Dr. Crane then presented the following resolution on Governor Emerson:

The Board of Trustees of the University of Wyoming presents this tribute of appreciation of Governor Frank C. Emerson whose tragic death, in the midst of his official duties, shocked the state and nation. While engrossed in strenuous attention to the duties of his office during the rush of the legislative session, he was suddenly stricken with the fatal illness. His departure is a severe loss to the state.

Governor Emerson, coming to Wyoming as a young man, was actively identified with the development and growth of this state. Particularly did he render service in his professional capacity as engineer for important irrigation projects and also an official engineer for the state. He will long be known as a man whose courage, enthusiasm, and persistence consummated the Colorado compact. He was a consistent champion of good roads. He believed in the development of Wyoming's natural resources and in the pursuit of this purpose he labored strenuously for the protection and promotion of the oil industry and for the state's proper inheritance in the public domain.

As a member of the Board of Trustees of the University of Wyoming, he attended regularly the meetings of the Board and contributed freely to the discussion of problems and promotion of policies. He believed in maintaining the high quality of the University's service. His interest extended even to matters of detail.
Governor Emerson's conscientious adherence to duty, his persistent attention to the work of his high office, even when already ill, undoubtedly lowered his vitality and made him a more susceptible victim to contagion. He sacrificed himself in public service for the welfare of the state he loved.

Closely associated with him, working intimately with him in the administration of the University, the Trustees feel his loss keenly and wish that this tribute to his memory be spread upon the official minutes of this Board and that a copy be sent to Mrs. Emerson to whom is extended deep and sincere sympathy.

Upon the motion of Mr. Elliott, seconded by Mr. Bond and carried, the resolution was adopted and the Secretary was instructed to place it in the minutes of this meeting, transmit a copy to Mrs. Emerson, and to give a copy to the press.

Mr. Burbank and Mr. McConnell then appeared before the Board to request university support of their proposed new radio station in return for certain free services and courtesies which might be extended to the institution. Upon the motion of Mr. Bond, Dr. Crane was authorized to negotiate with these men for the use of the station for the university with three hours a week minimum free time in return for our support; any additional hours to be at cost. This motion was seconded by Mrs. Embree and carried.

Upon the motion of Mrs. Oviatt Article VIII of the Student Welfare Foundation Trust Agreement was amended to read as follows:

Article VIII, "In the administration of such fund, the Trustees shall be accountable for the same degree of care and skill as is applicable to the Directors of an ordinary business corporation."

This motion was duly seconded and carried.
Upon the motion of Mrs. Oviatt the Executive Committee was authorized to investigate and handle the proposal of Delta Delta Delta sorority for an exchange of their lot for one of our lots in Fraternity Park. This motion was seconded by Mrs. Grieve and carried.

Upon the motion of Mrs. Oviatt President Crane was authorized to appoint the University Editor or some official of the institution or member of the University staff to be made a member of the board of management for the "Wyo" for all future issues, and that the accounting and banking activities for all future publications be placed in the office of the Secretary of the University, the cost of such service to be paid from the funds of the enterprise. This motion was seconded by Mrs. Enbree and carried.

Upon the motion of Mr. Morgan the bill due the Wilbur A. Hitchcock estate for architectural services amounting to $897.49 was approved to be paid from any budget except the building budget. This motion was seconded by Mr. Geddes and carried.

Upon the motion of Mr. Morgan the $2500.00 appropriation now appearing in the present building budget for the construction of an Infirmary in the basement of Hoyt Hall was deferred. This motion was seconded by Mr. Elliott and carried.
Upon the motion of Mr. Holliday Section V of the By-Laws of the Board of Trustees was amended to read as follows subject to the approval of university counsel. This motion was seconded by Mr. Elliott and carried. The Secretary was instructed to call the roll. The motion was carried unanimously.

"The Secretary shall etc.****prepare and issue all University and other related warrants and vouchers. The Secretary is hereby authorized to pay out of local funds on hand, prior to audit by the Board of Trustees or the Executive Committee, claims presented to him, the cash payment of which will be of financial advantage to the University, properly itemized and verified and in all respects conforming to law; provided that the Secretary shall first audit such claims before payment. After such payment, vouchers for such paid claims shall be presented separately to the Board of Trustees, or the Executive Committee thereof for post-audit. Thereafter such audited vouchers shall be transmitted to the State Auditor as in other cases of claims audited by the Executive Committee for payment to local funds. The Secretary shall be given custody of etc."**

Upon the motion of Mr. Bond the following actions affecting the above amendment to the By-Laws was adopted. This motion was duly seconded and carried.

There being no further business the Board adjourned sine die.
