CHAPTER V. FACULTY

Section 1. ACADEMIC FREEDOM

The faculty is the educational body of the University and in recognition of the fact that true education may flourish only when the faculty is both free and responsible, the Trustees subscribe to the following statement on academic freedom and the responsibilities of faculty members as adopted in 1940 by the American Association of University Professors:

Academic freedom...applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the students to freedom in learning. It carries with it duties correlative with rights.

The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

The teacher is entitled to freedom in the classroom in discussing his subject, but he should be careful not to introduce into his teaching controversial matter which has no relation to his subject.***

The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he speaks or writes as a citizen, he should be free from institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he is not an institutional spokesman.

CHAPTER V. FACULTY, Continued

Section 2. DESIGNATION

Faculty status shall be granted at the appropriate rank to those individuals engaged in teaching or research in the colleges of the University and to such other groups or individuals as the Trustees may designate. The general qualifications for the various faculty ranks shall be as follows:

a. Instructors normally shall have a master's degree and preferably at least one year of additional study or of professional experience in the field in which the instructorship is granted.

b. Assistant professors shall normally have the doctor's degree in course, and shall have demonstrated ability, through appropriate experience, to perform the functions of the position they are to hold.

c. Associate professors shall normally have the doctor's degree in course, shall have established a reputation in scholarship, teaching, artistic creation, or other productive activity in the field in which they are to serve.

d. Professors in addition to having the qualifications of associate professors, shall have demonstrated superior capacity for direction of graduate work and research; shall have attained wide recognition in their professional fields for scholarship or other creative work; and shall have gained

recognition as teachers and as consistent contributors to the fields in which they are to render University service.

e. Lecturer shall be the title granted to individuals temporarily employed on the staff for such special teaching assignments as would make other academic titles inappropriate.

The general qualifications may be waived or modified at the discretion of the President and the Trustees.

CHAPTER V. FACULTY, Continued

Section 3. APPOINTMENT

a. Full time members of the faculty shall be appointed by the Trustees. Recommendations for such appointments shall be initiated by the head of the unit in which the appointment occurs, after full consultation with members of the unit. Recommendations shall then be forwarded through the appropriate academic and/or administrative officers, who shall add their recommendations to the President of the University for recommendation to the Trustees. Appointments shall be for a special period at the appropriate rank as described in Section 2 of this Chapter to be classified as follows:

(1) Probationary appointments to fill a budgeted vacancy. Such appointments normally will be for one academic year. Individuals so appointed will be considered for reappointment annually for the term of the probationary period specified in Section 4 of this Chapter. If reappointed at the termination of such period, they normally will be granted tenure. Persons in pursuance of an academic degree normally will not receive a probationary appointment.

(2) Supply appointments to serve for a specified period during the absence of the budgeted incumbent or in lieu of a fully qualified incumbent. Such appointments shall normally terminate upon the expiration of the contract

period. However, in the event of appointment to a budgeted vacancy, service in a supply capacity may, on the basis of mutual agreement between the candidate and the appropriate University officers, be considered in meeting probationary requirements.

(3) Temporary appointments to fill a position budgeted for a temporary period in order to meet a special need. This shall include positions budgeted under special grants, the continuation of which is dependent upon the availability of funds. Individuals appointed to a temporary position may be reappointed annually for such period as the position exists but reappointment to such positions shall in no event entitle the individual to tenure privileges. However, in the event of appointment to a regularly budgeted vacancy, service in a temporary capacity may be considered in meeting probationary requirements.

(4) Visiting appointments to bring to campus faculty members from other institutions or professional persons in various fields to offer a special program.

b. Emeriti appointments will be awarded by the Trustees to those faculty members who are retired after long and distinguished service to the University of at least ten years.

CHAPTER V. FACULTY, Continued

Section 3. APPOINTMENT, Continued

c. Part-time appointments and appointments in the Summer School will be made by the President of the University upon the recommendation of the appropriate University officers.

d. Adjunct or clinical appointments may be made in the same manner provided for the appointment of full time members of the faculty. Such appointments may be made when deemed appropriate to make available to the University, on a limited or part-time basis, the services of persons who have attained recognition in their professional fields for scholarship, creativity, or other distinguished accomplishments relevant to programs of the University. Appointments shall be for not more than three years, subject to reappointment, without rights of tenure. Each letter of appointment shall set forth the terms and conditions under which services are to be performed by the appointee.

CHAPTER V. FACULTY, Continued

Section 4. REAPPOINTMENT AND TENURE

To hold a position with tenure means that the appointment is considered permanent and is not subject to termination or substantial reduction in status without adequate justification as outlined in Section 7 of this Chapter. Faculty members employed on a temporary, supply, or part-time basis (including lecturers, adjunct or clinical appointments), members of the athletic staff whose duties are predominantly coaching, and officers in the Divisions of Military Science and Aerospace Studies shall not be eligible for tenure. Administrative and academic officers do not have tenure in their administrative positions and shall serve in such capacity at the pleasure of the President and/or the Trustees. If they hold concurrent faculty appointments, they may be granted tenure in the faculty position at the discretion of the Trustees. However, no one shall forfeit tenure by reason of appointment to an administrative position.

Other members of the faculty shall be eligible for tenure upon completion of the period of probationary employment set forth below:

- a. Instructors may be appointed annually for a period of six years; during the sixth year the tenure decision will be made.
- b. Assistant professors may be appointed annually for a period of six years; during the sixth year the tenure decision will be made.

CHAPTER V. FACULTY, Continued

Section 4. REAPPOINTMENT AND TENURE, Continued

c. Associate professors may be appointed annually for a period of four years; during the fourth year the tenure decision will be made.

d. Professors may be appointed annually for a period of three years; during the third year the tenure decision will be made.

The probationary time for tenure decisions is based on rank at the time of the initial appointment to The University of Wyoming. In exceptional cases, and with prior consultation with the Tenure and Promotion Committee, an instructor, an assistant professor, an associate professor, or a professor may be granted tenure at less than normal time specified above.

An individual who is not offered tenure at the end of his probationary period shall not be retained. A faculty member who has been offered tenure and who has refused to accept tenure can be reappointed annually at the discretion of the department in which this individual holds an appointment; in addition, any such person shall have all rights and responsibilities of tenured faculty members except permanent appointment.

Recommendations concerning reappointment or tenure shall be initiated in accordance with the procedures specified in University Regulation 803. Academic and/or administrative officers shall normally initiate all recommendations concerning heads of units within their

charge. The recommendation shall be contained in a written report evaluating the teaching ability, productive scholarship, and other relevant qualifications and characteristics of the faculty member under consideration.

In all tenure decisions, the President shall consider the recommendations of the University Tenure and Promotion Committee (hereinafter referred to as the Committee) before making his recommendation to the Trustees. The Committee shall be notified in writing at least two weeks prior to the meeting at which tenure recommendations are to be considered, and committee members shall have access in advance of the meetings to all reports made on the individuals. The Committee's recommendation shall be based on the majority vote of the members present, exclusive of ex officio members. When the Committee's recommendation is at variance with that of the dean or other major administrative and/or academic officer, this officer shall be advised prior to the President's recommendation to the Trustees. If the President does not concur in the recommendation of the Committee, he shall bring to the Trustees the Committee's recommendation together with his own.

When an individual on probationary appointment is not recommended for reappointment, the President shall advise him in writing of this decision at least three months in advance of the end of the contract

These changes will become effective for all faculty who begin employment on or after June 1, 1976. Any faculty member serving on probationary employment at the time these changes go into effect may elect to come under these changes by filing a written request for such treatment with the head of the unit in which such faculty member holds an appointment. Such an election shall be filed not later than sixty days after these changes become effective. The unit head concerned shall give written notice of such election to all appropriate administrative and/or academic officers.

CHAPTER V. FACULTY, Continued

Section 5. PROMOTION

Promotion of faculty members shall be governed by the qualifications for the various academic ranks as set forth in Section 2 of this Chapter. A written evaluation shall be prepared on all individuals recommended for promotion. A written evaluation shall also be prepared on all individuals below the rank of professor who have been in rank for a period of five or more years and for whom promotion is not recommended, unless such an individual requests in writing that an evaluation not be submitted. The criteria to be considered in making this evaluation shall include: teaching effectiveness, helpfulness with students, continuing scholarship and research, professional publication, participation in the life of the University and the community. Possession of the highest earned degree attainable in the faculty member's academic area weighs heavily in decisions concerning promotion.

Recommendations for promotion shall be initiated in accordance with the procedures specified in University Regulation 803. After consultation with the University Tenure and Promotion Committee in accordance with the procedure outlined in Section 4, above, the President shall make his recommendation to the Trustees. If he does not concur in the recommendation of the Committee, he shall bring to the Trustees the Committee's recommendation together with his own.

CHAPTER V. FACULTY, Continued

Section 6. LEAVES OF ABSENCE

a. Emergency or Short-term Leave With Pay. When a faculty member finds it necessary to be absent from regular duties at the University for a period not exceeding two weeks, he shall secure approval from his immediate superior for his absence. A temporary leave for more than two weeks but not to exceed four weeks may be granted, for good cause, upon written recommendation of the appropriate administrative superior and with the approval of the President. An individual making application for such leave should submit a statement suggesting a plan for carrying on his work during his absence. Any leave in excess of four weeks, except for illness, shall require approval by the Trustees.

b. Leave Without Pay. Upon recommendation of the appropriate administrative and/or academic officers and with the approval of the President of the University, leaves of absence without pay may be granted to faculty members by the Trustees for a period normally not in excess of one contract year.

c. Sabbatical Leave. Sabbatical leave may be granted to any tenured member of the University faculty for the purpose of increasing the recipient's professional competence and usefulness to the University. Sabbatical leave time may be used for research, writing, and/or study at a place of the recipient's choosing. University personnel holding academic rank whose

duties are primarily administrative in nature shall also be eligible for sabbatical leave. A minimum of six years of academic service at the University must precede each period of sabbatical leave although no right accrues automatically through lapse of time. The granting of such leave is, in each case, within the discretion of the Trustees upon the recommendation of the President.

Sabbatical leaves shall not be ordinarily available for the purpose of seeking an advanced degree.

A request for sabbatical leave should be initiated by the individual during the first semester of the year preceding the year for which leave is requested. The request, which shall contain a statement concerning the purpose for which the leave is requested, shall be forwarded to the President of the University through the appropriate administrative and/or academic officers, with a recommendation from each attached. The President shall consult with the appropriate faculty committee in making his recommendation to the Trustees.

Sabbatical leaves will normally be granted for either a full or half contract year. Leave for a full contract year shall be compensated at a rate equal to fifty per cent of the faculty member's annual salary; leave for half contract year shall be compensated at the annual rate.

CHAPTER V. FACULTY, Continued

Section 6. LEAVES OF ABSENCE, Continued

While on sabbatical leave, grants and other forms of outside compensation may be accepted. The University shall not, however, be obligated to pay the individual more than that amount of sabbatical compensation which, when added to the outside sources of compensation, will equal his full regular salary for the period of leave. If allowances for travel and other expenses directly related to the leave are included in the outside grant, the amount of these allowances may be disregarded in computing the contribution to be made by the University.

A faculty member who fails to return to the University for at least one academic year immediately following sabbatical leave shall be obligated to repay the amount of compensation received from the University during the period of his leave.

Section 7. DISMISSAL FOR CAUSE

"Cause" is defined to include any conduct which seriously impairs the ability of The University of Wyoming to carry out its functions, including physical or mental incapacity, incompetency, neglect of duty, dishonesty, immorality or conviction of a felony. This provision shall not be interpreted as to constitute interference with academic freedom.

Faculty members on tenure may be dismissed only for cause or because of bona fide financial exigencies of the University. A recommendation for the dismissal for cause of a faculty member with tenure shall be made in writing by the appropriate dean or comparable administrative officer to the President of the University. If the President finds substantial basis for dismissal for cause, he shall appoint the appropriate dean or comparable administrative officer to act as charging authority for the preparation of a statement of charges and presentation of the case to a Hearing Committee, if the faculty member desires a hearing, under procedures established by University Regulation.

During the probationary period, the President of the University may dismiss a faculty member for cause prior to the expiration of the contract period after consultation with the appropriate administrative and/or academic officers. The President, prior to acting may, if he determines it to be necessary or desirable, cause an investigation to be made and may order a hearing by the appropriate faculty committee.

Section 8. EVALUATIONS OF AND RECOMMENDATIONS FOR A FACULTY MEMBER

Evaluations and recommendations of faculty members with respect to reappointment, promotion, tenure and merit ratings upon which salary increases may be based, shall be communicated to the faculty member concerned in writing before the time of their being submitted by the dean of the college, or equivalent officer, to the general University administration. If the faculty member concerned desires to comment upon the recommendation, he may do so by forwarding his remarks in writing to the appropriate University officers who will make the remarks a part of the official documents that will be presented to the Tenure and Promotion Committee, the President, and the Trustees.

TO ALL PERSONNEL

Section 1. EQUAL EMPLOYMENT OPPORTUNITY

The University's policy is one of equal opportunity for all persons in all facets of the University's operations. PERSONNEL, Continued

Section 2. NEPOTISM

Relatives (father, husband, son, brother, grandfather, grandson, uncle, nephew, first cousin, and the corresponding feminine relationships) may not be employed in positions which place one in an immediate supervisory relationship to the other. University employees who through marriage find themselves in violation of the foregoing statement are given the remainder of the fiscal year in which the marriage occurred to comply.

No provision of this Section shall be interpreted or applied so as to prevent the award of a scholarship, fellowship, or graduate assistantship to a student who is a relative of any employee of the University or of the Trustees.

CHAPTER VII. EMPLOYMENT PROVISIONS APPLICABLE TO ALL
PERSONNEL, Continued

Section 3. COMPENSATION

a. Salary Payment. The base salary for most members of the faculty and some members of the staff is for the academic year. The base salary for certain members of the faculty performing administrative duties and other duties beyond the usual academic assignments, and for most other salaried employees is for the fiscal year. All base salaries shall be paid in twelve monthly installments. Required deductions shall be taken from salary payments for Federal withholding taxes, Social Security, retirement, and for such additional purposes as may be authorized by the individual, or as required by law.

b. Supplementary Compensation.

(1) From University Sources. No full time employee during his regular term of service shall have his salary supplemented from University grants, contracts, or other University sources except for:

- (a) Employment in extension classes and similar activities scheduled through adult education programs.

ALL PERSONNEL, Continued

Section 3. COMPENSATION, Continued

When approved by the President, members of the faculty on academic year appointments may earn up to 1/3 of their base salary for services rendered during the summer months. For less than full time service, pro rata amounts may be earned. In unusual circumstances, with the approval of the University President, compensation may be granted for additional services.

(2) From State Agency Sources. The University recognizes a particular obligation to make its resources available to the various agencies of State government; however, the cost of consulting services normally are not included within the University budget and must, accordingly, be covered by funds from the agencies or from other non-University sources. The performance of professional and consulting work by a University employee for any Wyoming State agency shall, in general, be covered by the regulations that cover work for other outside agencies as set forth below, i.e., approval of the appropriate University officers and the President must be obtained and one day a week is the maximum period for which additional compensation may be accepted. When an individual's services are required for a longer period, the University will make every effort to release the individual to the State agency for the time required with appropriate salary adjustment to be made between the agency and the University.

Section 3. COMPENSATION, Continued

(3) From Other Outside Sources. During the period of his University service, a member of the faculty may, with the approval of the appropriate University officers and the President, perform professional and consulting work for an outside agency not to exceed one day a week. Such work must not interfere with his normal University duties, including those extra responsibilities expected of all faculty members, and must be in addition to rather than a part of his normal full time University duties. Such work must also be related to the faculty member's regular campus duties and must contribute to the effectiveness of his regular academic work. Outside consulting work shall not be solicited by the faculty member nor may it be performed at less than the prevailing rate.

This policy shall also apply to University officers.

When a member of the faculty does work in a private capacity, he must make it clear to those who employ him that such work is unofficial and the name and authority of The University of Wyoming are not in any way, by publicity, advertising, or otherwise, to be connected with the services rendered or the results obtained.

The facilities of the University may not be used for outside work without the approval of the Vice President for Finance who shall establish the compensatory schedule for facilities used.

Section 4. SICK LEAVE

A regular part-time staff member employed for twenty or more hours per week on a continuing basis shall be granted eleven working days of sick leave with pay during his, or her, current anniversary year. During an employee's first anniversary year, an employee is not eligible for sick leave until he, or she, has been in the employ of the University for one month, and then only for that portion of the entitlement which has actually accrued; in subsequent years, the full sick-leave entitlement is available to the employee at the beginning of each anniversary year. Sick leave not used during an employee's current anniversary year cumulates and may be taken in succeeding anniversary years at forty per cent of his, or her full pay.

Subject to the governing provisions of the foregoing cited laws, the normal retirement age for University employees is 65, but at the option of the Trustees, and with the concurrence of the individual, employment in a non-administrative capacity may be continued on an annual basis until age 70. Employees who have completed thirty years of service with the University have the option of retiring before age 65 with the approval of the Trustees.

Each year the President of the University shall report to the Trustees the names and positions of all University employees who will have reached the age of 65 or over by July 1 of that year. a. The following persons upon matriculation shall be classified as Wyoming residents for fee purposes:

(1) Minors whose parent(s) are domiciled in the State of Wyoming. "Parent" may be deemed to include a legally appointed guardian when the circumstances establish that residence classification was not a primary purpose for the guardianship and a minor is without living parents or the minor has habitually resided prior to matriculation with the guardian.

For purposes of these regulations, minors shall be classified as residents for fee purposes if the student's parent is assigned by an employer to work and reside within the State for an anticipated period of not less than one year pursuant to the needs and established policies of the employer. NOTE: To qualify as a resident under this item, the parents or guardian must be residing in the State on

(3) Persons temporarily absent from the State due to military service, attendance at an educational institution, or other type of temporary sojourn of a known duration, who have retained an intention to return to the State and who would have been classified as residents at the time of departure in accordance with these regulations; provided, that such persons enter a Wyoming institution of higher

d. Change of residence classification shall be governed by the following regulations:

(1) Undergraduates whose original classification was based on domicile of parents may be reclassified after an interruption of their education for more than eighteen months or completion of a degree.

Section 2. HONORARY DEGREES

Nominees for honorary degrees may be submitted by members or former members of the Trustees, members of the faculty, and alumni. All recommendations shall be submitted in writing to the President of the University by a designated date each year. The President shall refer all nominations to a joint committee consisting of not more than three members of the Trustees appointed annually by the President of the Trustees, three members of the appropriate faculty committee chosen annually by that committee, and the President of the University who shall preside as chairperson without vote.

The joint committee shall canvass fully the achievements and qualifications of persons nominated in accordance with the following criteria:

- a. Notable contribution to the health, education, or general welfare of the people of the State.
- b. Outstanding accomplishment on either a state or national level by alumni of the University.
- c. Accomplishment so outstanding as to have won recognition on a national or international level.

All deliberations and votes of the joint committee shall be secret except for official records where required. Any candidate who receives an affirmative vote of two-thirds of the joint committee shall be recommended by the Trustees. The Trustees will

CHAPTER X. PHYSICAL PLANT, Continued

Section 3. PURCHASES

In addition to statutory preferences pertaining to State contracts and purchases, preference shall be given to bona fide Wyoming residents in making purchases of supplies, materials and provisions not manufactured, produced or grown in Wyoming, when such purchases would not be detrimental to the University. For articles of equal quality offered by competitors outside of the State, a two and one-half per cent (2 1/2%) differential shall be applied to prices proposed by bona fide Wyoming residents.

For purposes of purchases described in the above paragraph a bona fide Wyoming resident shall be construed to mean an individual or business organization that has been active for the preceding year in the conduct of activities normally associated with the making of sales of the type of articles being purchased by the University, and that maintains a permanent place of business within the State of Wyoming at which one or more persons devote full time to the activities of the business. The Vice President for Finance through his designated representative, shall determine resident classification for purposes of this paragraph and may require persons asserting a right to the preference to submit such information as he may deem necessary.

MINUTES OF THE
PHYSICAL PLANT AND EQUIPMENT COMMITTEE
July 26, 1978

The meeting convened at 2:20 P.M. in the ASUW Senate Chambers of the Wyoming Union with Chairman Willard Wilson presiding.

ROLL Those present, in addition to Mr. Wilson, were Messrs.
CALL
 Brodrick, Fordyce, Gillaspie, Nolan, Smith, Hines, Bunning,
McCue, Luthi, Geraud, Hays, Henry, Jakubauskas, Jones and Meyer.

RIGHT-OF-WAY Mr. Hays presented the proposed alternate route for a
EASEMENT
STOCK FARM natural gas line from Cities Service Gas Company. The
original request for a two-year option for a right-of-way easement was
deferred from the April Trustee meeting because of concern over the proposed
location of the gas line. The alternate route for the line would parallel
an existing Colorado Interstate Gas Company line through Section 3, T15N,
R74W until it reaches the east section line where it would turn south and
follow the section line through Section 10, T15N, R74W turning to the south-
east just below the north half of the section where it enters other landowners'
property. The proposed right-of-way easement is for a 66-foot width during
construction reverting to a permanent 50-foot easement. The Company
proposes \$150.00 consideration for the option with an additional sum of
\$4,755.00 to be paid upon its execution. The proposed route is within 55
feet of the existing right-of-way. Putting the pipeline in the existing
right-of-way doesn't meet either company's needs for adequate distance for
maintenance and repairs. Mr. Gillaspie moved that the recommendation go
to the Trustees to grant the option at the offered price. The motion died
for lack of a second. It was the concensus of the committee that negotiations
should be entered into with Cities Service Gas Comapny for considerably more

money for the option and a little more for its execution. Mr. Hays was asked to negotiate on behalf of the Trustees.

RIGHT-OF-WAY EASEMENT
ARCHER SUBSTATION

Mr. Hays presented a request from Mr. Glenn W. Nielson, President, Nielson Enterprises, Cody, Wyoming, that an easement on the Archer Substation be granted to the Laramie County Commissioners to provide for access to the Wyoming Hereford Ranch property. The proposed easement would follow the existing road through the Substation and would require an extension of that road for 746.8 feet. The existing road serves the nearby U. S. Bureau of Reclamation Substation for which a 50-foot easement was executed in January 1964. The requested easement is for an 80-foot right-of-way. Action was deferred until the September meeting and Mr. Smith and Mr. Gillaspie volunteered to inspect the site and make a recommendation at the September meeting.

SALE OF BUILDINGS
RESEARCH STATION
AT MORAN

Four surplus buildings owned by the University of Wyoming at the old Research Station have been advertised for sale in conjunction with bids solicited by the National Park Service for several other buildings owned by the National Park Service. Bids will be received August 4, 1978 at 2:00 P. M. It was moved by Mr. Brodrick and seconded by Mr. Smith to recommend to the Trustees that the Executive Committee be authorized to approve or reject the bids for the four buildings. Motion carried.

PAVING LAUNCH APRON
BALLOON LAUNCH

Dr. Meyer reported that the launch aprons at the Balloon Launch facility near the airport need extensive repair and expansion. The facility was built using funds from the National Science Foundation eight to ten years ago. The cost is estimated to be \$35,000.00. Mr. Brodrick moved and Mr. Nolan seconded that the recommendation go to the Trustees that funds be provided

for this project from indirect cost returns. Motion carried.

ADJOURNMENT

The meeting was adjourned at 3:00 P. M.

Respectfully submitted,

Willard V. Wilson
