MINUTES OF THE TRUSTEES

October 27, 1939

For the confidential information
of the Board of Trustee
A meeting of the Board of Trustees of the University of Wyoming was called to order by President Bond at 10 o'clock a.m., Friday, October 27, 1939. Those present included Mrs. Harriett T. Grieve, Mr. D.P.B. Marshall, Mrs. Evelyn S. Plummer, Mr. Victor J. Facinelli, Mr. Ralph S. Linn, Mr. Frank A. Barrett, Mr. Milward L. Simpson, Governor Nels H. Smith, and Dr. A.G. Crane.

The Trustees first adjourned to the auditorium where bids from various insurance companies covering the retirement system were publicly opened and read. Bids were also read covering materials for the greenhouse, and materials and construction for enlargement of the power plant and repairs to the stack. The bids were then referred to committees for recommendation to the board.

Ernest Wilkerson, President of the Student Senate of the ASUW, appeared before the board to request permission to again publish the student yearbook. Authority was granted to publish this book if approximately 1,000 subscriptions can be obtained. The book is to sell at $2.00.

Architect Dubois and Mr. Ambrose then appeared before the board with sketches and plans for the proposed women's dormitory. After discussion, Mr. Barrett moved that the plan in general be approved, and that President Bond, President Crane and Superintendent Ambrose confer with Mr. Dubois in an effort to arrange less expensive quarters in the basement and to reduce space allocated to administration. They were also requested to make an effort to provide space for a small infirmary. This motion was seconded by Mrs. Plummer and carried.

Mr. Marshall moved that Architect Dubois prepare detailed plans for this dormitory to be submitted to the Trustees in December. Motion seconded by Mrs. Grieve and carried.

Mr. Simpson moved that Superintendent Ambrose be authorized to purchase a used stone saw making the best terms possible and using women's
dormitory building funds for payment. This motion was seconded by Mr. Marshall and carried.

Mr. Facinelli moved that the proposed lot size change in the Fraternity Park development, as set forth in a plat dated October, 1939, by Fred W. Ambrose, be adopted. This plat is made a part of the official records of the University. Motion seconded by Mr. Barrett and carried.

Mr. Simpson moved, seconded by Mr. Facinelli and carried, that the option requested by Kappa Sigma Fraternity on a small piece of land lying just north of their lot in Fraternity Park be not granted.

Mrs. Plummer moved that the selection and sale of lots in Fraternity Park be restricted so as to promote orderly and harmonious development of the area. Selections made by fraternities will remain subject to final approval by the Board of Trustees. This motion was seconded by Mr. Facinelli and carried.

Mr. Simpson moved that the Trustees authorize selection and sale of lots and services in Fraternity Park at a price not to exceed $2,400.00 each, this price to remain in effect and be subject to acceptance by fraternities that start actual construction by April 1, 1943. Motion was seconded by Mrs. Plummer and carried.

The price quoted in the preceding resolution is available only if fraternities start paying $300.00 per year, the first payment to be made prior to January 1, 1940. This motion was made by Mr. Simpson, seconded by Mr. Linn, and carried.

Mr. Simpson then moved that, in a spirit of fairness, 25% of payments which may be received from fraternities for fraternity park lots be distributed equably to those fraternities which have paid more than $2,400.00. This includes Pi Beta Phi, Sigma Alpha Epsilon, and Sigma Chi. Adjustment will be made with Pi Beta Phi on a square foot basis because the new plat adopted at the last meeting provides for a 130 foot frontage for all lots.
while Pi Beta Phi has but 115 feet. Motion seconded by Mr. Marshall and carried.

It was moved by Mr. Simpson, seconded by Mr. Marshall and carried, that Dr. Crane be authorized to send a letter in behalf of Pi Beta Phi, to the Albany Mutual Building Association similar to the one sent to the Kappa Sigma Fraternity showing that the University is willing to take over the property in case the organization defaults.

The minutes of the Board of Trustees' meetings held August 24 and September 22, and of the Executive Committee meetings of July 22 and August 25, were approved as read.

At this point, Dean Schwiering, Chairman, Dean Arnold, Miss Marks, Professor Hall and Dr. Hamilton, members of the retirement committee, appeared before the Board with their analysis of the bids received from insurance companies. After discussion, Mr. Marshall moved that the Trustees of the University of Wyoming do hereby accept the joint and several bid of the Northwestern National-Minnesota Mutual Insurance Companies submitted in connection with the Deferred Salary Retirement System, and that the President and Secretary of the Board be authorized, empowered, and directed, with the approval of the Attorney General, to execute on behalf of the Trustees such applications, contracts, or other papers as may be found necessary to put said system into operation as of October 1, 1939. This motion was seconded by Mr. Simpson and carried.

Mr. Simpson then moved that a suit shall be instituted to test and bring to a final decision the powers of the Trustees to establish the Deferred Salary Retirement System adopted at this meeting and that the Attorney General of the State of Wyoming and the Officers of the Board shall be authorized to proceed at once with such a suit and execute such papers as may in the opinion of the Attorney General be necessary to obtain a final determination of this issue by the courts and to enter into any agreements...
or stipulations with the Northwestern National-Minnesota Mutual Insurance Companies which may be found necessary because of the pendency of this suit. This was seconded by Mr. Marshall and carried.

Upon the motion of Mr. Simpson, seconded by Mr. Marshall and carried, the following memorial was adopted:
When the University opened its doors for students on September 6, 1887 in a partially completed building on the bare prairie campus, a young man by the name of Justus F. Soule was engaged as Professor of Latin and Greek. He had come from the East four years before in a ranching venture but his flare for scholarship and study inevitably led him to connect with the University. During the years that followed he was one of the leaders on the University campus, - loyal and devoted to the University's welfare. He turned his hand to anything that needed doing. He served as Teacher, Coach, Librarian, Secretary of the Faculty, Dean of Men, Dean of the College of Liberal Arts, and Vice-President of the institution. His stalwart integrity, his keen mind, and his fearless championship of what he deemed right made him a force in the development of the University's policies throughout the fifty-two years of his service. On reaching seventy years of age in 1932, he was relieved of administrative duties and given a freer program. Although repeatedly offered an assistant in his teaching duties, he chose to carry the full load in his Department up to the very last, missing only a week or two of the final Summer Session. Dean Soule endeared himself to generations of students as well as to his faculty colleagues. He did much more than teach Latin and Greek. He taught his students these ancient civilizations, - their ideas and ideals. The University has lost a Friend and a Leader but his work will go on throughout the years of the Greater University.

In appreciation of his fine service and the friendship which the Trustees held for him and his family, this token of appreciation is hereby adopted by the Trustees and spread upon the official minutes."
