Wyoming

A regular meeting of the Trustees of The University of Wyoming was called to order by President True at 10:00 a.m. on 16 February 1973 in the Board Room of Old Main Building.

The following members answered roll call: Brodrick, Bunning, Hickey, Hines, Hollon, McBride, Pence Quealy, Sullivan, True, and ex officio members Carlson and Rerucha. Ex officio members Governor Hathaway and Schrader were absent. Executive staff present were James Ranz, Vice President for Academic Affairs; Elliott G. Hays, Vice President for Finance; Joseph R. Geraud, Vice President for Student Affairs; and High B. McFadden Vice President for University Extension. Professor Glenn Mullens represented the Faculty Senate, and C Richard Skinner represented The University of Wyoming Alumni Association.

ROLL CALL

It was moved seconded, and carried that the minutes of the meeting of 12 January 1973 be approved as circulated.

APPROVAL OF MINUTES

Dr. Carlson announced that lunch would be served in the Conference Room at noon; and that the Coe Committee would meet at noon in the President's office. A letter from Mr. Jones was read in which he expressed pleasure in his years of service as a Trustee and indicated he had requested the Governor that he not be considered for reappointment because of personal obligations.

ANNOUNCEMENTS

Dr. Carlson stated that arrangements for the meeting of the Association of Governing Boards of Universities and Colleges, scheduled to be held in San Francisco April 29-May 1, 1973, would be handled by Vern Shelton, Assistant to the President for Information. Mr. True, Dr. Carlson and Mr. Brodrick indicated they would be attending that meeting.

It was moved, seconded, and carried that the meeting go into executive session, with the executive staff, Mr. Mullens and Mr. Skinner invited to remain. The meeting reconvened in open session at 1:30 p.m.

Mr. True asked about Mr. Glenn Jacoby, Director of Intercollegiate Athletics. Dr. Carlson and Mrs. Hickey reported what they knew about his physical condition. At the request of Mr. True, Mr. Rerucha gave a short report on the activities of the Search Committee for a new Director of Intercollegiate Athletics.

President Carlson asked that matters contained in the President's Report be considered, and, on the basis of the discussions which took place during the executive session, the following actions were taken.

It was moved, seconded, and carried that the following appointments be approved as recommended by the President, to be effective on the dates indicated:

President Carlson reported that certain members of the faculty had been appointed originally with the contingency that appointment would be as an Assistant Professor if the doctoral degree had been attained by that date; if not, appointment was to be at the rank of Instructor. None of those listed below had met the requirements for appointment at the Assistant Professor level during their first year of service and Dr. Carlson stated that he wished to recommend reappointment of these individuals with the same contingency extended into their second year of service, i.e., promotion to Assistant Professor authorized if requirements for the doctoral degree were completed by 1 January 1974. It was moved, seconded, and carried that the following faculty members be reappointed for 1973-74 as recommended by the President with authorization granted for promotion to Assistant Professor, effective upon completion of requirements for the doctoral degree by 1 January 1974.

11. Mr. Glen W. Shellhaas, Professor of Law, effective at the close of the 1972-73 academic year.

12. Mr. Richard J. Roach, Assistant Football Coach and Instructor in Intercollegiate Athletics, effective 19 February 1973.

President Carlson called attention to a change in the definition of "cause" in Faculty Senate Resolution 38 as presented to the Trustees for consideration at their December 1972 meeting. This Resolution would change the definition of "cause" and the procedure for dismissal of faculty members for cause in the Regulations of the Trustees and would provide through University Regulations for the establishment of a Faculty Senate Hearing Committee and procedures for dismissal for cause, for review of nonreappointments of probationary faculty members and for faculty grievances. President Carlson recommended that the proposed change be accepted, effective 16 February 1973, and that the Regulations of the Trustees be amended accordingly. After some discussion, it was moved, seconded, and carried that the Regulations of the Trustees of The University of Wyoming, August 7, 1972, be amended to read as follows:

CHANGES IN REGULATIONS
OF THE TRUSTEES
(August 7, 1972)

Wyoming

PART V. FACULTY

Section 7. DISMISSAL FOR CAUSE

"Cause" is defined to include any conduct which seriously impairs the ability of The University of Wyoming to carry out its functions, including physical or mental incapacity, incompetency, neglect of duty, dishonesty, immorality or conviction of a felony. This provision shall not be interpreted as to constitute interference with academic freedom.

Faculty members on tenure may be dismissed only for cause or because of bona fide financial exigencies of the University. A recommendation for the dismissal for cause of a faculty member with tenure shall be made in writing by the appropriate dean or comparable administrative officer to the President of the University. If the President finds substantial basis for dismissal for cause, he shall appoint the appropriate dean or comparable administrative officer to act as charging authority for the preparation of a statement of charges and presentation of the case to a Hearing Committee, if the faculty member desires a hearing, under procedures established by University Regulations. The statement of charges shall be submitted at least twenty days prior to the date set for the hearing, and a copy shall be forwarded to the chairman of the Committee. The faculty member shall state in reply whether he wishes a hearing and, if so, shall answer in writing not less than one week before the date set for the hearing.

During the probationary period, the President of the University may dismiss a faculty member for cause prior to the expiration of the contract period after consultation with the appropriate administrative and/or academic officers. The President, prior to acting may, if he determines it to be necessary or desirable, cause an investigation to be made and may order a hearing by the appropriate faculty committee.

It was moved, seconded, and carried to approve an annual salary increase of \$624 for Beverly J. McDermott, Temporary Associate Professor of Nursing, effective 19 February 1973, as recommended by the President.

SALARY INCREASES--
COLLEGE OF HEALTH
SCIENCES

It was moved, seconded, and carried that the award of degrees for the 1972 Fall semester be approved as recommended by the faculty and deans, with a record of such degree awards to be maintained in the Registrar's Office after authentication by the President of the University pursuant to this action.

APPROVAL OF DEGREES

After a brief discussion, it was moved, seconded, and carried to table the proposed revisions of the Wyoming Seed Certification Fee Schedule until the March meeting of the Trustees.

The recommendation from the President that certain areas of the athletic complex north and east of the Fieldhouse be officially named the Glenn J. Jacoby Athletic and Recreation Center was discussed. At the conclusion of the discussion it was moved, seconded, and carried that the land given the University by the Union Pacific Railroad, including the golf course and club house building, be henceforth known as the "Red" Jacoby Golf Park and that a formal resolution be sent to Mr. Jacoby stating this.

NAMING OF ATHLETIC
AND RECREATIONAL AREA

It was moved, seconded, and carried to approve the transfer of \$41,288.76 to The University of Wyoming Foundation for management as a permanent fund. This sum represents the proceeds from the sale of stock recently given to the University by John Bugas.

BUGAS GIFT

It was moved, seconded, and carried to approve the following budget changes as recommended by the President.

BUDGET CHANGES

1. Department of Political Science. An appropriation of \$3,850 to support a recommended revision of the course Political Science 305D so that it may be unitized to permit students to take examinations in the several parts and thus, if qualified in one or more, not have to take the entire course.

2. Division of Basic Research. To provide funds in the amount of \$2,750 for the continued employment of an Electronics Technician II during the last four months of the 1972-73 fiscal year.

3. Cheyenne Field Office. An appropriation of \$6,366 to replace equipment lost through theft in the Cheyenne Field Office

Mr. Hays reported that the proposed agreement between Upland Industries, the City of Laramie, the University, and Albany County Hospital District has not been accepted by the City and therefore the suggested Resolution should be withdrawn at this time. It will be necessary to amend the agreement to provide that Upland Industries will contract with

the Contractor rather than the City of Laramie as proposed originally. Upland Industries has had W. E. Britton Construction Company start the work, even though it is being done without the protection of a contract.

Mr. True called upon Mr. Hines, Acting Chairman of the Physical Plant and Equipment Committee, for a report on the recommendations of the Committee. The following items were discussed and action taken as cited:

1. Improvements to the Campus Electrical Distribution System. It was moved, seconded, and carried to approve the recommendation that Swanson-Rink & Associates be retained to conduct, in conjunction with the professional staff of the Division of Physical Plant, engineering surveys for major improvements to the campus electrical distribution system. Swanson-Rink & Associates would be retained on a time and charge basis not to exceed \$9,000. They would work closely with the personnel in the Division of Physical Plant; proceed with the construction drawings and specifications and assist in the evaluation of competitive bids; and they would also provide two on-site, in-progress inspection trips and one final inspection. Funds for this project will come from the 1967 Capital Improvement Account Bond Issues. The areas of study would include the following:

- a. revamping of the present 2400 volt underground distribution system;
- b. conversion of the Crane-Hill dormitory facility power service from the present 2400 underground distribution system to the campus-wide 13,200 volt system;
- c. replacing electric panels, feeders and subfeeders from the transformer into the following buildings that are not scheduled for major remodeling in the next biennium: Arts and Sciences; Old Main; Agricultural Units A and C; Wyoming Hall; Graduate Hall; Fieldhouse; and Ross Hall.

2. Site Development Plan. It was moved, seconded, and carried to approve an addendum to the new Physical Education Facility bids incorporating site work around the Fine Arts Center and the Physical Education Facility with the addendum to provide for five alternate bids.

3. Items of Information

The following matters were reported to the Trustees as items of information.

a. The Orr Construction Company of Denver has asked whether the University would insist that 80% of the work on the Physical Education Building be done by resident subcontractors if that construction contract is awarded to a successful resident bidder. At the request of President True, Mr. Geraud, as University Legal Adviser, explained that the University has always interpreted Wyoming statutes to require a 5% preference to resident bidders over non-resident bidders, and that the 80% requirement applied only if the bid were awarded to a resident on account of the 5% preference. Mr. Geraud expressed his legal opinion that the 80% requirement would not be applicable if only resident general contractors bid on the Physical Education Building. Mr. Pence stated that the Physical Plant and Equipment Committee recommended that no different action should be initiated by the University although the Trustees should be made aware of the situation.

b. Mr. Pence reported that alumnae representatives of the sororities wished to know the feelings of the Trustees regarding the possibility of correcting the unsightly and poor conditions of the areas from the rear of their properties to Ivinson Avenue. The Committee recommended that the sororities be asked (a) if they would buy the additional land; and (b) if the land were offered to them gratis contingent upon their landscaping and maintaining it, would they agree to the contingency. If neither of these possibilities would be acceptable, the feeling was that the University should assure the sororities that access to their own properties would be provided. The Trustees concurred with the recommendation.

Mr. McBride, Chairman of the Committee, reported that Mr. Ted Dretos of Standard and Poor's Los Angeles office would meet with the Committee at the April meeting of the Trustees.

W.R. COE TRUST FUND COMMITTEE

Mr. Hollon, Chairman of the Development Committee, reported that his Committee met on Friday, 16 February, with Warren C. Hodges and Tom Gorman, representing the New York Life Insurance Company, to discuss a plan for charitable gifts to the University through life insurance whereby the University would be made the beneficiary of the policy and the insured and his heirs would receive tax deduction benefits. Mr. Hollon then stated he would report to the Trustees at their next meeting on the progress of the fund raising campaign for the Fine Arts Center. He reported that the first annual report of the Development Office shows that \$1,376,000 was given to the University in cash gifts and income producing property plus \$600,000 of gifts-in-kind for the year.

DEVELOPMENT COMMITTEE REPORT

At the request of President True, Mr. Hays reviewed a proposal from Boettcher and Company of Casper for the possible refunding of \$11,435,000 of University of Wyoming outstanding bonds. After discussion of this proposal, it was moved, seconded, and carried to ask Boettcher and Company to submit a proposal for the Trustees to consider at their meeting of 15 March 1973.

BOND REFUNDING PLAN

Mr. Rerucha asked President True if any official action had been taken on increasing room and board rates. Mr. True replied that the Trustees would, if necessary raise the rates but to date the administration has not recommended such action to the Trustees.

MATTERS FOR REPORT AND/OR PRELIMINARY CONSIDERATION

Dr. Carlson reported on his trip to Washington, D. C., with Dean Meyer to meet with Dr. Stevers, Director of the National Science Foundation, concerning the sudden withdrawal of National Science Foundation funds from the University's science education program. At the request of Dr. Carlson, Mr. Ranz summarized the loss to the University of federal

funding in the amount of approximately a million and a half dollars, including the loss of Morell Act and Bankhead Jones funds.

Mr. Rerucha presented copies to Mr. True and Dr. Carlson of a proposal on international education prepared by Dr. Everett D. Lantz. He pointed out that the proposal had been endorsed by the Student Senate with the stipulation that it would not be supported by University funds.

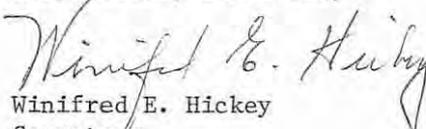

Dr. Carlson announced that a state-wide advisory committee had been appointed to review the programs in the College of Agriculture.

Mr. Quealy reported on his work to develop an educational television system in the State. The proposed program was referred to the Education Committee of the Senate but failed to receive any action.

There being no further business, upon a motion duly made and seconded, the meeting was adjourned at 3:20 p.m. The next regular meeting of the Trustees will be 15 March 1973.

ADJOURNMENT AND DATE
OF NEXT MEETING
