship and other College related activities and services. In applying these criteria, however, it is essential to recognize the diversity which exists among the law library faculty. The demand for excellence should be equally stringent for all law library faculty, but flexibility is necessary in defining the specific areas for achievement.

The mission of the College of Law and individual assignments and responsibilities should determine the emphasis given to each criterion. Law librarians are responsible for acquiring materials in support of the College’s programs, organizing them physically and bibliographically, and teaching faculty, students and others to use these materials and services to meet their instructional and research needs. The successful performance of these roles requires that law librarians be informed of, involved in, and responsive to the legal information needs of the academic community. In supporting teaching and research and promoting learning, law librarians act in a distinctive role which is part educational, part scholarly, part technical, and part administrative. The criteria for evaluating law librarians reflects this complex role.

(b) Representative Measures
Extended Term Appointments

Extended term appointments, as defined below, may be granted to Law Librarians who consistently perform the responsibilities outlined in their individual job descriptions in a competent, creative and professional manner, who develop a record demonstrating professional growth in the law library, the University and in law librarianship, and who are promoted to the ranks of Associate Law Librarian or Law Librarian. In the case of an individual being appointed initially to the rank of Associate Law Librarian or Law Librarian, a minimum of three years in rank is normally required before becoming eligible for extended term appointment. The criteria that apply to appointment, reappointment, and promotion, as well as the programmatic needs of the law library, form the basis for the granting of extended term appointments. In keeping with the importance of this decision, the Law Librarian's entire career is examined. An accumulation of accomplishments and evidence of potential are both required. Promotion to the ranks of Associate Law Librarian or Law Librarian carries with it the automatic award of an extended term appointment of five (5) years. When an extended term appointment is granted, a peer review and evaluation will be held in the fifth year of such appointment. For the purpose of determining whether such extended term appointment shall be renewed.
a. **Extended Term Appointment Renewal**

Library faculty granted initial extended term appointment will undergo annual administrative evaluations. Faculty will undergo an evaluation for extended term appointment renewal, as specified in this Regulation and Guidelines for Extended Term Appointment Renewal: A Law Library Faculty Supplement to UW Regulations. The extended term appointment review and renewal will occur in the final year of each five-year appointment. If a library faculty member's extended-term contract is not renewed, the faculty member's employment with the university shall end no later than one year after he or she receives notification of the non-renewal.

**Termination Prior to Expiration of Extended Term Appointment**

In the event that a member of the law library faculty holding the rank of Associate Law Librarian is promoted to Law Librarian prior to the fifth year of his/her extended term appointment, his/her next peer review and evaluation shall occur in the fifth year following the date of promotion. If renewal of an extended term appointment is not recommended, a terminal one year contract will be granted in the sixth year.

b. Associate Law Librarians and Law Librarians holding extended term appointments may be terminated prior to the expiration of said extended term only for cause or due to *bona fide* financial exigencies of the College of Law. "Cause" shall be defined to include any conduct in the nature of incompetency, neglect of duty, dishonesty, immorality, or conviction of a felony, which conduct impairs the ability of the College of Law or the University to carry out its functions. A recommendation for the dismissal for cause of a Law Librarian holding extended term appointment shall be made in writing by the Dean of the College of Law to the President of the University. If the President finds substantial basis for dismissal for cause, he/she shall appoint the Dean to act as charging authority for the preparation of a statement of charges and presentation of the case to a hearing committee, if the faculty member requests a hearing under procedures established by UW Regulations.

4. **Promotion, Procedures**

In addition to reappointment or extender term appointment, Law Library faculty may be promoted consistent with the ranking structure as well as the criteria all reappointment, promotion, and procedures established by this Regulation.

E. **Criteria for Appointment, Reappointment, Extended Term Appointment, and Promotion**

1. **General Criteria**
The main criteria for appointment, reappointment, extended term appointment, and promotion decisions for the Law Library faculty at the College of Law are (1) creative development, (2) advancement, and (3) dissemination of legal and law-related information.

These criteria may be demonstrated in the main functions of teaching, contributing to, and support of the educational process, administration, extension, scholarship and other College related activities and services. In applying these criteria, however, it is essential to recognize the diversity which exists among the Law Library faculty. The demand for excellence should be equally stringent for all Law Library faculty, but flexibility is necessary in defining the specific areas for achievement.

The mission of the College of Law and individual assignments and responsibilities should determine the emphasis given to each criterion. Law librarians are responsible for acquiring materials in support of the College's programs, organizing them physically and bibliographically, and teaching faculty, students and others to use these materials and services to meet their instructional and research needs. The successful performance of these roles requires that law librarians be informed of, involved in, and responsive to the legal information needs of the academic community. In supporting teaching and research and promoting learning, law librarians act in a distinctive role which is part educational, part scholarly, part technical, and part administrative. The criteria for evaluating law librarians reflects this complex role.

2. Additional Criteria for Reappointment and Promotion

In all cases, reappointment and promotion will require excellence in performance, not merely time in rank. Evidence of achievement since the last advancement in rank is required in each case.

Reappointment and promotion will be based on the rank requirements defined in this Regulation, and in the “Guidelines for Evaluation of Teaching” (Adopted by the College of Law faculty 1994) and "Guidelines for Research and Service" (Adopted by the College of Law faculty 1994). In addition to primary job responsibilities, requirements for the various ranks are listed above. The weight given to each criterion will vary on an individual basis and will be in accordance with an individual's assignments and responsibilities. Professional talents and inclinations, demands of appointment, and opportunities vary.

a. Teaching and Contributing to the Support of the Educational Process: The Law Library is a teaching unit and Law Librarians should demonstrate professional and intellectual competence.
creativity and initiative in areas such as the teaching of legal research as governed by the law library faculty "Guidelines for Evaluation of Teaching."

b. Scholarship: Law Librarians should demonstrate a thorough understanding and commitment to the field of law librarianship and continued intellectual growth in their area of specialization. In the event that a member of the law library faculty holding the rank of Associate Law Librarian is promoted to Law Librarian prior to the fifth year of his/her extended term appointment, his/her next peer review and evaluation shall occur in the fifth year following the date of promotion. If renewal of an extended term appointment is not recommended, a terminal one-year contract will be granted in the sixth year.

**Remarks:** The project Construction Manager At Risk (CMAR), GE Johnson Construction Wyoming, developed a construction cost estimate based on the final Schematic Design materials and delivered this estimate to UW on Friday, November 6, 2015. As presently designed, the total gross square footage (GSF) for the EERB is 113,725. Within the total EERB project budget of $101.43 million, an amount of $73.2 million has been identified as the Budgeted Guaranteed Maximum Price (BGMP) amount for construction. The University of Wyoming also asked the design team to include planning for a $4.57 million additive alternate within the Schematic Design materials. Should the Wyoming legislature reinstate the previously removed $4.57 million to the project during the 2016 legislative session, this additive alternate to complete the finish out of shell-only spaces will be included in the scope of the project. The present high-level schedule for the EERB project calls for construction to begin in early 2017 and be completed in late summer 2019.

The University is currently evaluating value-engineering options to reduce construction costs in the event of a funding shortfall.
