THE UNIVERSITY OF WYOMING MINUTES OF THE TRUSTEES

March 11-12, 1957

For the confidential information

of the Board of Trustee

President Hansen called the March meeting of the Board of Trustees to order at 10:00 a.m. on March 11 in the Board room. The following members answered the roll call: Hansen, Sullivan, Reed, Patterson, Brough, Jones, Newton, Chamberlain, and McIntire and, ex-officio, Linford and Humphrey. Absent were: McCraken, Peck, Bush and, ex-officio, Simpson.

President Hansen administered the oath of office to the newly reappointed members of the Board: Mr. Sullivan, Mr. Jones, and Mr. Newton. Mrs. Bush, also newly reappointed, was not present.

Approval of the minutes of the joint meeting of the University Board of Trustees, the State Board of Education, and the Boards of Trustees of the Junior and Community Colleges, held in Cheyenne on January 28, was deferred pending the drafting of a correction suggested by Mr. Reed. Mr. Brough moved that the minutes of the February 4 meeting be approved as submitted. Mr. Sullivan seconded the motion and it was carried.

After arrangements had been made for a luncheon meeting of the Committee on Physical Plant and Equipment at noon and a meeting of the Honorary Degrees Committee the following day at 1:00 p.m., attention was given to the President's report.

Consideration was given first to the recommendations for continuing tenure and/or promotion. Dr. Humphrey pointed out that in approving continuing tenure for faculty members at the community colleges there would be no obligation on the part of the University to provide employment on the University campus if for any reason employment should be discontinued

OATH OF OFFICE

APPROVAL OF MINUTES

CONTINUING TENURE

at the community	college. A	fter careful consid	eration of the	various	
recommendations,	it was move	d by Mr. Sullivan,	seconded by Mr.	McIntire	
and carried that	the recomme	ndations be approve	d as follows:		
	Adult Educ	ation and Community	Service		
Name	Ti	tle	Recommenda	tion	
Alford, John D.	He	st. Prof. of Educ.; ad, Correspondence udy and Audio-Visua rvices		to Assoc. Prof.	
Snarr, Otto	Su C1	st. Prof. of Educ.; per. of Extension asses; Director of eld Summer Schools	Promotion	to Assoc. Prof.

LEAVE OF ABSENCE

Holmes

19

2. <u>Mr. Clarence M. Rincker</u>, Instructor and Research Assistant in <u>Rincker</u> Agronomy and Seed Certification Manager, effective May 1, 1957, to accept a position with the U. S. Department of Agriculture.

Mr. Sullivan moved that the Board approve the request of <u>Mr. F. A.</u> <u>Holmes</u>, Associate Professor of Trade and Industrial Education, for a leave of absence without pay for one month--June 12 to July 12, 1957--to permit him to accept an invitation to teach in the summer session at Florida State University. Mr. Newton seconded the motion and it was carried.

Dr. Humphrey presented to the Trustees a list of employees who on July 1 will have reached the age of sixty-five or older. He stated that two of those listed -- Dr. A. F. Vass, Head of the Department of Agricultural Economics, and Mr. A. J. Strouts, Gardener -- had already reached the age of seventy and would automatically be retired on July 1. He added that General C. L. Irwin, Director of Alumni Relations, had requested retirement on July 1 and that the administrative personnel concerned had recommended retirement of Colonel M. E. Craig, Records and Inventory Assistant. He went on to say that he was not yet ready to make a recommendation regarding Dr. W. C. Reusser, Dean of the Division of Adult Education and Community Service, but would do so at the next meeting of the Board. Mr. Chamberlain moved that the Board approve retirement of the four persons recommended for retirement and deferment of action on Dr. Reusser's case. Mr. Sullivan seconded the motion and it was carried. Mr. Reed moved that, in accordance with the recommendations made by the administrative personnel concerned, the other persons on the list be retained for another year. Mrs. Patterson seconded the motion and it was carried.

RETIREMENT OF EMPLOYEES SIXTY-FIVE YEARS OF AGE AND OLDER

and Classical Languages which were stolen from the language laboratory in January. 4. <u>Speech Clinic</u> . An appropriation of \$394.92, which, added to the amount of \$180 available in the Department of Speech budget, would permit construction of five portable cubicles for use by the Speech Clinic as individual conference and treatment rooms. 5. <u>College of Engineering</u> . An appropriation of \$100, which, added to the \$250 available in the Engineering budget, would permit employment of a graduate student to teach one section of Descriptive Geometry during the spring semester.					1
 <u>Agricultural Experiment Station</u>. Allocation of the additional <u>6450 received from Regional Research funds to the Animal Production de- partment as follows: Contractual, §310, and Equipment, §140.</u> <u>Agricultural Extension</u>. Appropriation of the unappropriated balance of \$1,391.09 of state funds in the Agricultural Extension budget to the Administration project to apply on the \$2,000 which the Extension Service agreed to pay to the National Project in Agricultural Communica- tions for materials and services incident to the communications training program held on the campus in October. <u>Department of Modern and Classical Languages</u>. An appropriation of \$189.64 to permit replacing an R.C.A. tape recorder and accessories which were stolen from the language laboratory in January. <u>Speech Clinic</u>. An appropriation of \$394.92, which, added to the amount of \$180 available in the Department of Speech budget, would permit construction of five portable cubicles for use by the Speech Clinic as individual conference and treatment rooms. <u>College of Engineering</u>. An appropriation of \$100, which, added to the \$250 available in the Engineering budget, would permit employment of a graduate student to teach one section of Descriptive Geometry during the spring semester. <u>Property Department</u>. An appropriation of \$300 for the Assist- ants budget to provide the additional amount needed for locating and umbering new equipment on the campus during the remainder of the 1956-57 			onded, and it was	carried that	BUDGET CHANGES

Dr. Humphrey called the Board's attention to 800 shares of Dow GIFT FROM VICE ADMIRAL E. S. LAND Chemical Company stock which he had just received from Vice Admiral E. S. Land in fulfillment of his commitment of \$50,000 to be applied toward the cost of an addition to the Engineering building. He stated that it was the intention to hold the stock until the income from it, plus the value of the stock, totaled the \$50,000 anticipated in planning for the addition. Acting upon a request from Dean R. H. Bruce of the Graduate School, GRADUATE ASSISTANT-SHIPS approved by President Humphrey, Mr. Chamberlain moved that the Board authorize the granting of graduate assistantships and fellowships on or about April 1, prior to completion of the budget for 1957-58. Mr. Sullivan seconded the motion and it was carried. Mr. Reed moved that the Board authorize air travel for Army ROTC AIR TRAVEL FOR ARMY ROTC STUDENTS students invited to participate in a program sponsored by the Corps of Engineers, U. S. Army, for visiting Oahe Dam at Pierre, South Dakota, on March 12-14, it being understood that permission would be secured from the parents of the students concerned and that the Omaha Engineering District would provide funds for travel and for flight insurance. Mr. Jones seconded the motion and it was carried. Mr. Reed moved that the Board approve President Humphrey's recom-SCHOOLS OF NURSING

mendation that, effective July 1, 1957, the Division of Nursing of the College of Arts and Sciences be made an independent unit, to be called the Schools of Nursing, and that Dr. Amelia Leino be named Dean of the 'Schools. Mrs. Patterson seconded the motion and it was carried.

Consideration was given to a report from the Internal Auditor, with particular attention being given to his recommendation regarding utilization of the present carpenter shop and the space available in the Power Plant as a central warehouse for Stores. Mrs. Patterson, a member of the REPORT OF INTERNAL AUDITOR; CENTRAL WAREHOUSE

Meeting

March 11-12

791

Board Committee on Physical Plant and Equipment, reported on the inspection made by the Committee the previous day and stated the Committee's opinion that some provision should be made for a central warehouse, with a man in charge who could check on incoming and outgoing supplies. She also called attention to the Committee's recommendation that steel shelving and storage bins be secured so that they could be transferred to the new warehouse at such time as it is constructed.

Mr. Newton called attention to the Internal Auditor's statement regarding a balance of \$11,840.80 in the Reimbursable Labor account in the Buildings and Grounds department and stated that it might be possible to use part of this balance to purchase the necessary storage bins and shelving for the proposed warehouse.

After some further discussion, Mrs. Patterson moved that the Board make the following authorizations: (1) utilization of the present carpenter shop as a storage warehouse; (2) preparation of a list of the steel shelving, storage bins, and hydraulic lifts needed, for submission to the State Surplus Property Office for possible assistance in securing some of the items; (3) securing bids and purchasing from the low bidder those items unobtainable through surplus property; and (4) expenditure of an amount not to exceed \$7,500 for the necessary equipment, the amount to be paid from the Reimbursable Labor account in the Buildings and Grounds department to be determined after consultation with the Superintendent of Buildings and Grounds. Mr. McIntire seconded the motion and it was carried.

Mr. McIntire then moved that, after moving into the warehouse, the Stores department be directed to maintain a complete cardex inventory file and to use an average markup of 15 per cent on warehouse cost to cover the necessary expenditures for personnel and operating costs, this

markup to be subject to review after six months. Mrs. Patterson seconded the motion and it was carried.

President Humphrey reviewed for the Board the steps that had been taken in an effort to work out a new set of traffic regulations which would meet the problems that had arisen as a result of the large number of automobiles brought to the campus by students and employees. He stated that he had had two different groups working on proposed regulations, one a faculty-student committee and the other a committee composed of the Superintendent of Buildings and Grounds, a professor in the Civil Engineering department, and the chairman of the faculty-student committee. He called attention to the regulations included in his report, which he stated had been submitted by the second committee. He then distributed a list of principles incorporating the general ideas presented by each of the committees and recommended that the Board approve these principles and authorize preparation of detailed regulations to be presented at the next Board meeting.

A full discussion followed the reading of the list of principles, and it was suggested that the Committee on Physical Plant and Equipment should have an opportunity to study the situation before final action is taken. Mr. Reed moved that President Humphrey be authorized to appoint a committee of staff and students to draft proposed new or revised traffic and parking regulations for the University campus, the tentative draft to be submitted to the Committee on Physical Plant and Equipment at least two weeks prior to the next meeting of the Board of Trustees. Mr. McIntire seconded the motion and it was carried.

A statement on the operation of the Car Pool, prepared by the Purchasing Agent, was presented for the information of the Board. The statement showed a net gain of \$4,725.60 for the period November 1, 1955, through October 31. 1956. CAR POOL REPORT

TRAFFIC REGULATIONS

Dr. Humphrey called attention to the fact that the three appoint-	APPOINTMENTS
ments to the football coaching staff recommended in the Addendum to his	
report had already been approved by the Executive Committee. He recom-	10 S
mended confirmation of these appointments and approval of the fourth	1
appointment presented. Mr. Sullivan moved that the Board approve Dr.	1
lumphrey's recommendation as follows:	
1. Mr. Richard B. Amandes as Assistant Professor of Law, effective	Amandes
eptember 1, 1957, at a salary rate of \$6,000 for the academic year	
957-58, payable from the special earmarked appropriation made by the	
egislature for the College of Law.	
2. Mr. Lloyd Eaton as Assistant Football Coach, with the rank of	Eaton
instructor, effective February 15, 1957, at a salary rate of \$7,500 on	Ť
twelve-month basis.	
3. Mr. John Tobin as Assistant Football Coach, with the rank of	Tobin
nstructor, effective February 15, 1957, at a salary rate of \$6,500 on	
twelve-month basis.	
4. Mr. Carl Selmer as Assistant Football Coach, with the rank of	Selmer
nstructor, effective March 15, 1957, at a salary rate of \$6,000 on a	
welve-month basis.	*
Mr. Newton moved that the Board approve the request of Dr. Fred C.	RETIREMENT
reytag, Professor of Chemistry, that he be permitted to retire on July 1,	Freytag
957. Mr. Jones seconded the motion and it was carried.	
Mr. Sullivan moved that the request of Mr. Ralph E. Conwell, Head	LEAVE OF ABSENCE
f the Department of Economics, Sociology and Anthropology, for a leave	Conwell
f absence without pay for the academic year 1957-58 be approved. Mrs.	
atterson seconded the motion and it was carried.	
Dr. Humphrey informed the Board of Professor R. E. Conwell's desire	HEAD, DEPARTMENT OF
o be relieved of the duties connected with the headship of the Department	AND ANTHROPOLOGY

Department of Athletics

Residence of Football

Coach

of Economics, Sociology and Anthropology at the end of the current fiscal year. He stated that members of the department faculty had worked out an agreement, similar to the one under which the Department of English has operated for some years, providing for annual review of the situation and recommendation to the Dean and the President by the continuing tenure members of the department. For the year 1957-58, effective July 1, 1957, he recommended the appointment of <u>Dr. E. R. Kuchel</u> as head of the department. Mr. Reed moved that the recommendation be approved. Mr. Newton seconded the motion and it was carried. L. Department of Athletics. Mr. McIntire moved that an appropria-BUDGET CHANCES

1. <u>Department of Athletics</u>. Mr. McIntire moved that an appropriation of \$666 be authorized to take care of the additional amount needed for salaries for the football coaching staff for the remainder of the 1956-57 fiscal year. Mr. Reed seconded the motion and it was carried.

2. <u>Residence of Football Coach</u>. Mr. Jones moved that an appropriation of \$1,100 be authorized to cover the cost of purchasing an electric refrigerator, an electric stove, and a washing machine and dryer unit for the residence occupied by the football coach. Mr. McIntire seconded the motion and it was carried.

3. <u>Registrar's Office</u>. Mr. Reed moved that the Board authorize an appropriation of \$600 to pay for additional supplies needed by the Registrar's office for the remainder of the 1956-57 fiscal year. Mr. Sullivan seconded the motion and it was carried.

4. <u>Surplus Property</u>. Mrs. Patterson moved that the Board authorize <u>Surplus Property</u> an appropriation of \$311.87 to provide the additional amount needed to secure a surplus organ and move it from the Federal Recreation building in Cheyenne to the University. Mr. McIntire seconded the motion and it was carried.

5. <u>Division of Adult Education and Community Service</u>. Mr. Jones <u>Division of Adult</u> moved that an appropriation of \$140.20 be authorized to provide the <u>munity Service</u>

SIGMA CHI FRATERNITY

HOUSE PLANS

additional amount needed for certain remodeling in the Division of Adult Education and Community Service, for which an estimate included in the 1955-57 biennial budget proved to be insufficient. Mr. Reed seconded the motion and it was carried.

At 4:00 p.m. Mr. Jim Spiegelberg was invited into the meeting for a presentation of plans for the proposed new Sigma Chi Fraternity house. Mr. Spiegelberg showed the Trustees floor plans and also a picture of the house. He explained that the plans called for a basement and two floors; that the main floor would provide for a living room, dining room large enough for 90 students, kitchen, and housemother's living quarters; that the second floor would have sleeping rooms for 28 students, bath facilities, and a small office; and that the basement would include the chapter room, a recreation room, and, if sufficient money were available, four additional sleeping rooms. He stated that the cost of the house had been estimated at \$115,000, and that the Fraternity hoped to begin construction in the spring. After Mr. Spiegelberg had answered a number of questions from the Trustees, and had left the meeting, Mr. McIntire moved that the plans be approved, subject to final approval by the Superintendent of Buildings and Grounds. Mr. Newton seconded the motion and it was carried.

Mr. Chamberlain moved that the Board approve the recommendation of Mr. L. G. Meeboer and President Humphrey that the Stanley Engineering Company be authorized to proceed with preparation of final plans and specifications for the improvement of the Power Plant authorized by the 1957 Legislature. Mr. McIntire seconded the motion and it was carried.

Mr. McIntire moved, Mr. Chamberlain seconded, and it was carried that the Board approve the following change order: POWER PLANT

CHANGE ORDER

Geology Building - Remodeling - Spiegelberg Lumber and Building Company - Change Order No. 2:

Add: Install solid three inch (3") concrete backing on inside of old stone parapet wall on east side of building around flat roof as directed. . . \$536.00

The Board considered next a letter from Mr. L. G. Meeboer, Director of Finance and Budget, requesting an opinion regarding the sale of bonds for the Wyoming Union and Engineering building additions. After some discussion, Mr. McIntire moved that the Board approve issuing bonds for the Wyoming Union addition not to exceed \$625,000, at an interest rate not to exceed 4 per cent, and for a period not to exceed 35 years, and that the Board instruct the Director of Finance and Budget to contact reliable bond houses to ascertain their opinion as to the best interest terms and term of years for which the bonds could be sold. Mr. Reed seconded the motion and it was carried. No action was taken on the question of issuing bonds for the Engineering addition pending a firm commitment from the oil and gas companies which had promised to provide funds for equipping the addition.

Dr. Humphrey called attention to the State Examiner's Report for the year ending June 30, 1956, copies of which had been mailed to the Trustees. Mr. Reed read a letter which he had written to the State Examiner and it was decided that the points made in his letter should be incorporated in the acknowledgment of receipt sent to the Examiner. After some discussion, it was moved by Mr. Reed, seconded by Mr. Chamberlain, and carried that the following acknowledgment be approved and signed by all Trustees present:

We, the undersigned, constituting a quorum of the Board of Trustees of the University of Wyoming, acknowledge receipt of the Report of Examination as above noted, made under the supervision of your Department.

BOND ISSUES, WYOMING UNION AND ENGINEERING BUILDING ADDITIONS

STATE EXAMINER'S

After careful consideration of this report, we concur with the Examiner in the suggestions he has made, and we have requested the officials to adjust their methods in compliance therewith. We would like, however, to call attention to your comment under "GENERAL," in which you question the University's leaving the proceeds of sale of bonds in the custody of a brokerage firm and refer to Chapter 20, Article 10, Wyoming Compiled Statutes 1945. It is the thought of the Trustees that, since the University is a Constitutionally-created entity, the law to which you referred is not applicable to non-public funds and investments of such funds which are earmarked by recommendation under bequest as to type of investments. It is not the intention of the Trustees to leave any funds in the hands of a brokerage firm, although such a situation may not always be avoidable.

A copy of this acknowledgment has been placed of record with the minutes of our meeting on March 11-12, 1957.

/s/ J. A. REED ROY PECK H. F. NEWTON L. W. JONES ROY CHAMBERLAIN CLIFFORD P. HANSEN J. R. SULLIVAN LORNA L. PATTERSON HAROLD E. BROUGH J. M. MCINTIRE

Mr. Newton, chairman of the Committee on Physical Plant and Equip-REPORT OF COMMITTEE ON PHYSICAL PLANT ment, asked Mr. McIntire to make a report on the remodeling and redecorat-AND EQUIPMENT ing accomplished by the Buildings and Grounds department under the schedule set up last year by the Committee. Mr. McIntire presented the following list of work completed and stated that in the remodeling of the 16 Butler huts the Buildings and Grounds department had found that many of the floor drains were gone and the water from the sinks was running onto the ground under the floors: Animal House - basement Agronomy Farm - all buildings Arts and Sciences building - complete Beekeeping Laboratory Coach's residence - twice, 1956 and 1957

All campus curbs Dray Cottage - 14 apartments Dairy Farm Engineering building - complete East Cowboy Dorm Field House - press box, hand rails, floor storage, laundry room

Graduate School building - complete Agricultural Greenhouse - outside and inside Home Management house (painting needed in addition to contract) Hoyt Hall - first floor, parlor, sunporch, third floor, basement halls, recreation room Knight Hall - third floor, basement halls, recreation room Men's Residence - third floor, cook's apartment, all shower stalls Old Main - complete Maid's residence - inside only Stock Farm - all new poultry houses and little house, calf shed and chicken house, west apartment of west Butler huts, south apartment in duplex, paint and paper department in sheep barn Wyoming Hall - second floor director's apartment, some odd rooms on first floor Wyoming Union - dishwashing room, director's office Butler huts - 16 apartments Mr. Chamberlain then presented the following priority list of jobs to be undertaken by the Buildings and Grounds department during the coming year: 1. Old Gymnasium 20 married student apartments (decorating, weatherstripping, installing storm doors, painting outside walls) 3. Outside trim of Men's Residence Hall 4. Redecorating one floor of each of the four dormitories 5. Campus curbing and parking signs 6. Knight Hall Cafeteria (particularly the kitchen) 7. N. R. R. I. building 8. All lobbies and stairs in the Field House 9. Some of the buildings at the Stock Farm 10. Education building 11. Agriculture building 12. Butler huts (redecorating and replacing sink drains where necessary) Following Mr. Chamberlain's presentation, Mr. Newton brought up the subject of the remodeling of the old Library building. He stated that the Committee on Physical Plant and Equipment had met with Hitchcock and Hitchcock, architects, and had requested cost estimates on various phases of the proposed remodeling. He added that the Committee had also ascertained the number of square feet of space which could be made available in the building and compared it with the number of square feet presently occupied by the College of Commerce and Industry, the Botany

Board of Trustees

Meeting March 11-12

the principal reductions in appropriations were a 25 per cent decrease in in the requests for salary increases and a reduction in the amount of the balances which were to be carried forward to the 1959-61 biennium. He stated that the total appropriation received by the University for the biennium was \$8,378,246, not including two special appropriations assigned to the University--\$80,000 for employing instructors at the two-year colleges and \$30,000 for a special project to be administered by the Veterinary Science department--and expenditures totaling \$262,500 authorized from the University Building Improvement Fund for the following construction: Engineering building addition, \$209,000, Home Economics cottage, \$48,000, and Garage building (partial), \$5,000.

Dr. Humphrey stated that the major problem in preparing the 1957-58 budget would be that of deciding on the basis for salary increases. He presented a statement outlining two plans for the Board's consideration. One plan provided for uniform increases throughout the University (with the exception of workmen). The other plan provided for larger increases for the academic staff than for other employees. Each plan had two alternates, one providing for the increases to be divided between the two years of the biennium and the other providing for all increases to be given the first year of the biennium.

During the discussion of the increases, Dr. Humphrey called attention to an amendment passed by the Legislature fixing the salaries of the Director of Finance and Budget and the Superintendent of Buildings and Grounds. It was the feeling of some Trustees that the Attorney General should be asked for a ruling on the Constitutionality of this amendment, while other Trustees felt that such action would merely antagonize the Legislators and bring about further restrictions at the next session of the Legislature. No action was taken. Board of Trustees

Meeting March 11-12

The Board a	djourned for lun	ch at 12:00 o'	clock and reas	sembled at	~
2:20 p.m. with a	11 members prese	nt who were pro	esent for the	morning	
session except M	r. Newton. Mr.	Chamberlain le:	Et the meeting	; at 3:15 and	
fr. Reed, at 4:1	5.				
Dr. Humphre	y stated that he	would apprecia	ate having ans	wers to some	
of the questions	that had been r	aised regarding	g distribution	of salary	
increases for 19	57-58. Mr. Cham	berlain moved,	Mr. McIntire	seconded, and	
it was carried t	hat the Board ad	opt Plan II, Al	lternate 2, as	follows:	
Employee		Percentages		Required

	discussion, it wa	as agreed that	applications	for the	

or four nominees would be presented to the Board for consideration, and that, before making a final selection, the Board would invite the Alumni Association representatives to a meeting for consideration of the persons nominated. The Alumni Association representatives then left the meeting.

President Humphrey also left the meeting and the Board went into executive session to fix his salary for 1957-58. When he returned to the meeting he was informed of the Board's action in fixing his salary for the next fiscal year at \$17,000. He expressed his appreciation to the Board for the increase.

Attention was then given to the question of salary raises for Deans and heads of non-academic departments. After some discussion, it was moved by Mr. Reed, seconded by Mrs. Patterson, and carried that none of the Deans and non-academic department heads be given an increase in excess of 14 per cent and that the salary increases for the entire group not exceed the 12.6 per cent set up in Plan II, adopted earlier in the meeting. It was agreed that the salary increases for this particular group of employees should not be included in the allocations to the colleges and non-academic departments.

President Humphrey raised a question as to whether or not every employee should receive the uniform adjustment raise, regardless of his salary position with reference to ceilings. This question was decided in the affirmative. Mr. Sullivan then moved that President Humphrey be authorized to approve merit increases above the ceiling for any individuals whom he felt to be deserving of special consideration. Mr. Brough seconded the motion and it was carried. Mr. Peck moved that President Humphrey be authorized to use his judgment in approving salaries below the floor for individual employees. Mr. Jones seconded the motion and it was carried.

BUDGET FOR 1957-58

WYOMTNO

1957

Dr. Humphrey reported on the recommendations made by the Committee on Honorary Degrees, composed of Mrs. Patterson, Mr. Reed, and Mr. Jones as Trustee representatives, and Dr. H. T. Northen, Dr. T. A. Larson, and Mr. A. J. McGaw as Faculty representatives. He stated that the Committee had voted unanimously to offer the award to Chief Justice Fred H. Blume and Mr. G. M. Willson, Superintendent of the State Training School at Lander. He added that the Committee had also voted to carry forward for consideration next year the names of Mr. T. S. Harrison and Mr. W. Edwards Deming. Mr. Sullivan moved that the Committee's recommendations be approved. Mrs. Patterson seconded the motion and it was carried.

Mr. McIntire stated that, after further consideration of the possible <u>GENTRAL WAREHOUSE</u> cost of setting up a central warehouse for the Stores department, the Committee on Physical Plant and Equipment had decided that the figure of \$7,500 approved by the Board at the previous day's session was much too low. He added that estimates made since yesterday's meeting indicated the cost would be approximately \$15,000--\$12,000 for the steel shelving and bins and the remainder for labor. He moved that the Board approve a revision of the cost estimate to around \$15,000, with the understanding that the cost of the labor would be paid from the Reimbursable Labor account in the Buildings and Grounds department, with the remainder to be paid from the Stores account. Mr. Reed seconded the motion and it was carried.

Mr. Hansen read a letter which he had received from Mr. McCraken recommending that consideration be given to Porter and Porter in selecting an architect for the Wyoming Union and other campus construction. Dr. Humphrey then read a letter from Jerry Hand, president of the Associated Students, asking that consideration be given to the selection of an architect who had had experience in planning student union buildings. At President Humphrey's invitation, Mr. Hand came into the meeting for a few minutes and stated the desire of the Wyoming Union Committee to have an architect selected at this meeting of the Board. He concurred in a suggestion made by Mr. McIntire that a Wyoming architect be selected-preferably one near enough to the University to give close supervision to the project--and that a specialist in the field of student union buildings be employed to confer with the architect in the initial stages of preparation of plans.

After Mr. Hand left the meeting, Mr. Reed moved that the contract for architectural service for the Wyoming Union addition be awarded to Holzinger and Schropfer of Casper and that Porter and Porter be retained in a consulting and supervisory capacity, similar to the arrangement followed in the construction of certain other buildings on the campus, with the understanding that at the earliest possible date details of the contracts would be worked out with the architects by the Committee on Physical Plant and Equipment. Mr. Jones seconded the motion and it was carried.

President Humphrey recommended that Hitchcock and Hitchcock be employed as architects for the Home Economics cottage, for which an amount of \$48,000 had been set aside in the 1957-59 biennial budget. Mr. Brough moved that the recommendation be approved. Mr. Peck seconded the motion and it was carried. It was the consensus of the Board that the house should be located on the lot belonging to the University at 8th and Fremont. Mr. McIntire asked that preliminary sketches and floor plans be made available to the Committee on Physical Plant and Equipment at a meeting which would probably be held sometime during April.

Dr. Humphrey stated that he felt a study should be made of higher education in the state prior to the next Legislative session. He pointed

Board of Trustees

Meeting March 11-12

out that it had been the plan to have the study made by the Legislative Interim Committee or the Permanent Ways and Means Committee but that no money was appropriated by the Legislature for the study. He added that necessary funds for the study might be secured either from a foundation or through an allocation by the Governor from his contingent fund. After some discussion, Mr. McIntire moved that the Board direct President Humphrey to complete plans for a study of higher education in the state, with special emphasis on coordinating the activities of the University and the two-year colleges, as agreed in the joint meeting of the State Board of Education, the University Board of Trustees, and the Boards of Trustees of the Junior and Community Colleges held in Cheyenne on January 28. Mrs. Patterson seconded the motion and it was carried.

Mr. McIntire stated that he would like to present a further report on the question of remodeling the old Library building. He called attention to the fact that the Botany department and the Rocky Mountain Herbarium presently have 6,096 square feet of usable space, while the College of Commerce and Industry has 6,163 square feet of usable space. He added that, by lowering the floor of the sub-basement and putting new floors in the stack area and the reading room of the Library, a net total of 22,000 square feet of usable space could be provided, if some of the approximately 40 private offices requested by the College of Commerce could be eliminated. He also pointed out that by making some changes in the plans and eliminating some of the requested offices the work could be done for an estimated \$112,000. He proposed that the revised plans, together with his report, be sent to Mr. Newton, chairman of the Committee on Physical Plant and Equipment, and that if he approved, the plans be sent back to President Humphrey for conference with the administrative officials

REMODELING OF OLD LIBRARY BUILDING Board of Trustees

Meeting March 11-12

concerned and a subsequent joint meeting with these officials and the Committee on Physical Plant and Equipment. It was the consensus of the Board that Mr. McIntire's suggestion was a very good one and should be followed.

Dr. Humphrey reported briefly on the bills passed by the 1957 Legislature which affected the University. He called special attention to the bill providing for an appropriation of \$80,000 to be used in employing teaching personnel for the four two-year colleges in the state. He stated that, according to the bill, \$40,000 was allocated during each year of the biennium for employment of teachers as follows: two for Casper Junior College, two for the Northern Wyoming Community College, two for the Northwest Community College, and one for the Goshen County Community College. He added that the teachers to be employed would be selected by the governing boards of the various institutions subject to final approval of the University Board of Trustees. The Trustees concurred in his statement that he felt the allocation of funds should be made with as little formality as possible.

Dr. Humphrey read a letter he had received from a representative of Mr. J. C. Penney, with which he enclosed 175 shares of stock in the Foremost Dairies, Inc. to be retained by the University as a long-term investment. He reported the current value of the stock to be \$2,953.13. Mr. Jones moved that the President of the Board of Trustees be authorized to write to Mr. Penney and also to Vice Admiral E. S. Land (whose gift of 800 shares of Dow Chemical Company stock was reported to the Board earlier in the meeting) expressing the Board's appreciation for their gifts and for their interest in the University. Mr. Peck seconded the motion and it was carried.

TTON PROVIDING TO TWO-YEAR COLLEGES

GIFT TO UNIVERSITY

19 57 Sheet No. 807

Dr. Humphrey stated that both he and Director G. J. Jacoby had BASKETBALL SITUATION talked with Mr. Everett Shelton, Head Basketball Coach, about his future relationship with the University. He listed five alternatives which had been discussed with Mr. Shelton, as follows: (1) stay through the 1958 season and then go into another University position; (2) stay through the 1958 season and then go into a job away from the University; (3) stay through the 1957 season and then go into another University position; (4) stay through the 1957 season and then go into a position away from the University; and (5) attempt to secure a foreign assignment at the conclusion of the 1957 season. Dr. Humphrey went on to say that Mr. Shelton preferred either alternate No. 4 or alternate No. 5, and that he and Mr. Jacoby believed Mr. Shelton would be willing to terminate his contract with the University for a consideration of \$5,000. After some discussion, .Mr. McIntire moved that Director Jacoby and President Humphrey be authorized to get the situation worked out as quickly as possible and that they be authorized to offer Mr. Shelton an amount not to exceed \$6,000 in consideration for the termination of his contract. Mr. Brough seconded the motion and it was carried. Mr. Jones moved that a bonus of \$250 be given to Dr. Everett Lantz BONUS FOR WRESTLING COACH in recognition of the Conference championship recently won by his wrestling team. Mr. Peck seconded the motion and it was carried. The Board adjourned at 6:00 p.m. to meet again on May 24-25, preced-DATE FOR NEXT MEETING ing the Spring Commencement exercises. Respectfully submitted,

J. R. Sullivan Secretary
