THE UNIVERSITY OF WYOMING

Minutes of the Trustees
January 19, 1991

A regular meeting of the Trustees of the University of Wyoming was held on January 19, 1991. The meeting was called to order by President Bryan Sharratt at 9:15 a.m. in the Old Main Board Room. Committee meetings were held the morning of January 18.

WELCOME

President Bryan Sharratt welcomed Diana Ohman, who was present to serve in her official capacity as a new ex-officio member of the Board of Trustees.

ROLL CALL

The following Trustees attended the business meeting: Bryan Sharratt, President; John D. Bonner, F. Richard Brown, Ford Bussart, Deborah Hammons, Peter Jorgensen, Geraldine Kirk, Gordon Mickelson, Brian Miracle, Mike Schutte, Bryan Sharratt, and David W. Updike. Ex-officio members who were present included Terry P. Roark, Diana Ohman, and David Miller.

Trustee W. Perry Dray attended the committee meetings on January 18, but neither he nor ex-officio member Governor Sullivan were able to attend the business meeting.

APPROVAL OF MINUTES

President Sharratt asked if there were any corrections or additions to the minutes of the December 8, 1990 meeting. There being none, Trustee Hammons moved that the minutes be approved as circulated. Trustee Bonner seconded the motion and it carried. Mrs. Hammons also commended the persons responsible for the accuracy of the December minutes, indicating that Trustees will refer to the reallocation portion frequently in the future.

**RATIFICATION OF EXECUTIVE
COMMITTEE MINUTES OF
JANUARY 9, 1991**

The Executive Committee telephone conference minutes of January 9, 1991 were distributed to the Trustees. Trustee Jorgensen moved approval of the minutes. Trustee Mickelson seconded the motion and it carried. The telephone conference minutes are included as Enclosure 1, green.

ACADEMIC ISSUES COMMITTEE

President Sharratt called upon Trustee Updike for a report from the Academic Issues Committee. Committee members Dray, Jorgensen, Miracle, Schutte, Ohman and Updike attended the committee meeting, along with other Trustees and University staff. Based on the committee meeting, the following report and recommendations were presented to the full Board:

Differential Tuition for Law and Other
Professional Programs at Comparator Institutions

At the December 8, 1990 meeting of the Trustees, Trustees requested the administration to make a study of differential tuition for professional and graduate programs. Provost Albert Karnig provided Trustees with differential tuition information compiled from 24 western and NCHEMS comparator institutions including the University of Wyoming, explaining that both resident and non-resident rates were used for comparison. Three of 23 institutions that had business schools charged differential tuition. Four of 22 comparator institutions charged more for their engineering programs. Of 14 law schools surveyed, 10 charged differential tuition.

Dr. Karnig said that a law school application fee had been instituted this year at UW. Its purpose is to prevent frivolous applications. He stated that based on national projections, there will most likely be a decline in law school applications in the future. In response to a question about the time frame for a tuition increase, President Roark explained that recommendations will be made in the fall of 1991. The tuition increase will then be included in the fee book and submitted to Trustees for formal consideration at their January, 1992 meeting. Implementation, if approved, would be in the fall semester of 1992. It was moved by Mr. Updike and seconded by Mrs. Hammons that the administration bring information on differential tuition to the Academic Issues

Committee in the fall of 1991 for formal consideration in January of 1992. The motion carried.

University Studies Program/
Science Courses to Support University Studies

At the request of Trustees, the Office of Academic Affairs provided Trustees a progress report on the University Studies Program and Status of Science Courses. The report is included as Enclosure 2, salmon.

Common Course Numbering

University courses are distinguished by number indicating four levels of instruction as follows:

Community Colleges Only

0000-999 - Preparatory Courses (no college credit)

University of Wyoming Courses Shared with Community Colleges

1000-2999- Primarily for Freshmen & Sophomores

3000-4999- Primarily for Juniors and Seniors

University of Wyoming Upper Division Courses

5000-5999- Primarily for Graduate Students

Trustees were informed that community colleges are implementing the numbering system at the present time.

BUDGET COMMITTEE

President Sharratt called on Chairman Bussart for a report from the Budget Committee meeting held

on January 18. Committee members Bussart, Bonner, Brown, Dray, Mickelson, and Schutte and ex-officio members Sharratt and Roark attended the committee meeting, along with other Trustees and University staff. Committee member Hammons was absent. Based on the committee meeting, the following recommendations and reports were presented to the full Board.

Audit of Revenue Bond Operations, July 1, 1989 Through June 30, 1990

The audit report prepared by McGladrey & Pullen, Certified Public Accountants, as required by the July 15, 1984, July 15, 1986, and November 1, 1987 bond resolutions, for the fiscal year ending June 30, 1990, along with the auditor's internal control letter, and the University's response to the matters reported in the letter, were reviewed by the Budget Committee.

The auditor's report was unqualified, and no problems or conditions material in nature were identified in the examination. Mr. Jim Hearne of McGladrey & Pullen was present at the Budget Committee meeting to respond to questions concerning the report.

Based on a recommendation from the Budget Committee, Mr. Bussart moved acceptance of the McGladrey & Pullen bond audit report for fiscal year ended June 30, 1990, prepared in compliance with the July 15, 1984, July 15, 1986, and November 1, 1987 bond resolutions. The motion was seconded by Mr. Mickelson, and it carried.

Audit of Federal Contracts and Grants, July 1, 1988 Through June 30, 1990

The audit report of federal contracts and grants, prepared by McGladrey & Pullen, Certified Public Accountants, for the two year period ending June 30, 1990, including the University's responses to audit recommendations, were reviewed by the Budget Committee. Mr. Jim Hearne of McGladrey & Pullen was present at the meeting of the Budget Committee to respond to questions concerning the report.

Based on a recommendation from the Budget Committee, Mr. Bussart moved acceptance of McGladrey & Pullen's audit report of federal contracts and grants for the period July 1, 1988 through June 30, 1990. The motion was seconded by Mr. Mickelson, and it carried.

Audit of Intercollegiate Athletic Programs, July 1, 1989 Through June 30, 1990

The audit report of the Department of Intercollegiate Athletics, as required by the National Collegiate Athletic Association (NCAA), for the fiscal year ended June 30, 1990, was reviewed by the Budget Committee. The report was prepared by McGladrey & Pullen, Certified Public Accountants, and Mr. Jim Hearne was at the Budget Committee meeting to address questions concerning the audit.

The audit of Intercollegiate Athletics was made in accordance with requirements established by the NCAA. The auditor's report was unqualified, and no problems or conditions

material in nature were identified.

Based on a recommendation from the Budget Committee, Mr. Bussart moved acceptance of McGladrey & Pullen's audit report of Intercollegiate Athletics for the fiscal year ended June 30, 1990. The motion was seconded by Mr. Mickelson, and it carried.

**Fees, Charges, Refunds and Deposits, University of Wyoming,
July 1, 1991 - June 30, 1992**

During the Budget Committee meeting President Roark presented the proposed changes, additions and deletions to authorized fees, charges, refunds and deposits for the fiscal year beginning July 1, 1991. Provost Karnig requested clarification from the Trustees on the implementation of the post-baccalaureate student fee and the fees for Pharmacy students. Trustees confirmed that it was the intent that the post-baccalaureate fee be assessed all post-baccalaureate students except those formally enrolled in another baccalaureate degree. Trustees also confirmed that it was the intent that full-time resident Pharmacy students be assessed an additional fee equal to 25 percent of tuition charged to resident undergraduate students; that currently enrolled third, fourth and fifth year non-resident pharmacy students not be assessed any additional fee over the non-resident tuition and mandatory fees; and that a \$750 per semester additional fee be assessed to students who enter the pharmacy program as full-time third-, fourth-, or fifth-year non-resident students in the summer or

fall of 1991, and thereafter.

Based on a recommendation from the Budget Committee, Mr. Bussart moved approval of the proposed Fees, Charges, Refunds and Deposits, University of Wyoming, July 1, 1991 to June 30, 1992, as included in Enclosure 3, ivory, to be effective July 1, 1991, unless otherwise indicated. The motion was seconded by Mr. Schutte, and it carried.

Approval of Contracts and Grants, Gifts and Scholarships

Based on a recommendation from the Budget Committee, it was moved by Mr. Bussart, seconded by Mr. Updike, and carried, that the Trustees of the University of Wyoming accept contracts and grants in the amount of \$2,115,580 for the period November 17, 1990, through December 28, 1990.

Based on a recommendation from the Budget Committee, it was moved by Mr. Bussart, seconded by Mr. Mickelson, and carried, that the Trustees of the University of Wyoming accept gifts and scholarships in the amount of \$327,871.92 for the period November 17, 1990, through December 28, 1990.

December Financial Report

The financial report for the six month period ending December 31, 1990, was provided to the Budget Committee for information only.

Update on Advance Payment of Higher Education Costs Program

As a matter of information, Vice President Baccari provided the Budget Committee with a report on the State of Wyoming Advance Payment of Higher Education Costs (APHEC) program, which was created in 1987 by the Forty-Ninth Wyoming State Legislature. APHEC is a State program administered jointly by the State Treasurer, Executive Director of the Community College Commission, and the University of Wyoming.

The APHEC program allows purchaser's to purchase contracts for future students for attendance at any of the seven state community colleges and/or the University of Wyoming. Full four-year plans are available for children through age seven.

APHEC covers the purchase of a package which includes tuition, mandatory fees, room and board, and requires a lump sum payment with the purchase price being due at the time of purchase. A number of purchasers have been able to establish monthly payment plans by borrowing the purchase price from a financial institution, utilizing the contract as collateral for the loan.

The statute does not allow or provide for other options to be made available under the program.

The financial condition of the program as of January 8, 1991, is reflected in the statement below:

Legislative Update

President Roark reported to the Budget Committee on the Joint Appropriations Committee hearing held on January 14. He stated that the hearing went well, and there was a lack of hidden agendas and a lack of recommendations on how to manage the University. President Roark noted that the JAC had good questions, and it appeared there is a willingness to work with the University. Since the hearing, the administration has provided information requested by the JAC and will continue to do so.

Resignation

The following resignation was acknowledged by the Trustees:

- a. Donald F. Parker, Dean of the College of Commerce and Industry and Professor of Business Administration, May 11, 1991.

PHYSICAL PLANT
AND EQUIPMENT COMMITTEE

President Sharratt called on Chairman Jorgensen for a report from the Physical Plant and Equipment Committee meeting held on January 18. Committee members Jorgensen, Kirk, Mickelson and Updike and ex-officio members Sharratt and Roark attended the committee meeting, along with other Trustees and University staff. Based on the committee meeting, the following recommendations and reports were presented to the full Board.

City of Lyman Lease Extension

A request from the City of Lyman to extend its current lease on University of Wyoming property in the Lyman area through March 31, 1992, was tabled until the February meeting. City of Lyman officials will be invited to attend the Physical Plant and Equipment Committee meeting to discuss their intent and plans for the property and their perceptions of what the Trustees may be willing to do.

Fraternity and Sorority Beautification Plan

At their July 14, 1990, meeting, the Trustees passed a motion directing the administration to initiate discussions with the Interfraternity Council and the City of Laramie towards arriving at a master plan for organized parking and screening of the back of the fraternities and sororities by the end of the year.

Vice President Baccari reported to the Physical Plant and Equipment Committee the progress that has been made to date by the Fraternity/Sorority advisor, the Interfraternity Council, the Panhellenic Council, the Division of Physical Plant, and the Facilities Planning office to develop a plan for maintaining the "backyard" areas of the fraternity and sorority facilities in a pleasing and neat appearing manner. A proposed "Policy Regarding Maintenance of Fraternity/Sorority Chapter Grounds and Adjacent Garbage Areas" was presented for the information of the Trustees.

In addition to developing the maintenance policy, the organizations had the charge to propose those architectural and landscaping additions for the rear areas of the chapter houses as would facilitate additional privacy, create a continuity for the length of each chapter row, and provide an overall enhancement of the areas. This matter is still in process. Modifications and additions such as shrubbery behind the fraternity row is complicated by the presence of a heating maintenance tunnel. Facilities Planning and fraternity representatives need additional time to consider workable options suited to this situation. Behind sorority row there is a desire to perhaps develop a sidewalk along the north side of the street and create uniform parking areas. However, this will first require creating uniform property lines behind the sororities. This matter will be pursued during the 1991 spring semester.

The final plan for enhancement of these areas will be presented to the Trustees after these latter matters have been

resolved.

Update on Regulated Materials Management Facility

Vice President Baccari provided an update to the Physical Plant and Equipment Committee on the cost to construct the Regulated Materials Management Facility. The additional cost just to complete the hazardous waste phase of the facility will require \$1.6 million in addition to the \$1 million that was appropriated by the 1990 Legislature for the project.

This additional requirement has been factored into the University's revised budget request for capital construction, and it is proposed at this point that this difference will be funded by the issuance of revenue bonds.

Progress Report and Change Orders

As a matter of information, the progress reports and change orders on current construction projects were provided to the Physical Plant and Equipment Committee.

INVESTMENT COMMITTEE

President Sharratt called on Chairman Brown for a report from the Investment Committee meeting held on January 18. Committee members Brown, Bonner and Jorgensen and ex-officio members Sharratt and Roark attended the committee meeting, along with other Trustees and University staff. Based on the committee meeting, the following report was presented to the full Board.

Quarterly Report, University Investments

A quarterly report on the status of the University investments, excluding the W. R. Coe and Charles Chacey Kuehn Estate funds, as of December 31, 1990, was provided to the Investment Committee for information only.

COMMITTEE OF THE WHOLE

Telecommunications Update: KUWR-FM Radio and Compressed Video

Associate Provost Ken Griffin and Lyle Mettler, Director of Instructional Telecommunications, reported that the University of Wyoming had been working with the State Telecommunications Office to provide a broad system of educational, cultural and informational programming to Wyoming residents statewide.

The expansion of KUWR-FM was identified as a University priority in Agenda 2000, and has been supported by individual groups on and off-campus. During 1990, a phased plan was been developed by the Division of Instructional Telecommunications Services (DITS) to expand KUWR-FM broadcast capabilities.

The phased plan is a four step process, including:

1. The University will install and activate a broadcast transmitter on Boysen Peak (now in progress)
2. The State of Wyoming Telecommunications Office will construct a backbone microwave system and two full-power transmitters. DITS will move its KUWR-FM feed from Boysen Peak onto the state system.
3. The Telecommunications Office will add two additional transmitters to broadcast the KUWR-FM signal.
4. Two additional KUWR-FM transmitters will be added to the microwave system and additional translators will be constructed to fill in unserved areas.

The cost for the transmitter on Boysen Peak will be approximately \$85,000, with a \$5,000 annual operating cost.

Dr. Griffin explained that if UW was to complete the project, the total cost would require approximately \$350,000 in state and \$1,000,000 in federal funds, with a completion time of 18-24 months. Operating costs could be expected to average \$130,000 annually.

The University of Wyoming will participate in the state's plan to use a common microwave network to deliver public radio and television signals around the state. KCWC-TV in Riverton will expand its coverage so that lower division courses can be offered.

Trustees were provided with maps outlining proposed coverage areas, and expressed concern that substantial areas of the state would not be covered by the network system. Larry Stolz of the State Telecommunications Office said that even though the maps did not include all areas of the state, transmitters and translators could be added as needed if funds were available.

Mr. Stolz indicated that professional engineers would be contacted to work out details of the proposed state microwave project. Both Colorado and Utah have microwave systems, and his office has been consulting them. He anticipated that the entire project would be completed in five years.

The University is involved in two pilot programs utilizing interactive compressed video via AT&T. Western Wyoming College

in Rock Springs and the UW-Partnership program in Gillette are offering instructional programs this spring. Interactive compressed video in Wyoming was created with the 10 partnership school districts in mind, with the possibility of expanding to other areas in the future.

The State Superintendent Voting as a Member of the Academic Issues Committee

The question was raised at the December, 1990 Trustee meeting as to whether ex-officio Trustees serving on a committee were voting members when assigned to the committee. Special Assistant to the President David Baker researched this question, and reported his findings to the Committee of the Whole. Mr. Baker stated that the Academic Issues committee was formed in 1981. Prior to that time there was an ad hoc committee which met informally. The Superintendent of Public Instruction was assigned to the Academic Issues Committee, which is strictly a recommending committee. The Constitution states that the Superintendent of Public Instruction has a right to speak but not to vote. After discussion, Ford Bussart moved that an amendment be made to the Bylaws of the Trustees so that the Superintendent of Public Instruction have a vote on the Academic Issues Committee. Dr. Miracle amended that motion to state that "all ex-officio members be allowed to vote on any committee to which there are appointed."

President Roark said the he felt it was inappropriate for the President to vote because of his unique position in relation to the Board. Some Trustees felt that Trustees were appointed to conduct the business of the University, but ex-officio members were not, and therefore should not be allowed to vote. After further discussion, and on a vote of hands, the motion failed.

Preliminary Cost Estimates for Staffing and Operating the New American Heritage Center/Art Museum

David Baker, Special Assistant to the President and Interim Director of the American Heritage Center, advised Trustees of new cost estimates for staffing and operating the American Heritage Center/Art Museum. Mr. Baker said that cost implications for moving into the building with a full time staff are projected to require an additional \$166,731. The Anaconda portion is reducing its previous deficit at the present time, and will be fully self-sustaining when it is in the new building. The building itself and the Center's programmatic needs have been scaled down to stay in line with the amount of money appropriated.

Charles Guerin, Director of the Art Museum, told Trustees that the annual estimated cost would be approximately \$668,000. The art museum will be able to provide more educational programs and outreach services. Thirty to forty exhibits will be presented each year. Revenue enhancements being considered are the sales shop, which could bring in revenues of \$20,000-\$25,000/year, the possibility that the fee structure could be

increased, and continued private fund raising. At the present time, fund raising accounts for \$30,000-35,000/year. Mr. Guerin also said there was a possibility that the Institute of Museum Services would provide funds in the future.

**COLLEGE AND UNIT PRIORITIES
FOR FUND RAISING**

Trustees were presented with the first draft of constituency-based fund raising priorities for the University of Wyoming. President Roark indicated that hard cost estimates and a case study would be made for each project, followed by a feasibility study. Every effort will be made to ensure that donor lists do not conflict. President Roark assured the Trustees that there would be no fund raising for capital unless the Board approved the project.

UNFINISHED BUSINESS

Trustee Jorgensen suggested inviting the Association of Governing Boards to present an orientation to new Trustees. This would be in addition to orientation provided by UW Trustees and administration. Availability and cost will be determined before the next meeting.

NEW BUSINESS

Staff Council Chairman Kirk Brown reported that he and the Executive Committee of Staff Council had met with members

of the University administration recently, and felt comfortable with that meeting.

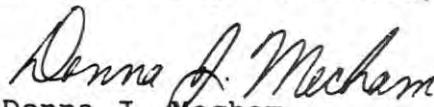

Trustee Bonner requested that a status report on the Copper Bowl be brought to Trustees at their next meeting. Vice President for Development, Alumni Relations, and University Relations Peter Simpson will report to Trustees. He is waiting for further communication from Foundation contacts and for the remainder of the billing to arrive.

Trustee Updike made a motion that the February 15-16, 1991 meeting date be changed to a weekend when there was a basketball game scheduled. Trustee Schutte seconded the motion. Following discussion, a vote on the motion failed. Trustee Updike asked that consideration be given to scheduling future meetings around games if possible.

ADJOURNMENT AND DATE
OF NEXT MEETING

Trustees adjourned to Executive Session to discuss litigation and personnel matters at 9:40 a.m. Trustee Sharratt announced that the next meeting would be held on February 15 and 16, 1991 unless the amount of business would allow the meeting to be held in one day.

Respectfully Submitted,

Donna J. Mecham
Deputy Secretary

ENCLOSURES

MINUTES
CONFERENCE TELEPHONE MEETING
EXECUTIVE COMMITTEE OF
THE TRUSTEES OF THE UNIVERSITY OF WYOMING

January 9, 1991

A conference telephone meeting of the Executive Committee of the Trustees of the University of Wyoming was held on January 9, 1991 at 9:45 a.m. with committee members Ford Bussart, Perry Dray, Bryan Sharratt, Mike Schutte, and David W. Updike participating. University of Wyoming President Terry P. Roark and Vice President for Finance Dan Baccari also took part in the meeting.

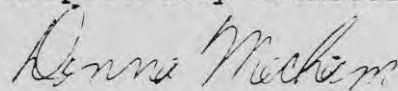

President Roark and Vice President Baccari requested the conference meeting to obtain approval of the purchase of a piece of property located in the 1200 block of Lewis, directly behind the Agriculture building. The purchase would allow for continued acquisition of property north of the university. Pending approval by the Executive Committee, it would be brought before the full Board at the January 19, 1991 meeting.

Trustees approved acquisition of property at 1201 Lewis in May of 1990, which encompassed 1/2 block. The house on that property was moved recently. The woman who owns the adjoining 1/2 block approached the University about buying her property. Mr. Baccari indicated to her that UW would be interested if it were offered at appraisal price. The property was appraised at \$35,000, and the owner expressed willingness to sell at that price. Mr. Baccari said that money was available in the Physical Plant reserve fund.

Ford Bussart moved approval of the property purchase subsequent to ratification by the full Board. The motion was seconded by Trustee Updike and it carried.

There being no further business to come before the committee, the conference telephone meeting was adjourned.

Respectfully submitted,

Donna J. Mecham

Progress Report - University Studies Program/ and
Status of Science Courses

University Studies Program

During the 1990 Fall semester, 150 courses were approved as meeting criteria for the University Studies Program. New courses developed and approved included the new Freshman orientation course, University Studies 1000, and several new courses in Writing, Mathematics and Quantitative Reasoning: Category C, and Science. Forty faculty and professional staff have volunteered to teach the new freshman orientation course. Training will be conducted in May and August. At this point, the University Studies Program is progressing according to schedule, with full implementation for the entering 1991 freshman class.

Status of Science Courses

Because of the potential impact of 500 - 600 Business Administration and Accounting students who have not previously taken courses which qualify for University Studies courses in Science, careful attention is being given to the number of spaces available for students in approved Science courses. Responses to this potential impact are being developed in two ways:

1. By providing a greater variety of choices among Science courses through participation of Colleges outside of Arts and Sciences; specifically, the Colleges of Agriculture and Engineering. Examples of introductory Science courses approved in Agriculture are Introductory Entomology, and Introductory Soils. From the College of Engineering, the Department of Atmospheric Science will offer Introduction to Meteorology.
2. By developing new Science courses. Examples of new courses currently in the process of development are:
 - (1) Biodiversity, from the Department of Plant, Soil, and Insect Science
 - (2) Introductory Molecular Biology, from the Department of Molecular Biology, and
 - (3) Global Climate Change, from the Department of Atmospheric Science.

The additional courses offered, in combination with the new courses, are expected to provide approximately 300 new spaces. Moreover, cooperative efforts between the College of Arts and Sciences and the College of Education have produced new courses in the Biological, Earth, and Physical Sciences for teacher education students.

The University Studies Coordinator, Judith Powell, will continue to work with departments campus-wide during Spring 1991 to develop additional Science courses. An assessment of available slots for Fall 1991 will be made by no later than May 1, 1991. If additional sections of Science courses are needed, adjustments will be made before Fall 1991.

The Trustees may "(e)xpend the income placed under their control from whatever source derived, and exercise all other functions properly belonging to such a board and necessary to the prosperity of the university and all its departments" (W.S. 21-17-204).

The Wyoming Constitution directs that the "university shall be equally open to students of both sexes" and that the instruction furnished should be "as nearly free as possible" (Wyoming Constitution, Article 7, 16). The statutes also provide that "tuition shall be as nearly free as possible" (W.S. 27-17-105).

Section 2 of Chapter VIII (STUDENTS) of the Regulations of the Trustees stipulates that "(a)ll student fees, charges, refunds, and deposits shall be fixed by resolution of the Trustees and shall be published in the appropriate University publications."

School of Human Medicine

Fees, Charges and Deposits (methodology)

The Family Practice Centers maintain a formal fee schedule for physician services based on a relative value scale. A relative value guide correlates the difficulty of performing a certain procedure and the time it takes and then assigns a unit value to the procedure. There are over 7,000 procedures listed in the Relative Value Scale and each procedure has a unique code associated with it as well as a unit value. The fee to be charged for the procedure is obtained by multiplying the unit value by a conversion factor. The conversion factor used at the Family Practice Centers is updated once a year by reviewing the charges of other family practice physicians in the community. The average conversion factor for the family physicians is calculated and the fees are adjusted to correspond with the median office fees in the community. In the past, the current economic condition of the community and the impact of raising fees would have on the indigent and lower income patients have been taken into consideration.
